Municipal Record

ONE HUNDRED EIGHTEENTH COUNCIL

LOUIS MASON, JR. President

LOUIS C. DINARDO City Clerk

MICHAEL A. PERRY Ass't. City Clerk

Pittsburgh, Pa.

Monday, January 7, 1974

In accordance with the provisions of the Act of Assembly of the Commonwealth of Pennsylvania, approved May 31, 1911, the Members-elect of the Council of the City of Pittsburgh, together with those holding over, convened in the Chambers at 10:00 o'clock, A.M. (D.S.T.)

The Council was called to order by Louis C. DiNardo, City Clerk, who acted as Chairman Pro tem of the meeting.

Mr. DiNardo (Chairman Pro tem)

This being the day and hour fixed by the Act of Assembly for the organization of the Council of the City of Pittsburgh, the one hundred eighteenth Council will be in order.

Mr. DiNardo:

I appoint Mr. Coyne and Mr. DePasquale to escort Mayor Flaherty into the Council Chambers.

Mr. DiNardo:

We will remain standing for the pledge of allegiance.

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

Mr. DiNardo:

We are honored this morning by the presence of Reverend Bruce E. Bryce of the South Hills Association of Churches, who will offer the prayer of invocation.

Reverend Bryce:

Almighty God, thank You for people; the people who lead our City; the people who are served; the people who try to make our town Someplace Special.

Thank You for the successes which have made Pittsburgh grow and thank You as well for the failures which have taught us in realizing we can do nothing on our own, and that is why we call upon You for Divine guidance.

We pray for these Councilmen being installed this day that they are to be sensitive to the needs of our community. Give them courage, when they discover the needs of the City are not in accordance with majority desires, and then bestow upon them the courage of their convictions.

May the tension that arises from differences of opinion breed courage and growth rather than mistrust and immaturity. Give them keen minds, honest hearts, healthy bodies, pleasant nature and sense of humor, love for the unlovely, compassion for the unfortunate, firmness for those who take law lightly, respect for each other, and discipline for themselves.

May Thy presence be sincerely felt in this hour. We ask it in Thy Name. Amen.

Mr. DiNardo:

After I read each Certificate of Election will the Councilman-elect, and the judge chosen to administer the oath of office, approach the podium.

The Chair presented

The Chair:

The Clerk will call the roll.

And the roll having been called, there were present:

Miss Ballinger	Mr. Lucchino
Mr. Caliguiri	Mr. Lynch
Mr. Coyne	Mr. Mason
Mr. DePasquale	Mr. Stone
Mr. Kamyk	

Mr. DiNardo:

The first order of business is the nomination and election of a Member of Council to serve as President for the ensuing term.

Mr. Kamyk

Mr. City Clerk, I place in nomination for City Council as its President, the name of Louis Mason, Jr.

Mr. Mason has been well educated and received his Bachelor of Science degree in the University of Minnesota in 1940; had special studies at Duquesne University and received his Master of Arts degree from the University of Pittsburgh in 1950.

Before he became a Councilman, he had quite a bit of service in City government. From 1945 to 1948, he served as Assistant Director of Urban League of Pittsburgh's Industrial Relations Department. From 1948 to 1953, he served as Director of the Industrial Relations Department of Urban League of Pittsburgh. From 1953 to 1956, he was Deputy Administrator for the Fair Employment Practices Commission of Pittsburgh. From 1956 to 1962, he was Deputy Director of the Mayor's Commission on Human Relations, and from 1962 to 1967, he was Executive Director of the Mayors Commission on Human Relations.

In 1967, he became a member of City Council and in 1970, he was elected President of City Council.

So, you see, he is well qualified to be re-elected as President of City Council for another two years. I have great faith he will serve us well. Being the President, he has more duties and more responsibility than all the rest of us. He did this job well and I believe he is entitled to be renominated and re-elected as President of this City Council.

I am happy to place in nomination the name of our past president, Councilman Louis Mason, Jr.

Mr. DePasquale:

It gives me great pleasure, Mr. City Clerk, to second the nomination of our President, Mr. Louis Mason. Councilman Kamyk put it rather well in stating that Mr. Mason, has served the City of Pittsburgh for the past 25 years. I have been most impressed my past two years in Council with the way he has handled matters in Council. We have had our differences, certainly, but Mr. Mason has always managed to calm the waters. He is a man I look up to; I think all City Council does, and I believe the City of Pittsburgh does.

I repeat, with tremendous pleasure, I second the nomination and hope he will serve the next two years.

Mr. Kamyk moved

That the nominations for President of Council be closed on the name of Louis Mason, Jr.

Which motion prevailed.

The Chair:

Roll call on the nomination.

And the roll being called, the ayes were:

Miss Ballinger	Mr. Lucchino
Mr. Caliguiri	Mr. Lynch
Mr. Coyne	Mr. Stone
Mr. DePasquale	
Mr. Kamyk

Mr. DiNardo:

Will Mr. Mason, Jr. please approach the podium.

The Honorable Thomas G. Harper, Judge, Court of Common Pleas of Allegheny County, Criminal Division, administered the Oath of Office as President of Council to Louis Mason, Jr.

Mr. DiNardo:

Members of Council, ladies and gentlemen, may I present the President of Council, Louis Mason, Jr.

Mr. Mason:

Mr. Mayor, Mr. Clergymen, all the judges.

out there and members of the House of Representatives, United States Congressman Moorhead—I can't call all the names—Mr. McGrady, my colleagues in Council, it is indeed a pleasure to welcome you here to this very auspicious occasion. Not my election, but the swearing-in of the new City Councilmen, to help make our City grow as we would like to see it.

I understand some of my newly sworn-in colleagues wish to make some remarks so I would rather depart from normal procedure and ask you to favor a resolution which I would present to you now.

The Chair presented

Bill No. 6

WHEREAS, Patrick T. Fagan served the City of Pittsburgh for nineteen years (1949 - 1968) as a Member of City Council, six of those years being President of Council; and

WHEREAS, prior to his service on City Council he was one of the outstanding leaders in the organized labor movement in the country. In his early years with the United Mine Workers he was one of the flaming Crusaders who brought leadership to a union then in its infancy. He worked tirelessly on behalf of the men who went down in the mines to toil under the most hazardous conditions, because he did the same kind of work.

After a defeat at the hands of the Coal Operators he uttered the words that epitomize his spirit and character, "The blade of my sword is broken but I will fight with the hilt in my hand because our cause is just and we must win in the end." After that defeat the United Mine Workers went on to become one of the great unions in the country.

WHEREAS, during World War II Mr. Fagan was asked to serve on the War Labor Board; from 1937 - 1939 he served on the State Labor Relations Board; and was also Area Director of the War Manpower Commission for Western Pennsylvania; and

WHEREAS, Pat Fagan was a noble and dedicated public servant and his years in public life are a shining example for good, honest and clean government; those who worked for, and served with, affectionately called him "Uncle

Pat." He was a faithful husband, a devoted and loving father, a great American and a gentleman in every respect. Pat Fagan was a devout Catholic and he was a member of various religious charitable and fraternal organizations; and

WHEREAS, the Mayor and the Members of City Council, knowing his ability, his devotion to all public matters and the nobility of his character, desire to formally record upon the official Minutes of the Council of the City of Pittsburgh a tribute to his memory.

NOW, THEREFORE, be it

RESOLVED, That the Mayor and the Members of the Council of the City of Pittsburgh extend their sincere sympathy to the bereaved family of Patrick Thomas Fagan; that this resolution be spread upon the Minutes of Council; and that a copy be forwarded to his family.

Miss Ballinger:

Honorable Judge (S)

Honorable Commissioner (S)

Honorable Mayor Flaherty

Honorable Colleagues

Relatives and Friends

Ladies and Gentlemen:

I have just taken my third Oath of Office as a Member of the Council of the City of Pittsburgh, and frankly, while I have taken on many roles and responsibilities in my lifetime, never in my wildest dreams did I ever see myself as a senior statesman in City Government in Pittsburgh.

Each time as I prepared to take this oath and I looked at the responsibility I have accepted, the challenge ahead has appeared different, and it is this difference I would like to speak briefly about today.

City Council has just concluded its work on the 1974 Budget. I must admit there are members of Council who, because of their years of experience in city government or the business world, are more expert in this particular phase of our work than I, and for their special efforts I wish to thank them.

But there is also a phase of City Council's work in which I believe I am particularly qualified, and that is my ability to move about the City in my own informal manner, talk to the people in their communities, in a language they understand, and extract from them their needs and hopes and desires.

We are at a time in the history of our country, where the people are questioning the government, and the government better be questioning itself — Are we as members of city government doing what we are being asked to do?

What do the people ask for — their requests are simple. It is we, in government, who fail to respond in an honest and open way.

Of course, the people want clean streets, without pot-holes, efficient garbage collection, an effective Police and Fire Department. In fact, all city departments operating without waste or inefficiency, that's obvious.

But they talk about more than that. They say to me, "Where is the city going, Amy? Is it going to hell?" What do they mean by this? These are simple working-class people. They don't have the time or the inclination to attend public hearings or belong to fancy conferences, or join up with the college-trained "Citizen Groups." But what they are asking — is Pittsburgh in some kind of economic trouble, because they don't see the activity that means jobs and economic security. They look around their own neighborhoods, the young people, and their friends who were financially better off, have moved to the suburbs or out of town entirely.

The neighborhoods continue to go downhill little by little. No new housing and the old little shopping district is disappearing. They don't know if it pays to keep up their own house; can they ever get out what they put into it; will their kids want to continue to live there.

Whether the Mayor and City Council want to believe it or not, the people are looking to us to help out with the problem. Where are our plans for each Ward in the city, and the planners to do the work?

So many of them are older people. Aren't we obligated to provide the best possible in the way of emergency medical vehicles and trained personnel when that heart attack occurs. Let's not make a mockery out of services for the elderly, but let's establish a proper department

with personnel and a budget to reach out and touch the lives of people who need help.

It looks like the money the Federal Government will spend to help city people is going to go through our city treasury. Most of it directly to our Mayor. I would hope that the views of City Council would be sought out and considered by the Mayor as he develops these programs. Our regular Monday morning sessions that I so looked forward to when I first entered City Council is hardly a working session anymore.

So — my goals are clear. To try to move city government beyond its present role as a housekeeper, to a higher purpose as the Champion of the Underdog by seeking out the funds and by being the promoter of the Supportive Services this city can provide its citizens.

As I look around the room I see so many people who have been so good and so kind to me through the years — and to whom I am so grateful for their help. I hesitate to begin to name you all for fear I will miss someone, but let me at least introduce the members of my family who are here today.

My husband, Carl Beatty. How he ever puts up with me, I'll never know.

My sister, Marie Ballinger. My brother, Michael Ballinger and his wife Mable.

And then, my friends: Sam Begler, Personnel Secretary to the Governor and I have been Den Father and Den Mother for some 35 years so we understand each other. Cliff Gaus, my campaign manager. Mrs. Meta, my friend and neighbor who serves me coffee every morning. Kay Federici and other secretaries.

My heartiest thanks and I hope we have another good year in 1974.

Mr. Coyne:

Reverend Clergy, Honorable Judges, Fellow Council Members, Mayor Flaherty, Family and Friends, Ladies and Gentlemen:

I am pleased and honored today to be a councilman and take this opportunity to publicly thank the voters of Pittsburgh who elected me to this office.

There will be times when the people of this city — and more specifically the people who elected me to council — will disagree with my position on particular issues. This I expect! In

that regard, I call to mind the pertinent quote of a dedicated statesman made exactly 200 years ago, when he said the following: "Your representative owes you not his industry alone, but his judgment; and he betrays you — instead of serving you — if he sacrifices his judgment to your opinion." On that occasion I believe that Edmund Burke was making the point that politicians should refrain from taking the popular side of an issue because it is safe, rather than because it is correct. Because nothing that is morally unjust can be politically correct.

As a member of Council, I am not unmindful of the responsibilities that I assume. And among those responsibilities is that of determining our priorities. Priorities are imbalanced, I do believe, when one observes that in 1973 for every \$3,200 extracted by the Federal Government from the average American household, only \$64 was earmarked for community development and housing. It is my hope that inconsistencies such as this, once recognized, will occupy this Council's deliberations. Because as surely as this Council will be expected in 1974 to appropriate funds for a 1975 budget, federal monies will be a necessary part of that budget.

Much progress and renewal has taken place as a result of cooperative municipal and business leadership in this city since its inception. Bearing in mind that our geographical location and other assets can work to our advantage. We should rekindle that same spirit of cooperation and growth. For it is my belief that our ultimate aim is to attain a higher quality of life for all of our people — a true caring for one another.

Can anything else be more important?

Thank you!

Mr. Lucchino:

Reverend Clergy, Mr. President, Mayor Flaherty, Ladies and Gentlemen:

Good Morning!

It has been a long and in many ways a difficult struggle, to reach this particular podium today to earn this opportunity to speak to you. I remember very vividly many months ago, when the Spring campaign was just beginning to heat up. As difficult decisions began to present themselves, I remember telling my wife, Bobbie, that no matter what, I would rather be right than councilman. She said to me, "Frank, don't worry. You may never be either one!"

More seriously, it would be wrong to go on any further in these brief remarks without first

acknowledging the extraordinary support I received from my family and friends, many of whom I see here today. Despite my previous comment, my wife, Bobbie, was a constant source of support and good judgment. I won't attempt to name the other members of my family, but I must acknowledge the assistance of my brother, Larry, who gave up so much of his time and worked so hard as my campaign manager. The others, of course, know who they are and to them I say, sincerely, proudly and publicly—Thank you.

As this may be one of the very few opportunities that I will have to publicly address the other eight members of council, I would like to direct the following remarks to you — my colleagues. First of all, as a member of Council I intend to exercise my best judgment, to vote my conscience and to treat each of you candidly and with respect. We are all aware that I have taken a different path to becoming a member of this body. I don't feel that will in any way affect my ability to work with you, and I trust that will not affect your ability to work with me in our common aim to promote the best interests of our city. More important than winning any election is helping to govern this city—that is the real test and it lies before us. As we deliberate and discuss the issues at hand we would do well to remember the words of Mark Twain, "Thunder is good, thunder is impressive, but lightning gets the work done."

Secondly, I come to Council with the experience of a lawyer which required that while I strongly oppose my adversaries on an issue, I must always be prepared to reasonably discuss the dispute.

It also required in another situation, that I be flexible enough to become a strong ally of a former opponent when our positions coincided. I am hopeful that my relationship with each of you will be characterized by this same blend of flexibility and reasonableness.

Similarly, the checks and balances of our Municipal Government requires that the Mayor and Council deal with each other in this same manner — with flexibility and reasonableness. I note that the Mayor is here this morning. All through the campaign I was asked, "How will you get along with Pete?" I occasionally tried to be glib and asked them instead how Pete would get along with me? But, more often, I gave the questioner only answer that makes any sense: I intend to vigorously support the Mayor and his policies — when I believe he is right,

and to oppose him with equal vigor when I believe another position is in the best interest of the city. And at all times during what I hope will be a productive give-and-take with the Mayor's office, I intend to assert the integrity and responsibility of City Council as an important body in our City Government.

I would like to address a few remarks to my constituents — the people I was elected to represent. I promise you only hard work, an open mind, and my best judgment. I intend to vote my mind on the merits of individual issues, and to give you my best personal and professional efforts.

In closing, I would like to say that I believe in Pittsburgh, the people of Pittsburgh and the ability of the people of this City to work with the Government to improve the lives of Pittsburghers and to provide for the growth and progress of our City. I'm a proud Pittsburgher - proud of its ideal size, proud of its physical beauty, proud of its blend of people and more importantly - proud of its potential as a great American city. It is time we **STOOD** up and spoke about this, while also **SITTING** down to work, to insure that our City is recognized to be the outstanding place it is.

Finally, I would like to say that the way I intend to measure the political life I am beginning today, when it is all over, will not be by its length, but by its integrity.

Mr. Lynch:

Mr. President and ladies and gentlemen, I have been on Council for four years so I will forego a formal presentation this morning. I have been known to speak up in the past and thanks to many of our citizens, I will have an opportunity to speak for the next four years. However, I would wish to introduce my family and close friends:

My wife, Eileen. I have my son, Kirby (John Kirby), my oldest; my daughter, Maura; my daughter, Nancy; my daughter, Patty (Patricia); my son, Kieran; my aunt, Mrs. Place and my brother-in-law, James King.

This illustrates there are people around the City you can call among your friends and the last four years, I have had many friends. I would be remiss if I did not point out today, I am saddened with the departure particularly from this Council of Edgar Michaels who brought to this last Council a sense of integrity and hard

work. I would like the people in this room and of this City to acknowledge his work of the last four years.

I might say, four years ago, I pointed out a favorite expression of former President Kennedy that in the sweep of history, many times, one man can make a difference and that every man should try. I pledged that I would try to make a difference and thanks to the citizens of this City, I have four more years to continue to try.

Thanks, again.

Mr. Stone:

Reverend Clergymen, Honorable Mayor, members of City Council, governmental officials, other distinguished guests, ladies and gentlemen.

Permit me first of all, to acknowledge a "change of guard" on this City Council: First, to acknowledge and express a debt of gratitude to the departure of two (2) able, dedicated and devoted men, who end their terms of commendable service . . . to our City Mr. Edgar Michaels and Mr. George Shields.

Secondly, to welcome, two (2) new, youthful and able additions to this body . . . Mr. William Coyne and Mr. Frank Lucchino.

Permit me, publically, to state that I accept, with pride and honor . . . the rights, duties and responsibilities of public service, on this City Council . . . for the next 4 years, as mandated by the people of this City.

I accept . . . with the desire and intention . . . to do what I can to better Our City and to the benefit of the people who live within it.

On February 5, 1973, when I joined this Council, I stated then, and I now reaffirm that, in these days of complex problems, COOPERATION is of prime importance. I speak of Cooperation between the business world, labor and government. I speak of cooperation by government on all levels, regardless of political affiliation. I speak of cooperation of government with the local neighborhood and civic groups. In short Cooperation by and with everyone!

As this Council is again constituted, I am

still the only City Councilman living "South of the Rivers" — an area comprising 1/3 of our city's population.

These past 11 months, I have attempted to give that area a voice on this Council. Especially, was our voice evident, when the time needed to rennovate the Liberty Tunnels, was reduced from 4 years to 2 years.

That voice has not been, nor shall it be narrowly attuned or interested in that area solely, but rather, for the common good and goals of our ENTIRE City.

During my 11 month tenure on this Council, I believe that I have demonstrated a desire to learn, a willingness to listen, a curiosity to investigate, a forthrightness on taking issue positions, and the determination to pursue resolution of issues and problems; but above all . . . the ability to separate ISSUE from PERSONALITY; and to recognize the need for cooperation and meaningful exchange, to achieve the common goals and needs of our people.

Having now completed 11 months on this Council, it brings upon me the added responsibility to express even further, my stand on issue positions. This I shall attempt to do in the months to come.

I believe that my stand of issue positions, will be within the best overall interest and benefit of our great City.

IF by chance, my stand on issues, shall differ from views of others, let that difference NOT be interpreted ADVERSELY, for:

a) I have long been told . . . that two (2) heads are better than One (1).

b) I have long been told . . . that when 2 individuals agree 100% on everything, then 1 individual is rendered useless and unnecessary.

c) likewise, it shows that individuals are thinking, and that is as it should be.

Add to that . . . Our joint and mutual re-

sponsibility to cooperate and engage in open constructive and meaningful exchange. In this way. NO issue will remain unresolved, and no need of our people, will be denied.

I would like to express my congratulations to my colleagues and to add my expression of thanks . . . to all of you . . . who, today, honor us, by your presence.

In closing.

TODAY, according to the Julian Calander, is, Christmas Day, for the members of the Eastern Orthodox Church and faith. There are in excess of 100,000 persons of the Eastern orthodox rite in this area. I commend the Mayor for his acknowledgement and recognition of the day. To those who celebrate the birth of Christ today, I extend my personal wishes. . . . Peace of God . . . Christ is BORN!

I wish to introduce my family: my wife, Sally Stone; my brother, Nicholas Rade Stone; my sister, Martha Stanish; my nephew, Robert Stanish, my niece, Melanie Stanish; and Len Costa, my law associate.

Mr. Mason:

The Rules of Council, as they presently exist are hereby adopted, those Rules which we have carried forward from preceding Councils and subject to revisions as they have been made in the past.

I now present Mayor Peter Flaherty:

Honorable Peter F. Flaherty:

Reverend Clergy, President Lou Mason, public officials, honorable judges, members of Council newly sworn, ladies and gentlemen.

I think that all of the Councilmen newly elected have presented themselves here this morning admirably and I am looking forward to working with the new members of Council as well as the current members, in the best interest of the City.

I want to congratulate the new members of Council, and Louis Mason, who has been elected as President of Council.

Thank you, very much.

Mr. Mason:

As the next order of business, I wish to announce the appointment of Standing Committees:

Committee on Finance — John P. Lynch
Committee on Public Works — Richard S. Caliguiri
Committee on Public Service and Surveys — Amy Ballinger
Committee on Planning and Redevelopment — Robert R. Stone
Committee on Water — William J. Coyne
Committee on Parks, Recreation and Libraries — Frank J. Lucchino
Committee on Public Safety — Eugene P. DePasquale
Committee on Lands and Buildings — Walter T. Kamyk

MOTIONS AND RESOLUTIONS

Mr. Kamyk moved

COMMONWEALTH OF PENNSYLVANIA

County of Allegheny

CERTIFICATE OF ELECTION

We, the undersigned, members of the Return Board of the County of Allegheny, do hereby certify that at the Election, held on the sixth day of November, 1973, in said County

PETE FLAHERTY
was duly elected to the office of
MAYOR
CITY OF PITTSBURGH
in the County aforesaid.

Witness our hands and seal this twenty-eighth day of November, 1973.

THE RETURN BOARD:

Leonard C. Staisey
Thomas J. Foerster
William R. Hunt, M.D.

Board of Elections, Ex Officio, The Return Board
of Allegheny County

Which was read, received and filed.

The Honorable John J. McLean, Jr., Judge, Court of Common Pleas of Allegheny County, administered the oath of office, and Mayor Flaherty signed the oath.

Mayor Flaherty:

Four years ago I was faced with a choice to either retain the political and administrative traditions and practices of the past or to develop a fresh new approach with a new team to carry out our responsibilities to the people of Pittsburgh.

I chose the later course and I believe we followed through on our pledge.

That challenge, however, is by no means completed. Good government is not accomplished in four years. Like any progressive institution it requires constant upgrading and new and better approaches to the complex problems of urban life.

The results of May and November are a positive referendum by the people of the many issues that we faced.

These issues involved my positions on budgeting, taxes, City services, revenue sharing, State highways, forced bussing, mass transit, tax exempt institutions, patronage reform, reorganization of municipal operations, home rule powers and an elected School Board.

These issues are still very much alive in our City and I reaffirm my stand on each.

No City or governmental body can properly operate without the support and trust of the people.

In another sense, the recent mandate by our citizens confirms that we have their trust and confidence.

Perhaps this lobby is a symbol of what can be done to make our City a more attractive place to live, work and play.

Four years ago this was a gloomy place. The bronze pillars and ceiling have been restored and with flowers and piped in music it has been transformed into a park-like setting.

It is, I believe, symbolic of what can be done to restore the charm of this great City.

Shortly before I took office four years ago my predecessor stated that the City was broke and on the verge of bankruptcy. The same pattern was true in many other cities. It was necessary to take strong measures to place this City on sound financial basis.

Four years ago Pittsburgh was a City of high crime and tensions that result from personal insecurity.

In 1969 over 33,000 major crimes were committed against our citizens.

By 1973 this same figure was reduced to 21,800; a drop of forty percent in four years.

New street lighting has been installed throughout the City providing greater safety on our streets.

Today our downtown has been cited as one of the few major cities where it is safe to walk at night.

Four years ago downtown business was lagging there was fear in the streets and there was the competition in the large suburban malls that posed a threat to our department stores.

Our City Administration initiated a program with the department stores and City Parking Authority which now provides free parking to shoppers during evening hours and on Saturday.

Perhaps it was only a catalyst but today our downtown department stores are thriving and their upswing has a healthy effect on the entire downtown economy.

Restaurants, theaters and nightlife in Market Square has given a new zest to attract younger people downtown.

We have made more capital improvements than ever before with particular emphasis on improvements in our neighborhoods.

More are yet to come. During 1974 we will see the opening of two new million dollar ice rinks, a community theater and several new swimming pools, the first to be built in the City in twenty years.

The neglect of the past cannot be overcome in

four years and we will continue our efforts to modernize and update our City facilities and equipment.

Pittsburgh is a diverse City of industry, commerce, educational institutions and cultural centers.

Most importantly it is a City of people. A dynamic people from over twenty-nine ethnic groups. We still strive to find solutions to the many complex problems that affect all of our people — financial stability, safe streets, jobs, housing, recreational facilities, freedom from oppression and a place to raise our children while providing a meaningful life for citizens of every age.

Our housing stock is getting older and during the years ahead we must continue to explore and devise methods for attracting more housing construction.

Over the past four years we have had 3,800 housing starts.

We must take action to provide incentives for a high level of private investment in the City's future development.

Our senior citizens are people of pride and dignity. More low cost housing is needed for our elderly. This shall be a priority goal. The Glen Hazel high-rise for the elderly will be a step towards that goal.

The City shall place a high priority on the sale of tax delinquent properties so these properties can be utilized and placed back on the tax rolls.

We shall also begin a new form of "urban homesteading" which will offer houses now owned by the City to any family that will agree to rehabilitate it and live in it.

Another priority goal shall be to seek state legislation which will enable the City to grant three years of tax exemption on the construction of new residential properties. This will provide an attractive incentive to private investors and developers to construct housing within the City of Pittsburgh.

We want to keep more of our young people from moving away. We want to stem the great losses in population that this City suffered in the decades of the fifties and sixties.

Jobs are needed if we are to keep our population diverse and stable.

Progress is beginning to take place.

First we have taken steps to make our tax base

more attractive. By sound fiscal management we have over the past four years stopped the spiraling tax increases that were imposed on business and residents during the sixties.

During the sixties our taxpayers were bombarded with tremendous tax hikes.

The earned income tax was doubled and real estate taxes, water rates and business taxes soared.

For four years we have done our best to reverse this trend. Pittsburgh has done what other cities have been unable to accomplish and we are now recognized as a City that has gone against the tide in an era of rising taxes.

As we begin 1974 unemployment in the Pittsburgh area is down to 3.6 and is well below the national average, and it is estimated that more than 5,000 more city residents have jobs today than at this time last year.

The economic outlook for the future has been clouded by the energy cutbacks.

While I recognize the possible future impact by the curtailment of gas and oil, I believe it is incumbent not to accept the entire public relations campaign of gas, oil and the utility companies.

As Mayor of this City I am at present opposing an increase in electricity rates of 30 percent that has been requested by Duquesne Light Company and goes far beyond the cost of living for the people of Pittsburgh and Allegheny County.

I believe it is also essential to seek out solutions to the exorbitant and excessive increases we are now beginning to receive in our gasoline and oil prices.

It will be necessary to closely scrutinize those who use the energy crisis as an excuse to manipulate higher prices on our citizens.

The special interests have professional staff, public relations advertising and highly paid lobbyists to achieve their goals.

The taxpayer has to place his trust in his elected official. We must do more to respond to him. We must be his advocate and make it our goal to protect the public interest rather than serve the special interests.

Our Administration has been and will continue to be one which is willing to risk making changes and pursuing progress for this City which favors the interest of our people over any special interest.

The support and encouragement I have received from the people of Pittsburgh has demonstrated that this is the right direction and the proper course for our future.

Benediction by the:
Reverend Duane Darkin

And the hour of recess having expired, Council reconvened.

Which was read.

Mr. Caliguiri moved

The adoption of the Resolution.

Mr. Lucchino

Mr. Mason, it seems to me, in the last four years, one of the problems that had arisen was as to who represents the City of Pittsburgh legally and it is my understanding, this Council has to

rely on the opinion of the City Solicitor. It seems to me, it would be well worth it for this Council to inquire into Mr. Lynch before reconfirmation at a hearing as to his philosophy as to whom he represents—the City as a whole or if he feels he represents the Mayor, or this Council.

I would, for that reason, think this matter should be held. I think it is too important.

Mr. Lynch:

I would concur with Mr. Lucchino's remarks. However, the fact is, as I understand the interpretation of the City Charter, Mr. Lynch does not really need the approval of Council. I understand reconfirmation is automatic and this is just a courteous confirmation. In point of fact, we don't get another reconfirmation, as I understand the interpretation of the City Charter.

Mr. Lucchino:

I understand that. The only question is, my research into the issue of City Solicitor shows the City Solicitor is appointed for a term of years rather than appointment to serve as other department heads are appointed. That being the case, the Charter appears to be somewhat inconsistent. One, he is appointed for three years and another time, due to the Act of 1911, it says the Solicitor is appointed for four years. That is different from other heads of departments, who serve during the term of the Mayor. I think that makes a distinction in the case of the City Solicitor and I may ultimately vote to confirm Mr. Lynch, but I think there should be inquiry made.

Mr. Stone:

In view of those remarks, I think it is a re-statement of what was actively been in practice. The truth is, everybody questioned whether the City Solicitor represents the Mayor solely or represents all parties on a fair and equal basis. In view of these remarks, I think maybe it is time to ascertain and determine that matter now. I join in his motion. Not necessarily for the same reasons, but before we put a stamp of approval on it, I think we should go through this.

Mr. Caliguiri:

Mr. President, in view of the previous remarks, I withdraw my motion to approve and would ask the City Solicitor be asked to come before us.

Mr. DePasquale:

I don't see the sense in the whole thing. We have talked here for the last two years of getting our own attorney and have done nothing. We were

told by the Legislator it is a mere matter of contacting Mr. Geisler and they would put the bill in the hopper. Nothing is going to come of it and I don't see any sense in bringing in any investigation. However, I will withdraw my second with objections.

Mr. Lucchino:

I move that before Mr. Lynch is confirmed, this Council have a hearing at which Mr. Lynch would appear and be subject to inquiry.

Mr. Stone:

Second the motion.

Mr. Caliguiri:

Along with that, I would like to see the actual responsibility of City Council. Do we, in fact, take and need a formal vote? If so, exactly what kind. It was indicated here that possibly there was no need to have a vote on the Solicitor; that he was not appointed as normal department heads. I would like to know whether we do, in fact, need a vote.

Mr. Mason:

Mr. Lucchino has pointed out there are two discrepancies, I believe.

Mr. Lynch:

I think it more appropriate to delay confirmation for two weeks until inquiries are made.

Mr. Lucchino:

I'll accept that.

Mr. Mason:

The motion, then, is the City Solicitor appointment be held for two weeks before confirmation.

Which motion prevailed.

Mr. DePasquale:

I believe instead of a legislative body, we're becoming an investigative body. We are investigating the Public Housing Authority, the tunnel situation, investigating highways. Are we going to do one or the other? I don't think we have the time for investigations. It is our duty to make laws.

Mr. Mason:

Are there any other comments?

In light of that, I would like to suggest, since we have no business before us, Mr. Chairman of Finance, on Wednesday morning, that we discuss this with the City Solicitor at that time.

Mr. Lynch:

I would recommend the City Clerk communicate with the City Solicitor and require his presence at Wednesday's meeting at 10 o'clock.

Also,

Bill No. 18

President and Members of Council
510 City-County Building
Pittsburgh, Pennsylvania

Dear Gentlemen and Madam:

I am forwarding a Resolution for the confirmation of the appointment of Mr. Joseph Cosetti as Treasurer of the City of Pittsburgh.

Very truly yours,
Pete Flaherty

PF:fk
Enclosure

Which was read, received and filed.

Also,

Bill No. 19 RESOLVED, That the appointment by the Mayor of Mr. Joseph Cosetti of 439 Sulgrave Road, be and the same is hereby approved and confirmed as Treasurer for the City of Pittsburgh.

Which was read.

Mr. Lynch moved

The adoption of the resolution.

Which motion prevailed.

Also,

Bill No. 20

President and Members of Council
510 City-County Building
Pittsburgh, Pennsylvania

Dear Gentlemen and Madam:

I am forwarding a Resolution for the confirmation of the appointment of Mr. Raymond Hess as Director of the Department of Public Works which includes a waiver of residency.

Very truly yours,
Pete Flaherty

PF:fk
Enclosure

Which was read, received and filed.

Also,

Bill No. 21 RESOLVED, That the appointment

by the Mayor of Mr. Raymond Hess of 345 Maple Avenue, Edgewood, be and the same is hereby approved and confirmed as Director of the Department of Public Works and a waiver of residency is hereby granted.

Which was read.

Mr. DePasquale:

In accordance with past procedure, move we hold this for two weeks.

Mr. Caliguiri:

Second the motion.

Mr. Lynch:

I think it's the policy of Council to hold for two weeks, anyway.

Mr. Mason:

On Friday afternoon, the Mayor approached me regarding the appointment of Mr. Hess and I suggested to him that he submit to Council the sources of his recruitment, for which we have asked every department head. I felt it incumbent that he attempt to get somebody within the City of Pittsburgh even though the original application was submitted on August 30th of 1973.

Now it is my understanding the will and wishes of this Council is that Mr. Hess's confirmation be held up two weeks. In that light, Mr. Lynch and Mr. Caliguiri, I wonder if it wouldn't be acceptable that we ask Mr. Hess to also attend Wednesday's meeting and get the atmosphere clear at that time.

Mr. Lynch:

I would think the matter of the City Solicitor is such a unique one, and really vital to the relationship Council has, not only with the Law Department but City Government, and encompasses with government an underlying discord with Council for some two years, that with your indulgence, I would prefer Mr. Hess' time be held for two weeks and that you, as President, direct that investigation be made through the usual procedures, through research, through the Police Department, etc., and that we limit our discussion on Wednesday to discussions with the Law Department. We are not so much concerned with his personal qualification but with his obligations to City Council.

Mr. Caliguiri:

I would support that.

Mr. Lucchino:

Regarding Mr. Hess, are you saying he will not be asked to come before that meeting?

Mr. Mason:

Not at that meeting, no.

MOTIONS AND RESOLUTIONS

Mr. Lynch moved.

That the Minutes of Council of Monday, December 24, 1973, be approved.

Which motion prevailed.

And on motion of Mr. Lynch,

Council adjourned.

MOTIONS AND RESOLUTIONS

Mr. Stone presented

Bill No. 91. WHEREAS, the City Solicitor's duty, under the Charter Act, as amended, is to represent and defend all suits and pleas for or against the City, or when the interests of the City are drawn into controversy, in courts of justice and also to give counsel to the officers of the City; and

WHEREAS, in short, he is required to represent the entire city, including but not limited to the administrative and legislative branches of the City; and

WHEREAS, the City Solicitor is required to exercise an independent, ethical and legal decision in all matters; and

WHEREAS, meaningful exchange and honest difference of view or legal position might arise between the various branches of government; and

WHEREAS, under the present Charter, as amended, the Solicitor could be removed by one branch of the government; if an independent and just legal opinion were contrary or adverse to the views of administration; and

WHEREAS, the independent and freedom of legal decision was and is intended and necessary to good government.

NOW, THEREFORE, be it

RESOLVED, That the Council of the City of Pittsburgh, by and through its President:

A. Contact forthwith the Legislature of the Commonwealth of Pennsylvania, to enact such legislation as shall be necessary to provide that the removal of the City Solicitor from office, would be by the Mayor . . . with the consent and approval of this Council; and

B. Contact forthwith the Government Study Commission of the City of Pittsburgh to offer the same for their serious consideration, and insertion in the proposed City Charter.

Which was read.

Mr. Stone moved

The adoption of the resolution.

Which motion prevailed.

Mr. Caliguiri:

Mr. President, I wish to make a motion.

On Monday mornings at our agenda meetings, many times we ask that the people submitting legislation be present again for further questions and further testimony at our Wednesday Committee meeting. Usually, on Monday, this is the first time we see the legislation and have not had the opportunity to properly understand and question the legislation. I would like to move that any director or staff member that presents legislation before us at the Monday morning agenda meeting, to be introduced at the Monday Legislature session, be mandated and instructed to be present automatically on Wednesday morning at our Committee meeting session, for further cross examination, or any information we may need relating to the legislation.

The Mayor's office may introduce legislation, but I will exclude him for the present. If necessary, we can call him in separately.

This motion will not preclude us from calling in any department head whether or not they have legislation before Council.

Mr. Lucchino:

Second the motion.

Mr. Stone:

If I understand you correctly, for any proposed legislation, the proposer of that legislation makes himself available on that Wednesday with out the need of further notice.

Mr. Caliguiri:

That is correct. As I stated previously, any department head who does not have legislation before us, we can still request that person to be present. This not only includes the department heads, but Superintendent of Police or the Superintendent of Fire and Building Inspection, who may have legislation before us. That person must be here at our meeting on Wednesday morning. This opens up the Monday morning agenda session.

Mr. Lynch:

Am I to understand anyone who has legislation to present should be here whether he is at the Monday morning agenda session or not?

Mr. Caliguiri:

No, just the people who have legislation before us. They automatically are mandated to be here on Wednesday morning. If, in fact, we need someone else, we can still call on them.

Mr. Lynch:

My qualification is, they should be here whether they are at the Monday morning session or not. I'm not sure we should recognize Monday mornings as official sessions of Council.

Mr. Caliguiri:

Whether we want to recognize the Monday morning sessions or not, it is a fact.

This legislation, or most of it, is usually the first time any of us see it so we have two days to think of any questions relating to the legislation.

Mr. Mason:

So that your motion would cover anything presented at the afternoon Legislative session.

Which motion prevailed.

Mr. DePasquale:

Mr. President, I think the editorial staff of the Pittsburgh Post-Gazette is reading my mind. I intended to ask some questions today about the convention center. I didn't read the complete article but it expressed the opinion that Penn-Central is so deep in litigation, we may never have anything there, and they thought Council should look into another site. The article mentioned the Melody Tent site, and if you will recall, we had looked into the matter of the Mon Plaza as a site, which had many supporters.

We were told by Triad that in more than a year, we would be rolling on the convention center. There's some \$20 million waiting, while the Penn-Central site is in a hopeless snarl. I am wondering if we could call in somebody from the General State Authority and start looking seriously for another site. I go a long way, perhaps back to 1932, when they mentioned a town hall, in Oakland, where now sits Clapp Hall today. And now, 42 years later, we're no closer to it than we were at that time.

Mr. Mason:

Do you want to make it a motion?

Mr. DePasquale:

No, just a suggestion.

Mr. Lynch presented

Bill No. 92. Communication from H. Grant Smith, submitting his resignation as Budget Controller, effective as of January 31, 1974.

Which was read, received and filed.

Ms. Ballinger:

I want to congratulate the President and Councilmen Lucchino and Coyne for their very fine performance on Channel 4 yesterday. I think you told it as it is and I was happy to have you remark that when we have a caucus in the back room, that is our prerogative and our right and certain people should not question it.

I hope the fourth estate are cognizant of the fact we do have that right whether we're talking about ourselves or someone else. I did want to commend you because it was a very good program.

Which was read.

Mr. Lucchino:

Mr. President, it is no secret I do not believe the City should operate a separate magistrate system. I would just bring to the attention of the other members of Council, since we were just advised this morning that the Mayor intended to do this, that Municipal Court cost is over \$400,000 to operate and I think if this Council would deny the confirmation of Mr. Laffey and other members of the City Court Magistrate system, we would then support the idea that the City of Pittsburgh should come under the unified magistrate system that exists throughout Pennsylvania, except for the City of Pittsburgh. The State pays for the magistrates. We have 20 of them in the City of Pittsburgh, elected by the people of Pittsburgh. The County pays for salary, operation of offices, staffing. These people are existing for the benefit of the taxpayers at no cost to the taxpayers of Pittsburgh, and here we are, carrying on a separate magistrate system, not needed, for over \$400,000 a year. I think it is a luxury we can no longer afford and we should save the taxpayers of this City this nearly half million dollars we're spending.

Since we are taking these one-by-one, I thought I would make my remarks to the first one, and would urge my colleagues to vote 'no' on the theory we do not need a separate court system.

Mr. Lynch:

In view of the fact we have had disputes over appointments in the past, and I have questions about Mr. Laffey's candidacy, and if there is a question of the wisdom of reappointing magistrates, the record will show I voted against on the same basis, in 1969. On that basis, I would ask Mr. Lucchino to withdraw his motion and change it to hold these for a period of two weeks, which I would support, until such time as we can explore in depth the magistrate system. I request that we come to grips with the question as to whether we are going to have magistrates.

Mr. Mason:

In light of Mr. Lynch's remarks, the motion would be changed to 'for a two-week period.'

Mr. Lynch:

I am suggesting these appointments be

held for a two-week period until Council has had an opportunity to deliberate in order to determine what is the best course, not only with regard to these individuals but in regard to the concept of appointing magistrates.

Mr. DePasquale:

I concur with Mr. Lynch in regards to holding these appointments for two weeks. However, there is another side here. I am informed by certain people that the magistrates at present have a workload they cannot quite handle. If we're going to have a Magistrates Court, alright; and if not, alright. But certainly there are two sides to the story, one being whether they should be removed and the other where they're so busy, they can't handle their workload. A two-week investigation ought to develop something so I will go along with this, although we perhaps will need more time.

Mr. Lucchino:

What names did the Mayor submit?

Mr. DiNardo:

Mr. John Chapas, Anthony Troiano, Louis Dadowski, and Alan Penkower, along with Mr. Laffey.

Which was read and referred to the Committee on Planning and Redevelopment.

UNFINISHED BUSINESS

The Chair presented

Bill No. 17. RESOLVED. That the appointment by the Mayor of Mr. Ralph Lynch of 830 Amberson Avenue, be and the same is hereby approved and confirmed as Solicitor for the City of Pittsburgh.

Which was read.

Mr. Lynch moved

The adoption of the resolution.

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Miss Ballinger	Mr. Kamyk
Mr. Caliguiri	Mr. Lynch
Mr. Coyne	Mr. Stone
Mr. DePasquale	Mr. Mason
	(Pres't)

Ayes 8. Noes 1.

(Mr. Lucchino voting "No").

And a majority of the votes of Council being in the affirmative, the appointment of Mr. Lynch was approved.

Mr. Stone:

I vote "Aye" with comments.

If I may, Mr. President, relative

to our present Solicitor, I find it rather difficult to be dealing under the present circumstances wherein you are indicating that in the division of powers, we do not have the powers allegedly given to us. If Mr. President recalls, last Monday, I introduced a motion, and this Council unanimously agreed, that we should ask of the Legislature of the Commonwealth of Pennsylvania that the Solicitor, in the future, cannot be removed by the Mayor's Administration solely, but rather with the approval and consent of this City Council. I think it would be unfair to put any discredit on the present Solicitor. I think he has been giving a diligent result as far as what he has given.

However, having made that motion, now being sent to the Legislature, since that is done, I think now we can live with the present Solicitor and in fairness to him, I do not wish to indicate he has been other than a good Solicitor.

Mr. Coyne:

Mr. President, I would like to bring out that during the summer of 1973, I recommended to the City Charter Commission that a separate legal counsel be maintained for City Council and the Mayor. I still favor that position.

However, I feel in recognizing the present City Charter, I look to that as the reason I recommended the reconfirmation of the present Solicitor.

Also,

Bill No. 21. RESOLVED, That the appointment by the Mayor of Mr. Raymond Hess of 345 Maple Avenue, Edgewood, be and the same is hereby approved and confirmed as Director of the Department of Public Works and a waiver of residency is hereby granted.

Which was read.

Mr. Caliguiri:

Mr. President, even though I am Chairman of that Department, I relinquish that prerogative to someone other than myself who may want an affirmative recommendation for this nominee.

Mr. DePasquale

Moved for affirmative recommendation on the resolution.

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Ayes:—

Mr. Coyne	Mr. Lucchino
Mr. DePasquale	Mr. Lynch
Mr. Kamyk	

Noes:—

Miss Ballinger	Mr. Stone
Mr. Caliguiri	Mr. Mason
	(Pres't)

Ayes 5. Noes 4.

And a majority of the votes of Council being in the affirmative, the appointment of Mr. Hess was approved.

Mr. Stone:

I vote Aye, with comments.

Mr. President, I rise to at this moment suggest we do something which I would hope would restore some pride in the City of Pittsburgh. What we have been having in our City is what I consider government by outsiders and I think it is time to reverse that procedure. We seem to be bringing people in from Chicago, Baltimore, and now, Penn Hills, all outside the City of Pittsburgh. I think the time has arrived to look within City limits to those who live here, who should be earning the City taxpayers' money. There are 500,000 people in the City of Pittsburgh and we are led to believe we cannot find a civil engineer for Director of this Department.

There had been an ad in the newspaper last August, and I have in my hand presently, the advertisement that was run, roughly sized 1-1/2 x 1 inch. Allegedly, there were 43 applicants, 12 from the City of Pittsburgh, and those were the only applicants, as I understand.

The present candidate answered no application but was a personal appointment and it is my contention this is tantamount to making it safe and easy to get

him into that position. He, himself, indicated it is necessary to have a civil engineer because that is a primary responsibility of the Department of Public Works. He, himself, is not a civil engineer but rather a mechanical engineer.

With regard to the individual qualifications needed, someone would think they needed civil engineering requirements and may not have troubled to apply, while in point of fact, anyone with a mechanical engineering degree could have answered and that is more than what might be expected from this advertisement and that is no more than what would be Mr. Hess' qualifications.

It is my belief we should now start restoring pride in Pittsburgh. If it is good enough to use city taxpayers' money to bring money into your home, it is good enough to live in. He has not lived here, almost a year now, now has he agreed to living here. We asked if he would, if approved, live here and he says, "I don't know."

My vote would be the same with any director. It's about time, out of a half million people, we find someone who lives here; who has a heart for the City; who is willing to live in it, and also to help us govern in exchange for the tax dollar and I do not join in confirmation of this appointment.

Mr. Kamyk:

Mr. President, members of Council, I originally opposed Mr. Hess' appointment for the same reason, that he is not a resident of Pittsburgh. I agree that a resident of Pittsburgh should become the appointee to that position, or any position in the City of Pittsburgh. I think that out of over a half-million people, we ought to be able to get someone qualified for any job open here in the City. However, I changed my vote and the reason, Mr. President, is because I got tired of hearing all the time that the Deputy Director from Public Works is here. I want to listen to the Director and I want him to be responsible for the Department of Public Works as a director and not as a Deputy Director.

For that reason, I changed my vote and I hope he sees fit to move into the City of Pittsburgh and become a resident of this City.

Mr. DePasquale:

Mr. President, it also goes against my principles to confirm a person who is not a resident of Pittsburgh. However, this has been a practice for the City of Pittsburgh for the past 20 or 25 years. It is not a good practice, and we do have an ordinance stating any applicant for a position with the City of Pittsburgh must be a resident. However, if we attach a waiver, he may be employed in the City of Pittsburgh. Perhaps we should amend the ordinance and state that no waiver shall be given whatsoever and in the future, we would not have the same problem we face today, and time-and-time again, with non-residents. Perhaps we should make it so non-residents cannot even apply for employment in the City of Pittsburgh, much less being accepted or given a waiver.

Mr. Mason:

I would make a few remarks and therefore request that Mr. Caliguiri accept the Chair.

I am deeply concerned about this problem and it is an Administrative problem in many respects. It seems to me the requirements of the job are such that it is a highly administrative job, not necessarily calling for skills of an engineer, but one who can use the skills of an engineer in promulgating and dealing with the programs and being responsible to the Administration.

I am, of course, deeply shocked by what Mr. Stone has revealed here. I had asked the Administration to provide us with evidence that there had been ample advertising relative to recruiting for this position. In this, I wholeheartedly agree with Mr. Stone and therefore I am obliged to vote "No."

As an example, a top flight hospital administrator is not necessarily a physician. A housing administrator is not necessarily an expert in housing, but he knows how to use the skills of people be-

neath him and on the basis of what Mr. Stone said, and what I feel the Department needs, a person who can interpret and bring forth all the things that are necessary to the needs of Council and to the programs of the Public Works Department—therefore a civil engineer or a mechanical engineer would carry out the fundamentals of the programs—on that basis, I still vote "No."

Mr. Lynch:

Just a few remarks concerning the vote on Mr. Hess, Mr. President. I couldn't agree more with Mr. Stone's remarks but he said, "restore pride to Pittsburgh," and I don't understand that. The appointment of the Director of Public Works hasn't anything to do with pride. We need competent young men capable of doing the job and I am satisfied Mr. Hess, at least to my satisfaction can do the job. He has indicated he would move into the City but is unwilling to make a firm commitment about moving and had not moved to the City because of family responsibilities.

My vote is merely one for a man who has done a competent job, whose choice was not mine but whose confirmation was mine, and I see no impediment to his appointment.

Mr. Mason:

Is it clear to Council, we are waiving a person and not the job. In other words, any other person to fill that job must meet residency requirements. We're waiving the person, and not the job.

REPORTS OF COMMITTEES

Mr. Lynch presented

No. 124. Report of the Committee on Finance for January 16, 1974, transmitting sundry ordinances and resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 28. RESOLVED, that the Mayor be and he is hereby authorized to issue and the City Controller to counter-

sign a warrant in favor of Graziano Construction Company, Inc., 559 Rodi Road, Pittsburgh, Pennsylvania 15235.

Refund in the amount of \$50.00 is recommended for the return of a fire hydrant reducer and wrench issued January 18, 1963. Deposited money was transferred from Special and Trust Fund Accounts to the Water Department Cash Fund by Ordinance No. 502, approved December 21, 1965.

The above refund to be charged to Code Account No. 701, Miscellaneous Services.

Which was read.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—

Miss Ballinger	Mr. Lucchino
Mr. Caliguiri	Mr. Lynch
Mr. Coyne	Mr. Stone
Mr. DePasquale	Mr. Mason
Mr. Kamyk	(Pres't).

Ayes 9. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the bill passed finally.

Also,

Bill No. 30. An Ordinance entitled, "An Ordinance authorizing the issuance of a Warrant in the amount of \$2,520, in favor of the International Business Machines Corporation, P. O. Box 3029, Pittsburgh, Pennsylvania, 15230, in payment for rental of equipment located in the Public Safety Building and used by the Pittsburgh Bureau of Police, without previous authority of law."

Which was read.

Also,

Bill No. 31. An Ordinance entitled, "An Ordinance authorizing issuance of a warrant in the amount of \$2,600.00 in favor of Edward A. Brown, 8012 Conemaugh St., Pittsburgh, Pa. 15221, in payment for the demolition and removal of the 2 story double brick stores and dwellings located at 8006-08 Frankstown Ave., 13th Ward, for the benefit of the City, without previous authority of law; and providing for the payment thereof."

Which was read.

Also,

Bill No. 58. An Ordinance entitled, "An Ordinance authorizing issuance of a Warrant in favor of Robert Schwartz Electric, for the amount of \$11,623.75 in payment for the installation of lights at Banksville School Playground for the benefit of the City of Pittsburgh, without previous authority of law.

Which was read.

The titles of the bills were read and agreed to.

The bills were read on final action.

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—

Miss Ballinger	Mr. Lucchino
Mr. Caliguiri	Mr. Lynch
Mr. Coyne	Mr. Stone
Mr. DePasquale	Mr. Mason
Mr. Kamyk	(Pres't).

Ayes 9. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Also,

Bill No. 59. An Ordinance entitled, "An Ordinance transferring the amount of \$200,000.00 from Allegheny Commons East and North Recreation Complex Trust Fund to Bond Fund 227, Parks & Recreation."

Which was read.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—

Miss Ballinger	Mr. Lucchino
Mr. Caliguiri	Mr. Lynch
Mr. Coyne	Mr. Stone
Mr. DePasquale	Mr. Mason
Mr. Kamyk	(Pres't).

Ayes 9. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 60. An Ordinance entitled, "An Ordinance transferring the amount of \$150,000.00 from the Mount Washington Area Trust Fund — \$60,000.00 to the East Liberty Innovative Playground Trust Fund and \$24,962.00 to the Upper Hill Area Trust Fund and \$65,038.00 to the Allegheny Commons East and North Recreational Complex Trust Fund."

Which was read.

Mr. Stone moved

That Bill No. 60 be recommitted to the Committee on Finance.

Which motion prevailed.

Also,

Bill No. 68. An Ordinance entitled, "An Ordinance REGULATING severance pay upon retirement for employees of the City of Pittsburgh."

(As amended in Committee)

Which was read.

Mr. Lynch:

Mr. President, it has come to the attention of Council, and to my attention,

there is a conflict between the Firefighters and the Fraternal Order of Police, in Bill No. 68. Apparently the wording of the bill, in the view of some of those gentlemen, is in conflict with the wording of the arbitrated agreement. On the basis of that, I move this bill, Bill No. 68, be recommitted to the Committee on Finance.

Which motion prevailed.

Also,

Bill No. 69. An Ordinance entitled, "An Ordinance AMENDING a portion of Ordinance No. 466 approved November 26, 1971, entitled 'An Ordinance Providing for the Filing of an Application by the City of Pittsburgh with the United States Department of Labor for a Grant in connection with the Public Employment Program Project; providing for the execution of a Grant Contract and for the filing of requisitions and other data; approving the Public Employment Program Project; providing for required assurances; providing for execution of payment vouchers on Letter of Credit and for certification of authorized signatures; creating a Special Trust Fund in connection with the Project; providing for the deposit of the funds in a bank account; providing for the amendment of the Salary Ordinance No. 608 entitled 'An Ordinance Fixing the number of officers and employees of all departments of the City of Pittsburgh and the rate of compensation thereof,' passed December 28, 1970, by creating in the Office of the Mayor a new Section to be designated 'Public Employment Program,' and by creating positions in connection with said Program; and providing for participation in certain hospitalization and insurance programs, excluding pension benefits of the City of Pittsburgh,' by providing for certification of authorized signatures."

Which was read.

Also,

Bill No. 70. An Ordinance entitled, "An Ordinance PROVIDING for an Agreement or Agreements for an Actuarial Study of the Firemen's Relief and Pension Fund; and providing for the payment of the cost thereof."

Which was read.

Also,

Bill No. 71. An Ordinance entitled, "An Ordinance PROVIDING for an Agreement or Agreements with accredited Colleges or Universities for the participation by the City of Pittsburgh in the College Work-Study Program, under the Higher Education Act of 1965, as amended; and providing for the payment of the cost thereof."

Which was read.

Also,

Bill No. 72. An Ordinance entitled, "An Ordinance AUTHORIZING the Mayor, the Executive Director of Pittsburgh Model Cities Program, and the Director of the Department of Lands and Buildings to enter into a Supplemental Memorandum of Understanding between the Pittsburgh Model Cities Program and the Department of Lands and Buildings extending the present Memorandum to and through December 31, 1974."

Which was read.

Also,

Bill No. 73. An Ordinance entitled, "An Ordinance AUTHORIZING the Mayor and the Executive Director of the Pittsburgh Model Cities Program to enter into a month to month lease with the Hill House Association, 1835 Centre Avenue, Pittsburgh, Pennsylvania, for a monthly rental not to exceed \$328.00 per month."

Which was read.

The titles of the bills were read and agreed to.

The bills were read on final action.

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Miss Ballinger	Mr. Lucchino
Mr. Caliguiri	Mr. Lynch
Mr. Coyne	Mr. Stone
Mr. DePasquale	Mr. Mason
Mr. Kamyk	(Pres't)

Ayes 9. Noes none.

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Also,

Bill No. 74. An Ordinance entitled, "An Ordinance authorizing the issuance of a Warrant in favor of the Foss Rental Company in the amount of \$304.85 representing the cost of repairing dents and scratches on fenders and bumpers of six (6) Sub-Compact Cars which were leased from April 1 to November 30, 1973, for the benefit of the City, without previous authority of law. This payment to be chargeable to and payable from Code Account No. 1068, Miscellaneous Services, Parking Income and Services Bureau, Department of City Treasurer."

Which was read.

Mr. Lucchino presented

No. 128. Report of the Committee on Parks, Recreation and Libraries for January 16, 1974, transmitting sundry ordinances to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 61. An Ordinance entitled, "An Ordinance providing for the letting of a contract or contracts for the construction of recreational facilities in the Upper Hill and East Liberty Areas in the Fifth and Eleventh Wards, respectively, in the Department of Parks and Recreation, providing for the cost thereof and repealing Ordinance No. 59 approved February 5, 1973."

Mr. Stone:

Mr. President, there seems to be a problem here. Directing my comments now to taking \$150,000 from the Mount Washington Area Trust Fund, are we covering that now, or was that covered in Bill No. 60?

If you will recall, this matter was brought up the other day and we were asking about the taking of monies from the Mount Washington Trust Fund in the amount of \$150,000. This now is the third item south of the river in which they have had problems—the Arlington Project, the Warrington Avenue Project, and now, the Mount Washington Area Trust Fund Project.

There were to have been some letters supplied to Mr. Lucchino and to myself. I have not received those letters, supposed to be forthcoming, and I don't know whether Mr. Lucchino has received them—no, he hasn't received them yet, either.

It seems we are denying a little too much to a certain area of Pittsburgh. I would like to have this information before I am called to vote on it and therefore, I would hope this could be delayed.

Mr. Lucchino:

Director Brown appeared before us and this question was asked and she said she had received a communication from the State saying they were going to turn down the Mount Washington Project. She said she would supply Council and Mr. Stone with a copy of that letter so we could form an intelligent opinion as to why Mount Washington was turned down. She has not done so; I have received no communication and Mr. Stone said he has not.

At the time this came up in Committee, I was in favor of acting affirmatively. I thought at least we could intelligently conclude that after reading the communication from the State to Director Brown. I did not get the communication and I think sufficient time to have that to me has passed so, based on that, I would move that Bill No. 60 be recommitted.

Mr. Stone:

Second the motion.

Mr. Lucchino:

I would move to recommit Bill No. 61, companion bill to Bill No. 60, which is dealing with the contracts relative to Bill No. 60.

Which motion prevailed.

Also,

Bill No. 62. An Ordinance entitled, "An Ordinance authorizing the Mayor and the Director of Parks and Recreation to enter into a contract or contracts with a band leader or band leaders for personal services in conjunction with the 1974 music program and providing for the payment of the cost thereof."

Which was read.

Also,

Bill No. 63. An Ordinance entitled, "An Ordinance consenting to the purchase for public recreational purposes, by the Borough of Greentree of certain property owned by Leland A. Hale, et ux, situated partly in said Borough and partly in the 20th Ward of the City of Pittsburgh, in accordance with Section 2702 of the Borough

Code, Act of February 1, 1966, P.L. (1965) —, No. 581."

Mr. Caliguiri	Mr. Lynch
Mr. Coyne	Mr. Stone
Mr. DePasquale	Mr. Mason
Mr. Kamyk	(Pres't)

Ayes 9. Noes none.

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Mason:

Has the Department of Parks and Recreation Chairman had any communication—and this is in line with your thinking—relative to Greentree.

Mr. Lucchino:

There has been no communication. We were going to instigate the communication. I had a note to ask the City Clerk to notify the Director to get some communication from the Solicitor of Greentree Borough.

Also, before the roll call, I might/would comment on that bill, that the Solicitor of the Borough of Greentree, Donald Lee, Esquire, informed me by telephone that the residents of Pittsburgh will be permitted to use the park that Greentree will make out of this parcel involved in Bill No. 63.

Mr. Kamyk presented

No. 129. Report of the Committee on Lands and Buildings for January 16, 1974, transmitting one ordinance and sundry resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 33. An Ordinance entitled, "An Ordinance PROVIDING for an Agreement or Agreements with a professional Real Estate Appraiser or Appraisers for real estate appraisal services in connection with the purchase or sale of real property by the City for the calendar year of 1974 and providing for the payment thereof."

the City of Pittsburgh, are hereby authorized to execute a license to Duquesne Light Company for the installation of a transformer and cables on property of the City, fronting on Quarry Street, 17th Ward, in connection with service to the South Side Skating Complex.

Which was read.

Also,

Bill No. 36. BE IT RESOLVED, that the Mayor and the Directors of the Department of Lands and Buildings and Department of Water, are hereby authorized to execute a License Agreement to Equitable Gas Company giving the right of way for the installation of 16" gas pipe line on property of the City located on Old Freeport and Squaw Run Roads.

Which was read.

Also,

Bill No. 37. WHEREAS, Resolution No. 25, approved February 7, 1973, authorized the Office of Solicitor for City and School Tax Liens to petition the Court of Common Pleas for the sale of certain property in the 28th Ward, located on Middletown Road near Martera Street, designated as Block 41-R, Lot 235, to Betkowski Brothers, a partnership composed of Raymond and John Betkowski, for the sum of \$600.00; and

WHEREAS, said petition and Order of Court Docket No. 3024, July Term, 1973, denied the sale of this property as said property is subject to an easement of the adjoining property owners and that this sale be cancelled and the hand money returned;

NOW, THEREFORE, BE IT RESOLVED, That Resolution No. 25, approved February 7, 1973, is hereby REPEALED and that the Department of Lands and Buildings is hereby authorized to return the hand money in the amount of \$100.00 to Betkowski Brothers and \$100.00 to Amelia A. Grimm.

Which was read.

Also,

Bill No. 38. WHEREAS, Resolution

No. 185, approved May 30, 1973, which authorized the sale of property in the 20th Ward located on Corliss Street to Jacob Kutz, for the sum of \$2,400.00 is to be AMENDED.

RESOLVED, that the City's title to the property as first mentioned in the first paragraph description of Resolution No. 185 (being a lot of size 25 x 100 Corliss Ave. No. 170, Edward McGinnis Plan, P.B. Vol. 5, page 253, acquired on June 5, 1956, from Emelia Marvin, T.D.B. Vol. 7, page 365) is defective and the property will be resold for taxes at the June, 1974, Treasurer Sale, as the land owners name was The Oil Well Company which later merged with United States Steel Company, INSTEAD of Emelia Marvin.

NOW, THEREFORE, be it resolved that Resolution No. 185 of May 30, 1973, be AMENDED by striking out the first descriptive paragraph as described above.

AND THEREFORE, be it

RESOLVED, that the remaining two parcels on Resolution No. 185 shall remain the same.

Which was read.

The titles of the bills were read and agreed to.

The bills were read on final action.

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Miss Ballinger	Mr. Lucchino
Mr. Caliguiri	Mr. Lynch
Mr. Coyne	Mr. Stone
Mr. DePasquale	Mr. Mason
Mr. Kamyk	(Pres't)

Ayes 9. Noes none.

And a majority of the votes of Council being in the affirmative, the bills passed finally.

MOTIONS AND RESOLUTIONS

Miss Ballinger:

Mr. President, with the permission of the Chairman of the Planning Committee, I would like to make the following statement.

I didn't go out to lunch, and I have a small radio in my office, over which I heard the following remarks, which I thought would be of interest to City Council.

Just as you were shocked as to Mr. Hess, I am just as shocked about this. I just heard on the noon news that Mr. Jacob Kassob, the County and the City, had generally accepted a revised plan for the East Street Expressway and that no more public hearings will be held. He said the State is now going to the Federal Highway Administration. He also said federal officials had not studied the details but seemed pleased with what they have seen so far.

Mr. Paternoster's reaction, according to the news report, was that 365 people viewed the plan and only 105 made formal comment for minor changes.

Now, Mr. President, I felt we members of City Council should have been advised of this. I know 90 per cent of this is federal funds and 10 per cent state funds. Nevertheless, we will be spending millions of dollars when the Expressway goes through, for widening streets, for sewers, bicycle paths, or whatever it may be. I think we should know when they approved it—what date?

I happened to get a call at the last minute from Mr. Paternoster. I had put a call in when I heard this over the air at noon. He returned my call and I asked him when was this approved, and he said, "Today."

As I said, I think, because we, as the City of Pittsburgh, are going to be committed to millions of dollars for paving streets, street lighting, moving sewers, and other numerous improvements necessary for the City to make, we should have been advised.

Inasmuch as it has not been studied, why was a citizens committee able to get a meeting with State, City and County offi-

cials? A letter from East North Side Area Council calls for a citizens meeting for Thursday and requests "all members of City Council attend. We feel your presence is very important."

I don't know if I am within my prerogative, but I would also note that from Mr. Paternoster, Mr. Stone could ask who were the 365 people that went to review this map. Were they the people really interested, people really living in the slope area? Or was it people who just came in who had heard the map was there?

I would like to know how many people there were. I also wonder if it is possible that we, in City Council, could call a public meeting to hear what these plans are because I still feel we members of City Council should have a right to see those plans and to know what is in them.

Mr. DePasquale:

Don't we have a vote on final approval?

Mr. Mason:

Not to my knowledge.

Mr. Stone:

If I may allude to some of the remarks made by Ms. Ballinger as to whether or not the people there before saw these plans, I said what might have been interpreted, some time ago, as remarks of jest, but now seem to be bearing fruit, when I indicated somewhere along the line, we should be doing this to benefit the people who live there. They are no longer living there, it seems, many having gone on to the great beyond.

I think we all realize, \$13 million and 13 years later, we still have not even started on it. I saw what was termed as preliminary plans weeks ago—not final and not complete. They were not to be completed for some time.

I think Councilperson Ballinger's remarks are correct, that Council should pass on these plans, and it should be requested they come to this body. I did not know there was a final approval today but I think it is subject to be passed on by this body. But I

feel, in line with the remarks by Mr. DePasquale before, that unfortunately I do not think we are going to get the kind of Expressway that should be coming through the East Street Valley. What are we going to do now, wait another 13 years later, and another \$13 million later? You can be guaranteed by then the people will be passed on from this road. Sometimes crumbs are better than nothing. However, having attended the Planning Commission meeting two weeks ago tomorrow, it was not final at that time.

Mr. Caliguiri:

I would like to request the President have Mr. Long present on Wednesday morning to give Council an update on this energy crisis as far as the gasoline shortage. How much gasoline the City can expect and what allocations can be expected to the departments that deal with public safety—Police and Fire—and also what about refuse collection. I move Mr. Long be present to give us an update.

Which motion prevailed.

Mr. Lynch:

Consistent with Ms. Ballinger's remarks, with her permission, I think it is appropriate to invite Mr. Paternoster and the Mayor to be present on Wednesday morning so we may inquire as to background information on a preliminary basis. Would that be suitable?

Which motion prevailed.

Mr. DePasquale:

Regarding the convention center, I feel Wednesday a week, we ought to ask Mr. Arader, a representative of Penn Central and TRIAD to be present to explain the situation that exists now at the Penn Central site. There have been some conflicting reports. The Chamber of Commerce and the Convention Bureau said Penn Central is the logical site and the situation could be straightened out. It doesn't seem that way to me and I feel we cannot afford further delay.

Mr. Mason:

I think it should be a private meeting as it was before.

Mr. Lucchino:

I'm a little bit concerned about, or wonder why we have to have, a private meeting.

Mr. Mason:

I didn't mean private in that light. I meant, separate and apart from Wednesday's meeting.

Mr. DePasquale:

Then you want to work it out for the following week?

Mr. Stone:

I think he meant, a separate meeting

from the Committee meeting and I had begun to make inquiries earlier on this.

Mr. Mason:

No one is excluded. We can work it out, later.

Mr. Caliguiri moved

That the Minutes of Council of Monday, January 14, 1974, be approved.

Which motion prevailed.

And on motion of **Miss Ballinger**,

Council adjourned.

Ayes:—

Miss Ballinger	Mr. Lucchino
Mr. Caliguiri	Mr. Lynch
Mr. Coyne	Mr. Stone
Mr. DePasquale	Mr. Mason
Mr. Kamyk	(Pres't)

Ayes 9. Noes none.

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Lynch:

Mr. President, as I hear the readings of these bills—I know at the Committee meetings, Mr. Kamyk informs us as to which bills involve adjacent property owners, but in the ordinance itself, that will not be readily available to the taxpayer—and I am wondering if we could not somehow cause to be affixed to the ordinance the information as to whether the purchaser is adjacent to the property or someone not adjacent to the property,

especially in view of the intention on the part of the government with regards to homesteading?

Mr. Kamyk:

At the meetings, I explain adjacent property that is being bought by adjoining owners.

I also give assessed valuations, and if the assessed valuation is higher, I give the reason why it is being sold at a lower value. Many times, the building may be dilapidated and may need a lot of improvement which would be very costly to the City to do. This way, the buyer who offers to buy it and improve on the building according to the City's building code, is an advantage to the City and these things are always explained at Committee meetings.

Mr. Mason:

Are there any other comments?

In terms of transfer of this property, is it not clearly indicated whether it is an adjacent property by the latitudes and longitudes; in other words, in the description of the property?

Mr. Kamyk:

There is a description in the ordinance of every piece of property and if there are more lots, it is so stated and described.

Furthermore, in case someone is unfamiliar, this property is not being sold immediately after we approve or authorize it. We can only authorize the sale of the property because somebody has offered to buy it. Sometimes there is no offer, even though the Department of Lands and Buildings is trying to sell the property to someone and relieve the City of the responsibility. When there is no offer, for that reason they will sometimes reduce the price.

After we authorize the sale, it is sent to Common Pleas Court and advertised as being for sale. If there is someone else who is interested, and if that

person comes in and offers more money, he is entitled to the property and not the original person who asked for it.

Mr. Mason:

Is it not the purpose of the Department of Lands and Buildings to get this property, non-producing property, back on the tax rolls?

Mr. Kamyk:

It is the main aim, yes, because it goes back on the tax rolls, and the new owner, the buyer of the property, starts to pay taxes on the assessed valuation.

However, there are other values to the City because if the City has a building in bad shape and not according to the Building Code, it would cost the City a lot of money to bring it up to standard and this would be with taxpayers' money. Therefore, if someone is interested in the property and purchases the property, even if he gets it at a lower price than the assessed valuation, he is saving the City a lot of money in possible razing or remodeling.

Mr. Lynch:

Perhaps if I rephrase this. I wonder if it is possible for the Chairman of the Committee on Lands and Buildings to make note, when he mentions the purchaser or petitioner to purchase, if he could or will indicate when it involves adjacent property owners?

Mr. Kamyk:

I always do, at the Committee meetings.

Mr. Caliguiri:

As he explained, this is not the final buyer of the property.

Mr. Lynch:

I think the court should be notified that the person bidding is or is not the adjacent property owner. Why can't we put that in so it would be known?

Mr. Stone:

If I may, Mr. Kamyk has indicated that the action we are now taking is

only placing it now in the bidding process. We, as City Council, cannot engage in private sale. This is placing it in the bidding process and authorizing it for the bidding block. This person in this ordinance is initiating the action. It then goes to Common Pleas Court at which time it is advertised and any interested person can bid. That is why we sometimes get a sale of property at more than what is shown here in the ordinance. You cannot restrict it to an individual; it has to go on public bid. If it is a small piece, below minimum building requirements, then there is a general provision, I think, covering adjoining land owners.

Mr. Mason:

Therefore, even though the abutting land owner is indicated in Finance Committee meetings, the party immediately abutting the property in question does not necessarily end up being the buyer.

Mr. Caliguiri:

This may be true, but in certain cases, the judge may be made aware and then may show preference to the abutting home owner.

Mr. Kamyk:

Mr. President, everytime the property is forwarded to somebody else from the City's ownership, that property is under the present codes of building and zoning. To build something on the property, for instance a home, it takes at least 5,000 square feet, under our zoning provisions. Therefore, if there is not enough footage for building, it is usually bought for yard space or parking space by the adjoining owner and that is why the adjoining owner gets the property, because he is next to it. If someone else would find another use for it, he could over-bid and take the property.

Mr. Lynch:

Why can't we state when he is the adjoining owner? Why can't we say that—just say it in the ordinance?

Mr. Kamyk:

If we say that he is the adjoining owner, he is the only one permitted to buy it. Then its taken out of the bidding class and I think it should remain in the bidding class.

Mr. Lynch:

We should indicate it to the courts, when he is the adjoining owner. We should also indicate it in our records, because there is a movement afoot in this country to adopt homestead rules and in that context, we would be moving in the right direction.

Mr. Mason:

There may be a highly technical and legal point of view involved and I would suggest we ask the City Clerk to get a rule on it from our Law Department.

Mr. Lynch:

I don't see why, when all you have to do is have the Chairman of that Committee write it down.

Mr. DePasquale:

A simple point of clarification, if I may. Regarding a piece of property, for instance, a piece of property adjoining, the owner, has bid \$2,000 and no one tops it. The adjoining owner gets the property, right? He gets first preference?

Mr. Kamyk:

Only if he makes the first offer.

MOTIONS AND RESOLUTIONS

Mr. Caliguiri moved

That the Minutes of Council of Monday, January 21, 1974, be approved.

Which motion prevailed.

REPORTS OF COMMITTEES

Mr. Lynch presented

No. 188. Report of the Committee on Finance for January 30, 1974, transmitting sundry ordinances and one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation.

Bill No. 60. An Ordinance entitled, "An Ordinance transferring the amount of

\$150,000.00 from the Mount Washington Area Trust Fund—\$60,000.00 to the East Liberty Innovative Playground Trust Fund and \$24,962.00 to the Upper Hill Area Trust Fund and \$65,038.00 to the Allegheny Commons East and North Recreational Complex Trust Fund."

Which was read.

Mr. Stone:

If I may, relative to Bill 60, the transfer of funds from the Mount Washington Area Trust Fund to the East Liberty Innovative Playground Trust Fund, I would like to register my objection with these comments, if I may.

Originally, that project in Mount Washington was considered a priority item as far as a park was concerned. It has been testified in some of the hearings we have had that that was presented to the State according to the standards the City wanted, rather than what the State was requiring. There was another question, and that was, can an individual be a benefactor to give us the funds and still qualify for the 80 per cent reimbursement from the State.

As of this time, there has been no offering from the Director of the Department of Parks and Recreation indicating what is the alternative plan to pick up that priority item. It is now my observation, the Arlington project was one of a group denied by the State because it was mishandled by the previous director of Parks and Recreation. Also in the group denied was the Warrington Avenue Project; there was no substitute for that, and now we have Mount Washington. It is my firm belief this is too much deprivation in one concentrated area.

Mr. Lucchino

Bills No. 151 and 152. I would like to abstain. Those are amendments to the budget ordinance.

Mr. Mason:

Before we take those up, you have heard the comments of Mr. Stone. There was a companion bill, was there not?

Mr. Lucchino:

There is still a companion bill. Bill No. 61.

Mr. Stone:

My remarks and vote are in opposition to Bills No. 60 and 61, both.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Mr. Caliguiri	Mr. Lynch
Mr. Coyne	Mr. Stone
Mr. DePasquale	Mr. Mason
Mr. Kamyk	(Pres't)

Ayes 7. Noes none. (Mr. Lucchino not voting.)

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 152. An Ordinance entitled, "An Ordinance AMENDING AND SUPPLEMENTING portions of Sections 4, 6, 11, 21, 39, 41, 53, 54, 58, 82, 91, 98, 100, 103, 104, 105, 107 of Ordinance No. 685, entitled, 'AN ORDINANCE—Fixing the number of officers and employees of all departments of the City of Pittsburgh, and the rate of compensation thereof,' passed in Council December 28, 1973."

Which was read.

Mr. Lynch:

Mr. President, I would like to say that in the compilation of the bills as presented to Council, Bill No. 152 concerning salary increases as amended, Council failed to include the Neighborhood Youth Corps, Comprehensive Employment Program, Garfield Code Enforcement, Model Cities.

I therefore make the motion to include five per cent salary increase to these agencies, also.

Which motion prevailed.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Caliguiri	Mr. Lynch
Mr. Coyne	Mr. Stone
Mr. DePasquale	Mr. Mason
Mr. Kamyk	(Pres't)

Ayes 7. Noes none. (Mr. Lucchino not voting.)

And a majority of the votes of Council being in the affirmative, the bill, as amended, passed finally.

Also,

Bill No. 153. An Ordinance entitled, "An Ordinance REGULATING severance pay upon retirement for employees of the City of Pittsburgh."

Which was read.

Mr. Lynch:

While I'm at it, Bill No. 153, the lump sum bill, in Committee session, there was some discussion that the language was ambiguous. Mr. Lucchino asked the Solicitor to present an amendment to the bill to clarify the language so that it does not read "per capita," but "lump sum." Apparently, the Solicitor misunderstood and instead, submitted a legal opinion indicating the lump-sum benefit would be obtained. However, it is possible the Solicitor's ambiguity could continue to exist. I move the bill be passed in today's session but I want it to appear in the record that I intend to submit an ordinance amending the language of the bill so it is explicit that "lump-sum benefit payment" is not to be per capita.

Mr. DePasquale:

Where does it say, "per capita?"

Mr. Lynch:

It doesn't, but we want it more explicit and the language change isn't up here yet.

Mr. DePasquale:

I thought we were talking about the 14-day sick leave lump-sum settlement.

Mr. Lynch:

I'm sorry. I meant, the 14-day sick leave. It is my intention to dictate to memorandum to the Solicitor, or Mr. Lucchino to dictate a memorandum to the Solicitor, for the change in language.

Mr. DePasquale:

So this has to do with the 14-day sick

leave settlement only, within that same year.

Mr. Stone:

I would suggest, if we are going to pass it without the description, we are then doing the thing we didn't intend to do initially. I think the whole thrust is to be able to pay those people affected by it and get the other thing, expressly.

Could we make a motion that it is our intention that those people be paid and that express language be forthcoming indicating expressly what is indicated in the ordinance was not what was intended by Council?

Mr. Mason:

The question coming forth, at least in the last four days, is it going to be retroactive.

Mr. DePasquale:

Absolutely, back to January 1, 1974.

Mr. Stone:

It should be clearly indicated this body, in some legal form, is indicating—you see, the Solicitor has indicated this does apply, but I believe it should be clearly indicated that it is our intention in passing this legislation that it does expressly apply and that is what we are intending, through a motion.

Mr. Lynch:

But Mr. Stone has just done that, for the record, and I see no need for a motion.

Mr. Stone:

So there is no question that everybody is agreeing. I think there ought to be a vote confirming that particular expression. I don't think it is a question of misunderstanding. I think Mr. Lucchino made it clearly understood it was to be in the ordinance. I think it is an attempt to get us back into delaying for a second week the passing of this bill and I, for one, am not going to be a part of that. I want it clear, express language was intended a week ago, it is now intended, and we nine people expressly should indicate it is our expression of it and put it in the record as a for-

mal vote. Then, as far as a technical amendment of the ordinance, that can be done also, but let's not leave it so unofficial.

Mr. Mason:

What is your pleasure? Mr. Stone has asked these be clearly marked by some kind of motion that would clearly indicate the amendment language is forthcoming from the City Law Department and based upon a letter we have all received from the Law Department, it would be retroactive to January 1.

Mr. Stone:

I hereby move that the ordinance be passed as is and that the City Solicitor be directed to insert in an amending ordinance, which will be attached to this ordinance, the express language that was intended to be embodied in this ordinance.

Mr. Lynch:

That motion is out of order.

Mr. Mason:

The Chair will direct what is out of order.

Mr. Lynch:

It is out of order and I believe it should be so ruled.

Mr. Mason:

Perhaps we should put it to the vote.

Mr. Lucchino:

Council has not questioned your decision. The decision of the Chair stands. Nobody has appealed your decision.

Mr. Caliguiri:

Mr. President, what is the problem with recommitting this bill for another week until we get the language we want?

Mr. Lynch:

You're holding up the payment for another week.

Mr. Lucchino:

I was the one who asked for the language to be specifically spelled out as re-

gards to sick leave in the year of retirement. The Solicitor has not given us the language we asked for. I spoke with the Solicitor again on Friday, we had gotten the opinion, and he said we would have specific language today, before the meeting. We have not yet gotten it, and the meeting has begun.

Therefore, I believe we should pass this ordinance, and I understand Mr. Stone's attempt, but I think it is not necessary. We should pass this as it is, so long as this Council sees to it the amendment ordinance be passed within the next two weeks, which would supercede this, and therein spell out our decision as regards sick leave pay.

Mr. Stone:

We're saying this is done with the understanding the express language is to come in to it rather than just leave it to take the action later. I want it understood that the language now as we intend it to be incorporated specify that they get it for the 14 days.

Mr. Lucchino:

The members of Council will have a chance when we amend the ordinance coming up.

Mr. Stone:

If it doesn't come up, we're not complying with what we originally intended.

Mr. Caliguiri:

We can put the ordinance in ourselves, if we want, if this language doesn't come up. We can pass it ourselves and it will supercede this ordinance. We can go ahead and pass this, later put in a piece of legislation ourselves if we don't get the language we want this week from the Solicitor's office.

Mr. Stone:

What is wrong with us right now, going on record? You can't tell. I'm the only one talking. All of us should vote whether or not we understand express language is to be put into the record.

Mr. Mason:

Is everyone satisfied it is on the record as far as Mr. Stone's remarks, so that we can now proceed?

Mr. DePasquale:

We have assurance from Mr. Lynch, Solicitor, that we will get the language we want?

Mr. Lucchino:

He was directed to supply us with the language, not an opinion. No one requested an opinion.

Mr. DePasquale:

Suppose the language isn't forthcoming?

Mr. Mason:

Mr. Caliguiri covered that. We do it ourselves.

Mr. Lucchino:

If they won't come forward with it, we will draft our own.

Mr. Stone:

Relative to Bill No. 153, "Yes," with these remarks.

The City Solicitor has given the opinion that the 14-day sick pay is included. It is my understanding in voting on this, it is included as represented to me, upon which I am relying. Also, there will be an amending ordinance in which it will be included expressly, rather than leaving this to guesswork.

MOTIONS AND RESOLUTIONS

Mr. Lucchino:

Mr. President, I move that when Council requests a legal opinion or legal direction from the City Law Department, that the City Clerk be directed to immediately so notify the City Law Department, in writing.

Mr. Mason:

But that's standard operating procedure, I thought.

Mr. DePasquale:

Second the motion.

Mr. Lucchino:

It may be standard operating procedure, except, I spoke with Solicitor Lynch on Friday and he had nothing in writing saying we had requested the language rather than an opinion and there was resulting a complete misunderstanding since Solicitor Lynch was not present here at that meeting. Somehow, the information that got to him, and it was done other than in writing from the City Clerk, was not what we directed. However, if that's the practice, then my motion would be just to reconfirm that practice. But I am not aware since I have been on Council that that practice is followed and it hurts, in instances like this.

Mr. Stone:

I don't mind passing motions of this type but I think it gives the slight impression of impugning someone's work. Mr. Lucchino, you spoke personally to the Solicitor last Friday and made it imminently clear to him, as far as the Solicitor was concerned, what we wanted. It was not here before us for this meeting, although there is no question of what you told him on Friday, as to the language necessary.

No matter how it would have been done, I don't believe it would have been forthcoming and I don't want any imputation that the City Clerk doesn't do something right, when you, yourself told him, point blank on Friday, what he was to do.

Mr. Lucchino:

I mean to impute nothing improper. I think they carry forth their duties very well. It is not my impression, however, that in every instance, Council wishes them to communicate with the Law Department in writing. I think if that is the wish of Council, we ought to approve this motion. It would then be very clear and the City Clerk would not have any problem understanding what we want.

Mr. Lynch:

I would concur with the intentions of Mr. Lucchino in his motion, but I point out, there is a tendency on the part of directors to set up artificial requirements to get information from the departments. In the past, I have had difficulty getting data because directors have indicated they cannot release anything without a written request and I think Council, in wanting data, should be entitled to whatever data or papers, or records he wishes to see without any written request. I am reluctant to embark on a program where we formally empower Council to seek information from a director only on a written-request basis. I

think, to be consistent, when we make a request to the City Clerk, he should follow through in writing. I wonder about the wisdom of making a formal motion on this. I think it unwise.

Mr. Lucchino:

I think the issue is not directed to any department head. It is just to make clear to the City Clerk this is what we want him to do. I don't think this Council is bound to deal with any director. I think we should direct the City Clerk to do this.

Mr. Lynch:

I think we can do this through the President.

Mr. Stone:

What happens in the past, where I wanted something of technical quality. I have gone to the City Clerk and dictated to him so he can get things in motion. You want to make sure you get the question framed properly but to ask him to frame the question, we may get differences of opinion over what we, ourselves, want and what he eventually writes.

Therefore, I go to the City Clerk, tell him what is to be done, and there has never been one instance where there has been any problem.

Mr. Kamyk:

Mr. President, I don't think this motion is necessary at all because at every Committee meeting, or meetings of Committee that we have, the motions are made to direct the Clerk to send a letter or some correspondence to the Director or to the Solicitor, and in the past, the Clerk so does. We make that motion every time we require any information from those people and ask the City Clerk to get the information to us.

Mr. Lucchino:

I could go along with Mr. Kamyk.

if he would point out where the direction was regarding severance pay.

Mr. DiNardo:

I was not instructed to send a letter.

Mr. Lucchino:

That's exactly the question. It was clear we wanted a change in language and it shouldn't be necessary for us to instruct to send a letter each time.

Mr. Kamyk:

The City Clerk should be instructed by us at all times and not have to depend on himself to make that decision.

Mr. Lynch:

I would ask you to rule on point of order, the proper procedure. Do we pass ordinances to give orders to our own staff?

Mr. Lucchino:

It is only a motion.

Mr. Calugiuri:

You stated you wanted written requests to the Law Department. You're saying now you want written requests to go out to any director?

Mr. Lucchino:

It just says when Council requests a legal opinion or legal direction from the City Law Department, the Clerk notifies the law Department, immediately, in writing. There is nothing revolutionary about this. Everybody says it has always been done this way and we should let the City Clerk know what we want done. Mr. Stone questioned that Solicitor Lynch did not receive a request in writing and Solicitor Lynch says no request was ever made.

The City Clerk should have a copy of that request, it was either made on December 15th or it wasn't. Let's put it in writing.

Mr. Stone:

If you're saying we should follow up any request in writing, that is one thing. I don't think that was clear. I wanted it clear it was not intended to impugn the City Clerk's work. He does what people tell him to do. He can't write a letter without someone's okay. If you're saying follow up a legal request in writing, no one has objections to that, as long as we're not chastising anyone.

Mr. Lucchino:

I'm merely saying do it in writing.

Mr. Caliguiri:

Why not any department? Why just to the Solicitor?

Mr. Mason:

You alluded to the fact there has been difficulty for the last four years trying to obtain or secure information from department heads on a verbal basis. As a matter of fact, City Council was told if it is not in writing, you weren't going to get it. Mr. Lynch is saying, out of experience of what we have had to deal with all along, when we sit in Committee meeting, the Law Department has a representative here. We have our minutes and our tapes and I am presuming, up until now, the instance you point out, that this was not done, everytime he writes a letter, he brings it back and clears it with me. I don't want to be redundant but we have records and we have everything else to work with and if we are not using our records appropriately, that might be another point.

Mr. Caliguiri:

Are you saying, because the Law Department has not responded for the last few weeks, you want it firm that any request for information from the Law Department, it is to go in writing?

Mr. Lucchino:

Right. We are directing the Clerk.

Mr. Caliguiri:

Only the Law Department?

Mr. Lucchino:

That's right.

Mr. Stone:

Would you entertain an amendment to your motion, Councilman, that whenever they want an opinion, they ask for it in writing?

Mr. Caliguiri:

But he's trying to make it automatic.

Mr. Lucchino:

That's right. I'm trying to see some check and balance. The City Clerk would keep a copy; that way, we wouldn't wait until five minutes to two to see that we have it. The City Clerk would have a copy of his letter, giving the day we are suppose to have it, say, Friday.

Mr. Mason:

We could spend 20 hours a week with the City Clerk.

Mr. Lucchino:

I am not suggesting we spend more time on this.

Mr. Caliguiri:

What Mr. Lucchino wants is to make automatic and request to the Law Department would be in writing.

Mr. Mason:

Are all in favor that henceforth any request to the Law Department be put in writing?

Mr. Lucchino:

Let me restate my motion. When Council requests a legal opinion or legal direction from the City Law Department, the City Clerk be directed immediately to so notify the City Law Department, in writing.

Mr. Lynch:

I would seriously suggest that limit its Council's ability to seek legal opinions through the City Clerk.

Mr. Lucchino:

No, it doesn't. It just says he would be directed to notify them as always.

Mr. Stone:

I would offer an amendment, if I can. That relative to any action that Council wants relative to the City Solicitor, that Council follow it up in writing, ministerially carry it out, whatever is appropriate at that time.

Mr. Caliguiri:

I might say, this is a practice of Council. This is already a policy of Council.

Mr. Stone:

Mr. Caliguiri, I just put an amendment to the motion, exactly as I said before, that Council will follow up in writing. Who is to do it is another thing.

Mr. Caliguiri:

You're considering the City Clerk as part of Council?

Mr. Stone:

Right, purely ministerial.

Mr. Lucchino:

My motion is, when Council asks a legal opinion from the City Law Department, the City Clerk immediately notify in writing. That motion has been amended by Mr. Stone. I call for a vote on the motion, as amended.

Which motion prevailed.

Mr. Stone moved

That Miss Ballinger be excused for absence from this meeting.

Which motion prevailed.

Mr. Caliguiri moved

That the Minutes of Council of Monday, January 28, 1974, be approved.

Which motion prevailed.

And on motion of Mr. Caliguiri,

Council adjourned.

UNFINISHED BUSINESS

The Chair presented

Bill No. 94. RESOLVED, That the appointment by the Mayor of Mr. Stephen Laffey of 4411 Bayard Street, be and the same is hereby approved and confirmed as Chief Magistrate in City Court.

Which was read.

Also.

Bill No. 96. RESOLVED, That the

appointment by the Mayor of Mr. John Chapas of 408 E. Robinson Street, be and the same is hereby approved and confirmed as a Magistrate in City Court.

Which was read.

Also.

Bill No. 98. RESOLVED, That the appointment by the Mayor of Magistrate Anthony Troiano of 747 Dunmore Street, be and the same is hereby approved and confirmed as a Magistrate in City Court.

Which was read.

Also.

Bill No. 100. RESOLVED, That the appointment by the Mayor of Mr. Louis Dadowski, 4214 Davison Street, be and the same is hereby approved and confirmed as a Magistrate in Traffic Court.

Which was read.

Also

Bill No. 102. RESOLVED, That the appointment by the Mayor of Mr. Alan Penkower, of 6339 Douglas Avenue, be and the same is hereby approved and confirmed as a Magistrate in Housing Court.

Which was read.

Mr. DePasquale:

Are we voting individually on these appointments, or as a group?

Mr. Mason:

As you wish.

Mr. Caliguiri:

The fact we do not have a full complement of Council, I think these appointments are important enough that all should be present. In light of that, I move we hold this for another two weeks.

Mr. DePasquale:

Second the motion.

Mr. Kamyk:

I have been thinking about this

holding from week to week for some time now and my opinion is, if there is any change to be made, it should be made with the origination, by amending the Charter, which at present states the City is entitled to between five and eight City Magistrates. I believe we have six so the City is entitled to between five and eight, according the Charter. I would like to state also that with all this stuff about home rule, I think this type of procedure is going away from Home Rule—taking home rule away from the City of Pittsburgh—because if the City of Pittsburgh gives up its own judiciary, they won't have home rule as far as judiciary is concerned.

I am opposed to holding it any further. I won't oppose it by vote because I wouldn't want to hurt any of these persons named by the Mayor. I think they are all good people and I think they ought to be confirmed.

If any Councilman or anybody is interested in eliminating that procedure, they should go to the State Legislature and have the State Legislature amend the Charter and remove them from the Charter. This is the procedure.

I think when you're just holding it up and not confirming, we're acting against the good works as far as those people are concerned. I don't believe we are opposed to any of them, except that the procedure has been challenged and someone wants to make a change and take the City Magistrates out of the action, and let the County and State handle it with their Justices of the Peace.

Mr. DePasquale:

With all due respect to Mr. Kamyk's remarks, I wonder if Mr. Caliguiri would change his motion to a table motion, rather than a holding motion.

Mr. Caliguiri:

A table motion?

Mr. Lynch:

I would concur with Mr. DePasquale. I don't know whether there is such a motion. Let's ask our Parliamentarian. Is the 'motion to hold' proper?

Mr. Mulvihill:

'To defer' is the proper motion.

Mr. Mason:

Can you make a motion while this motion is on the floor? That motion to table does not supercede the motion to hold? In other words, the 'motion to table' cannot supercede a motion already on the floor?

Mr. Mulvihill:

Not without the participation of the mover of the motion.

Mr. Mason:

Then the motion is to defer action until March 4th.

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Ayes:

Miss Ballinger	Mr. Lucchino
Mr. Caliguiri	Mr. Mason
Mr. DePasquale	(Pres't)

Noes:

Mr. Coyne	Mr. Kamyk
Mr. Lynch	

Ayes 5. Noes 3.

And a majority of the votes of Council being in the affirmative, the motion to defer action on the appointments prevailed.

UNFINISHED BUSINESS

The Chair presented

Bill No. 94. RESOLVED, That the appointment by the Mayor of Mr. Stephen Laffey of 4411 Bayard Street, be and the same is hereby approved and confirmed as Chief Magistrate in City Court.

Which was read.

Mr. Lucchino:

Are we going to take them one-by-one?

Mr. Mason:

Whatever you wish. I had made the decision to take them one at a time.

Mr. Stone:

Mr. President, I have been studying—

Mr. Mason:

We haven't had a motion yet.

Mr. Stone:

I would like to make my remarks prior to any motion.

I have been further studying the proposed elimination of the City of Pittsburgh's magistrate system and even after a public hearing on this matter, I see, for me at least, personally, further need for study. The super squires or justices of the peace see it as a meritorious legal change and it does, in fact, have some legal merit. Likewise, I see it as a saving factor because allegedly the President Judge of the Common Pleas Court of Allegheny County, Pennsylvania, proposes to cut their ranks if it is not done.

By way of comment, I see no merit, under any circumstances, in the further reduction of the amount of justices of the peace in Allegheny County. The community is entitled to its own justice of the peace who, behind the scenes, resolves many problems and prevents the institution of many legal actions which unfortunately do not appear in dollars collected from that court.

The Mayor sees the need of the continuation of the present system. Some of us see it allegedly as a money saver of our City Tax Dollar.

While there is merit in the independent elected trier of the facts, responsible to the people, I still have serious reservations today, at this moment—implementation. If we do not confirm the nominees today, they will still be there until the successor is elected or the court is eliminated. If, in the December, 1974, Budget, we do not appropriate funds, there is no assurance there will be a successor agency immediately.

In addition, there are other problems by a present elimination. The problem of centralized vs local court system. The law says a hearing will be held in the area of the crime, the policeman's precinct, and there would be a lesser load of cases. Obviously a time saver but under our criminal procedure and constitutional rights and provisions, those accused are entitled to representation by defense counsel, the bulk of which is now being handled by the Public Defenders Office. They have expressed grave concerns and emphasize that their staff is not now large enough and would entail a larger staff, so in effect, while we are saving our City Tax Dollar, we are increasing under the localized system, our County

Tax Dollar, and in either case, our Tax Dollar is affected.

If it is a centralized court system, we have a complete new system doing virtually what we are now doing. If we change the magistrates to justices of the peace, we might meet additional problems not now known. At least, we do not have a clean-cut appraisal of its future effect. Even after we act, there are other forces at work and it is still not resolved.

The City Government Study Commission is presently drafting a new City Charter. This new Charter proposal will be submitted to the voters in the November, 1974, election. In the meantime, they can retain the City Magistrate system or remove it, even after we take action.

The President Judge of the Court of Common Pleas of Allegheny County, with a justice of the peace study committee, is allegedly awaiting the actions of this City Council and then, and only then, will they unilaterally take action on the present amount of justices of the peace. This, in my opinion, is not the way it should be. It is a joint effort, because it affects all of us jointly. It therefore should be worked out together, if at all.

I believe our City is entitled to more than haphazard result, under the guise of legislation, even if there be merit. Especially is this so where justice is involved.

I believe this matter would be better resolved with the City of Pittsburgh Study Commission. They would put the issue squarely to the voters of Pittsburgh and this is as it should be.

I therefore move that the entire question of the elimination of City Magistrates, in the future, be referred to the City of Pittsburgh Government Study Commission for further study and ultimate presentation to the voters.

I also move the question of confirmation of the present appointments for City Magistrates.

I would also comment, I do not, in any way, fault the original proposal. I think there is merit based on legal considerations. I have no alternative but to take this

position at this time and ultimately, we may get to the results we want.

Mr. Mason:

You're indicating there is a motion before this house now placed by you that the magistrates be approved. Is there a second.

Mr. Lynch:

I second the motion.

Mr. DePasquale:

I would commend Mr. Stone on his presentation and I echo his sentiments.

Mr. Lucchino:

Is Mr. Stone's motion right now applying to Mr. Laffey?

Mr. Mason:

It was all encompassing, if I recall, for the approval of all magistrates.

Mr. Stone:

Can I do it this way, they. I would think perhaps they might be taken one at a time and in view of that, I therefore move for confirmation of the first appointee.

Mr. DePasquale:

Can we approve them as a whole?

Mr. Mason:

The motion is specific that we do it on a one-by-one basis.

Mr. Lucchino:

What is the Chair taking vote on now? Which one?

Mr. Mason:

We are voting on Resolution No. 94.

Mr. Stone:

If I may, let me straighten it out. Originally, my motion was to cover it all. Now, I think it must be done, one at a time. The first name up now is Mr. Laffey.

I move to confirm Mr. Laffey.

Mr. Mason:

The motion has been modified to insert the name. Is there a second?

Mr. DePasquale:

Second the motion.

Mr. Lucchino:

Mr. Stone has made certain remarks regarding the complications of this issue. I think this Council is doing itself a disservice if it believes these issues are complicated.

The issue is basically very simple. That issue is, will this Council give a vote of confidence to the present system or will it not. I think the members of this Council were present at the public hearing held on this matter and there is no need to rehash a lot of those issues. I would just ask the members of Council to recall the public hearing and recall in their minds whether there was any advocate for the present court system other than the Mayor, and I know they will reach the conclusion there was not.

Everybody who spoke at that hearing spoke against the present system, everyone having some idea as to some slight modification. It is true that the Court of Common Pleas is awaiting the decision of this body which is acting as representatives of the City of Pittsburgh as to what they want. They are not waiting for the Government Study Commission or anybody else. They are waiting for this body to give the Court of Common Pleas direction as to how they want to move.

I think neighborhood courts are vital to our city and elimination of any of them will be harmful to the citizens of the City of Pittsburgh. They handle civil cases, landlord-and-tenant cases, and neighborhood disputes. I think this Council has to take a four-square position behind these neighborhood courts.

Unfortunately, you have no other opportunity to take that position except this vote. All of the issues have been brought out. One of the large daily newspapers support this position. You have received communications from other prominent people in this community who have supported eliminating those courts. We have had those courts since 1901. At that time, we had a great number of justices of the peace in this City and aldermen. We never had payed, salaried magistrates. We don't need those men down there now.

Unfortunately, the personalities of those men are entering into the decision of this Council. You will have to divorce yourselves of personalities of those men or you will never be able to make a decision like this.

They're all probably friends of somebody who is here and no one wants to vote against a friend. You're going to have to vote for or against the system only.

I believe the duplication of services down there is unnecessary and the taxpayers look to this body to avoid duplication of services. The taxpayers said they wanted a unified judicial system and in that system, there is no room for magistrates under the control of an executive.

Mr. Stone mentioned the Government Study Commission. I would call to the attention of this Council the most recent and final decision made by the Study Commission on the issue of City Court. They do not mandate a city court in the Charter. In fact, they suggest doing just what we are supposed to be doing here today. Under Section 1301 of the City Charter Proposal, "so long as any office of City Magistrate exists," which means this Council will decide whether they want it or not.

There is no reason to delay the decision. There is every reason to make a decision today and the decision should be made to eliminate those courts which are unnecessary. To refer it to the Government Study Commission is not the action this Council should take because they are not going to deal with the problem any more. They have already voted and voted to leave it up to this Council. To talk about decentralized courts is not the issue before us. That is a judicial decision to be made by judicial authority. Private lawyers would like to have it done as conveniently for them as possible and they would like to have it centralized.

Every municipality outside the City of Pittsburgh is on a decentralized basis with private public defenders who go there and they assign very few to the City of Pittsburgh so the Public Defender's argument shouldn't carry any weight with this body and I request you give serious consideration to the elimination of this system.

Mr. Lynch:

In response to Mr. Lucchino's remarks, I would like to make some remarks. First of all, the comment that the court is awaiting Council's decision is speculative. I don't know that the courts has notified anyone of this.

Secondly, the comment entering this discussion as to a decision based on friends who may be in the magistrate system. I reject this, especially in view of the fact I took the position Mr. Lucchino is taking a few years back.

I have no particular friends in Magistrate Court and don't know any personal friends involved. Most are appointees by appointment of the Mayor whom I have never really supported at great length and whom I don't claim to be friendly with now, so I reject the implication there are personalities involved in this decision.

I have taken every effort to evaluate in the best interest of the City structure for this year and coming years.

Thirdly, I called Mr. Cunningham who is Executive Director of the Government Study Commission for Pittsburgh who informed me the Study Commission had side-stepped the issue and had, in fact, provided what they considered to be adequate remedies, whichever way City Council decided to set it up, but that he would not object to having City Council comply with Mr. Stone's motion that City Council refer it back to the Study Commission.

In those three areas, I can't agree with Mr. Lucchino and I support Mr. Stone's motion which is now before this body to approve the reappointment of Mr. Laffey and I will support the upcoming motion to refer the entire issue to the Study Commission.

Mr. DePasquale:

I don't want to delay the discussion but before Mr. Lucchino and Mr. Coyne became members of Council, records of this Council, with the exception of Mr. Lucchino and Mr. Coyne, will indicate this Council allocated funds for the present system. I think denial of this will impugn our character and cast dispersion on our ability. I have no quarrel with Mr. Lucchino or any-

one else but bear in mind, certain members voted and allocated funds to this and to go back on our word would be absolutely ridiculous.

Mr. Kamyk:

Mr. President, I, too, want to state I am for confirming the present magistrates who were appointed by the Mayor. I want to take issue with Councilman Lucchino's point that we might be supporting confirmation of these magistrates because we have friends among them. They're all my friends, although, in fact, I don't even know all of them. But I have friends among the justices of the peace who will be angry with me for voting for the confirming of the magistrates and I know that, too. But I am brave enough to vote for confirming of these magistrates. They are rightly appointed as per the present Charter and if there are changes to be made, then our present Charter ought to be changed first.

We're not voting because we are approving a change in the Charter but because we're going along with the Charter as it is. I think it is wise to leave it up to the Study Commission to see what they might say, but for now, I am for confirmation and I think if we give up our City judiciary system, we're going away from Home Rule instead of going into it. I ask everybody to support the confirmation of these appointees.

Mr. Stone:

I would point out, recently this body, after a motion of myself about the matter of the City Solicitor not being able to be removed without approval of City Council, we passed that motion unanimously and sent it to the Legislature. Since then, we received correspondence that since the Government Study Commission is operating, they ought to handle that matter so once and for all, their attitude was, it should be handled that way.

I would like it to be clearly understood, it is not an adversary kind of thing but I think in the end, we all want the same thing but the problem seems to be the way in which to do it.

Mr. Lucchino:

Since Mr. Stone brought up the issue

of the City Solicitor and it's being referred to the Study Commission, perhaps Council needs to be reminded that the Government Study Commission of the City of Pittsburgh voted against the wishes of this Council and completely turned down our idea sent to them about the City Solicitor and the Study Commission voted to leave the Solicitor exactly as it is now. It is relevant because Mr. Stone brought up the issue. I suggest it is not the answer. It didn't follow the wishes of Council.

Mr. Stone:

In view of these remarks, the Study Commission can hold it until the time of election and leave it to the people to decide. They can do anything. If we take it out, they can put it back in before the vote. That is why there is logic to what I am suggesting.

Mr. Mason:

The Chair would like Mr. Caliguiri to take the Chair because the Chairman would like to speak to the subject.

Mr. Caliguiri:

Mr. Mason?

Mr. Mason:

Thank you, Mr. President.

It seems to me that we are losing sight of certain facts. It seems to me that Council is an entity unto itself. It has to make decisions.

The budget has been closed and in light of that, it seems to me we don't have to hide our peanuts under an umbrella.

The position of police magistrate is provided both in the Pennsylvania Constitution and the Charter Act of the City of Pittsburgh. Section 21 of the Schedule to Article 5 of the 1968 Constitution provides

"Upon the establishment of magisterial districts pursuant to this article and schedule, and unless otherwise provided by law, the police magistrates, including those serving in the traffic court, the housing court and the city court shall continue as at present."

Article 16 of the City Charter Act, Act of March 7, 1901, as amended, says:

"Police power for taking information, making arrests, and preservation of the peace, heretofore vested in the mayor and five police magistrates, shall hereafter vest in the mayor and not less than five nor more than eight police magistrates, as shall be designated by ordinance, all of whom shall not be of the same political party; to be appointed by the Mayor subject to the approval of the select council in such districts of the city as shall by ordinance be designated, whose term of office shall be during good behavior and until a successor shall be appointed and approved. Said magistrates shall receive an annual salary, to be fixed by councils, and shall serve for the term of the mayor appointing them, but subject to removal by him."

Mr. President, it just seems to me, we have closed the budget, and now to reopen it and subject these gentlemen to their own demise, so to speak, why wasn't this subject brought up prior to budget time? It didn't happen until somebody raised the question at some given point within Common Pleas Court, commonly referred to, that this question came up. Now, it seems to me if this is going to be an issue, it should have been an issue before they were sworn in and I feel this matter ought to lie in rest, confirm the magistrates now serving, and if the question comes up in the future, we take it up then.

Mr. Caliguiri:

You're saying, because we have approved the salaries in the budget, in effect we are reopening the budget to take this matter up now?

Mr. Mason:

That is the effect of it.

Mr. Caliguiri:

Are there any questions on that before Mr. Mason assumes the Chair?

Mr. Mason:

I would like to move the question before the house. It is approval of Mr. Laffey, is that correct?

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne	Mr. Lynch
Mr. DePasquale	Mr. Stone
Mr. Kamyk	Mr. Mason
	(Pres't)

Noes

Mr. Caliguiri
Mr. Lucchino

Ayes 6. Noes 2. (Miss Ballinger not voting).

And a majority of the votes of Council being in the affirmative, the appointment of Mr. Stephen Laffey as Chief Magistrate in City Court was approved.

Also,

Bill No. 96. RESOLVED, That the appointment by the Mayor of Mr. John Chapas of 408 E. Robinson Street, be and the same is hereby approved and confirmed as a Magistrate in City Court.

Which was read.

Mr. Stone moved

That the appointment be approved.

Mr. DePasquale

Seconded the motion.

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Ayes:

Miss Ballinger	Mr. Kamyk
Mr. Caliguiri	Mr. Lynch
Mr. Coyne	Mr. Stone
Mr. DePasquale	Mr. Mason
	(Pres't)

Ayes 8. Noes one (Mr. Lucchino voting "No").

And a majority of the votes of Council being in the affirmative, the appointment of John Chapas as a Magistrate in City Court was approved.

Also,

Bill No. 98. RESOLVED, That the appointment by the Mayor of Magistrate Anthony Troiano of 747 Dunmore Street, be and the same is hereby approved and confirmed as a Magistrate in City Court.

Which was read.

Mr. Stone moved

That the appointment be approved.

Mr. DePasquale

Seconded the motion.

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Ayes:

Miss Ballinger	Mr. Lynch
Mr. Coyne	Mr. Stone
Mr. DePasquale	Mr. Mason
Mr. Kamyk	(Pres't)

Noes:

Mr. Caliguiri
Mr. Lucchino

Ayes 7. Noes 2.

And a majority of the votes of Council being in the affirmative, the appointment of Anthony Troiano as a Magistrate in City Court was approved.

Also,

Bill No. 100. RESOLVED, That the appointment by the Mayor of Mr. Louis Dadowski, 4214 Davison Street, be and the same is hereby approved and confirmed as a Magistrate in Traffic Court.

Which was read.

Mr. Lucchino:

Mr. President, I call attention to Article 5, Section 16 of the Constitution of Pennsylvania which reads in its first Section, "Justices, judges, and Justices of the Peace shall be retired upon reaching the age of 70 years." Mr. Dadowski's birthdate is August 16, 1901, making him approaching his 73rd year.

The people of Pennsylvania have

decided their judicial officials shall retire at the age of 70. We have seen Hugh Boyle of Orphans Court, Loran Lewis and Judge Alpern, and many judges and justices were retired at the age of 70. I think there is no question it would be intended that every judicial official in Pennsylvania should retire at 70 and for anyone to say there should be exception to that rule is patently absurd.

There is no question this Council should act to fill potential loopholes as projected by the people of this State and I call upon you and you are called upon to vote, "No," not to the personality because that is not what they used in retiring the three above.

The issue is, what did the people of Pennsylvania decide and I think they decided their judicial officials should retire at 70 and it applies here.

Mr. Mason:

May I get some clarification here? Does it state judges, justices or judges of the peace shall be retired upon attaining the age of 70?

Mr. Stone:

I move for confirmation.

Mr. DePasquale:

Are magistrates considered justices of the peace?

Mr. Lucchino:

It does not say magistrates, but to read it that magistrates are excluded means you are saying every judicial official in Pennsylvania except the City's six magistrates are covered by the Pennsylvania Constitution. I don't think that's what is meant by this.

Mr. Stone:

I think this judicial system is not under the usual Court Act. It does not cover our City Magistrates and in view of that, I move for confirmation.

Mr. DePasquale:

If Mr. Dadowski is over 70, I have some reservations, myself.

Noes:

Miss Ballinger
Mr. Lucchino

Ayes 7. Noes 2.

And a majority of the votes of Council being in the affirmative, the appointment of Louis Dadowski as a Magistrate in Traffic Court was approved.

Mr. Lynch:

I would point out for the record, I inquired of the Solicitor's Office and I am informed, according to the Assistant City Solicitor, this does not apply to magistrates.

Mr. Mulvihill:

Mr. Chairman, I gave him my personal view but suggested it be submitted to the Law Department for a formal legal opinion.

Miss Ballinger:

Mr. Chairman, I want to say, I am consistent with my vote because when they were originally confirmed, I abstained.

Mr. Lynch:

I hope there is no penalty for being inconsistent because I voted against them once or twice.

Also,

Bill No. 102. RESOLVED, That the appointment by the Mayor of Mr. Alan Penkower, of 6339 Douglas Avenue, be and the same is hereby approved and confirmed as a Magistrate in Housing Court.

Which was read.

Mr. Stone moved

That the appointment be approved.

Mr. Lynch

Seconded the motion.

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Ayes:

Miss Ballinger	Mr. Lynch
Mr. Caliguiri	Mr. Stone
Mr. Coyne	Mr. Mason
Mr. DePasquale	(Pres't)
Mr. Kamyk	

Ayes 8. Noes one (Mr. Lucchino voting "No").

And a majority of the votes of Council being in the affirmative, the appointment of Alan Penkower as a Magistrate in Housing Court was approved.

Mr. Caliguiri:

I would make comment, since the vote is over, that Council, between now and the end of the year, that we do take this question again under consideration as to whether or not we are going to retain all of the courts, whether we want to eliminate some of them and keep the Housing Court. I feel strongly about Traffic Court and I voted accordingly. I think we should consider this entire matter at budget time.

Mr. Stone:

Mr. President, on this same subject, I would like to renew my original motion and that is, the entire question of elimination of City Magistrates be referred to the Government Study Commission for further study and ultimate presentation to the voters of the City of Pittsburgh for their final approval.

Mr. Lynch:

Second the motion.

Mr. Mason:

The motion is passed.

The Chair gets disturbed when other agencies, including Common Pleas Court, attempt to force views on this Council and never communicate same. If there are these reservations by Common Pleas Court, their executive director never did come out and state unreservedly that he was against it. Everybody perforces their ideas on City Council who are supposed to jump like a monkey on a stick and it gets a little bit tiresome. If

Mr. Stone presented

No. 309. Report of the Committee on Planning and Redevelopment for February 27, 1974, transmitting sundry ordinances to Council.

Which was read.

Also, with an affirmative recommendation,

Bill No. 85. An Ordinance entitled, "An Ordinance designating as Districts of Historic and Landmark Significance under Section 3(a) of the Historic and Landmark Ordinance, No. 128, approved April 7, 1971, as amended, those certain structures known as:

1. Pittsburgh and Lake Erie Railroad Station
2. Byers-Lyons House
3. B. F. Jones, Jr. House
4. William Penn Snyder House
5. Allegheny Library
6. Monongahela Incline
7. Old Heidelberg Apartments."

Which was read.

Mr. Caliguiri:

Mr. President, if I may, on this Bill No. 85, there was some concern of the owners of the Old Heidelberg Apartments and I believe also the Byers-Lyons House.

Their only concern was that if and when they wanted to make some altera-

tions. I would like to see this go on record that we would support that there be no prevention of that. This is private ownership and we should see that this delay doesn't happen.

Mr. Stone:

It is my understanding there is no delay nor refusal to permit repairs. The only condition they have, since it is an historic area, they would like to have it remodeled or repaired in the same like and kind and that is the only restriction.

Mr. Caliguiri:

I think the Planning Commission, if it would have to come to us, we would work with those people just so their concerns are not minimized.

Mr. Lynch:

You're saying the terms of zoning don't apply here?

Mr. Caliguiri:

The only thing, since they are considered historic landmarks, if and when they want to make alteration, they must go to the Planning Commission. These people are concerned they may be denied that, or held back, but we are now saying, this is not going to be the case. The Planning Commission says they can come to Council and we could then see to it that there would be no delay.

Mr. Lynch:

I have—I don't know—I have some reservations about it. I'm going to let my vote stand here but I have some reservation about controls on private property. As a general proposition, I think private property ought to be subject to the control of the owner. I recognize sometimes the ownership of property of great historic significance will fall into the hands of persons who will foolishly mishandle it to the detriment of the community or perhaps something to that effect, but as a general proposition, I would caution the Planning Commission and the City that private property does have with it all the rights inherent to the owner of that private property and in the case of a house or apartment building, it ought to not be

this Council and ask for this renovation work, we, as Council, can grant this.

Mr. Caliguiri:

Mr. Coyne is absolutely correct. Mr. Lucchino says we can only delay it for six months. If a roof is leaking, you can't delay that, so as Mr. Coyne says, if there is a problem, it won't be delayed, even the six months and I would want those who expressed their concerns to know that we concur with their concerns.

Bill No. 274. An Ordinance entitled, "An Ordinance approving a Conditional Use under Section 2801-1-A-(16) of the Zoning Ordinance, No. 192, approved May 10, 1948, as amended, for construction of a motor freight terminal facility with thirty-eight loading docks and eighty-seven parking spaces on 204,407 sq. ft. of property owned by the Mellon-Stuart Company, zoned 'M3' Light Industrial District and identified as Parcel 9 and 9A in the Chartiers Valley Redevelopment Area No. 24, 28th Ward."

Which was read.

Also,

Bill No. 275. An Ordinance entitled, "An Ordinance approving a Conditional Use under Section 2801-1-A-(33) of the Zoning Ordinance, No. 192, approved May 10, 1958, as amended, for construction of a eight story housing for the elderly building containing 153 dwelling units for the Housing Authority of the City of Pittsburgh, on certain property zoned 'R4' Multiple-Family Residence District being Lot Numbered 1 in the Glen Hazel Heights Plan No. 1 Plan of Lots recorded in the Plan Book Vol. 92, Pages 13 and 14, located at the intersection of Johnston Avenue and Rosselle Court 14th Ward."

Which was read.

Also,

Bill No. 276. An Ordinance entitled, "An Ordinance approving a Conditional Use under Section 2801-1-A-(3) of the Zoning Ordinance, No. 192, approved May 10, 1958, as amended, for erection of a two-level mausoleum in an 'S'

Special District on certain property known as Calvary Cemetery of the Catholic Cemeteries Association, more particularly within the northeasterly quadrant of the cemetery, in the vicinity of Hazelwood Avenue and Brown's Hill Road, 15th Ward."

Which was read.

The titles of the bills were read and agreed to.

The bills were read on final action.

Mr. Stone:

Mr. President, during the 1974 Budget hearings, there was much discussion about Emergency Medical Services, the subject matter of Bill Number 323, being introduced today.

In December, 1973, the Mayor felt that this City should not engage in more than "housekeeping chores." He felt that residents should not be called upon to pay for social service programs. He termed those services the responsibility of Federal, State and County governments.

He, in December, 1973, felt that Emergency Medical Care was one of those programs that this City should not pick up.

At that time, City Council felt otherwise, and unanimously approved the Emergency Medical Care Program, and made available the necessary appropriations.

This morning, the Mayor informed the members of City Council, meeting with him in the Mayor's Conference, that Emergency Medical Service, a social service (which he, heretofore, felt should not be picked up by the City) should now be a part of the City of Pittsburgh's program.

I am proud to have been one of the strong advocates of this program during the 1974 Budget deliberations.

Shortly after the Budget was accepted, I made public a program for the City of Pittsburgh involving either the City Police or the City Firemen.

This program was printed in one of our Pittsburgh newspapers. I felt strongly that the City of Pittsburgh had the capabilities, within those departments, to easily provide Emergency Medical care, and that all that was necessary, to make this plan a reality, was the desire to implement it.

Today, at the Mayor's Conference, it was announced that an Emergency Medical Care Program would be instituted in the City of Pittsburgh. This program is basically the same program which this Council had fully endorsed, during the December, 1973, Budget deliberations. Council, in its wisdom and awareness of its responsibilities appropriated funds for the program. The new program shall be briefly described as follows:

1. It shall be a program totally under the Police Department of the City of Pittsburgh.
2. The City shall buy five new ambulances, with full emergency medical care equipment.
3. All other City ambulances are to be upgraded in their present equipment.
4. All police personnel, connected with the five new emergency medical care units shall be upgraded in their training, to the EMT II level, within the next six to nine months, and
5. All policemen will receive a minimum of 40 hours in emergency care, EMT I's.

This news is welcome.

That the Mayor did not see the wisdom in this program in December, 1973, is amazing.

Whether his present aspirations for higher and better things have broadened his thinking, I do not know, but we welcome his change of heart, his change of perspective, his change of awareness, and his admission that City Council, in this instance, was correct in appropriating the funds, for without the funds, we would not today be able to implement the service.

While we make note of this change of perspective on his part, we strongly welcome it, for the program, Emergency Medical Care, dealing with the most precious

commodity of all, life itself, should have no obstacle, difference, or approach, in its way.

While we welcome the Mayor's change of heart, we are more happy about the acceptance and implementation of the Emergency Medical Care services, than we are about claiming credit for having the foresight to see its need.

In conclusion, I believe it to be welcome news to all the residents of the City of Pittsburgh.

Which was read.

Mr. Mason:

Before I cast my vote—since I have the right to vote, I can speak without giving up the Chair. I am advised on this Parliamentary procedure. Here we have two bills before us relative to public safety, relative to fire stations. One calls for a raise from \$225,000 to \$334,000, an increase of \$109,000. One calls for only the amount of \$250,000, now raised to \$400,000, an increase of \$150,000.

Gentlemen, I don't see how we could pass these bills, but apparently you have voted for it, and since you knew my position on the Herron Hill site, let me say it more vigorously. Gentlemen, we have passed the bill, which I do not approve, simply because they are still taking core borings up there to find out if they can build it and this is a tremendous, traumatic shock to me. Before the original core borings were taken, the bill was introduced. On the day I stopped by my oil station on Herron Avenue, which is just across the street, they were still taking core borings, and yet we passed this. It just seems to me there must be some ridiculousness, if there is such a word, to this kind of action, where we increase by \$109,000 and another by \$150,000, for public safety.

There is certain information we ought to have before we take action and originally, when Mr. Shields and I were fighting against these bills, we knew a little bit about what we were talking about. Therefore, my vote is, "No."

Mr. DePasquale:

I realize I have already cast my vote, but I was present when we were assured core borings were taken, and now you say they are still taking them. If they find it not suitable, they probably won't build anything. I think we should have been informed of this before this meeting.

Mr. Mason:

We did get department heads to come in here and tell us the supposed truth, but we get a facade of misrepresentations, which I deeply resent.

Mr. DePasquale:

Did this just come to your attention this morning?

Mr. Mason:

I became aware of this last Thursday.

Mr. DePasquale:

Why didn't you bring it before Council?

Mr. Mason:

I couldn't. It was after our last Committee meeting.

Mr. DePasquale:

In view of this, I would like to change my vote to "No."

Mr. Kamyk:

Mr. President, I do recall that you opposed the original introduction of the bill and the reason, as far as I know, was because you were for another location. These neighborhoods need a fire house with the engine and trucks, etc., and I do believe they need one here. I would have more trust in the expertise of the people involved than in your judgment.

Mr. Mason:

I appreciate that, Mr. Kamyk, but when they are still taking core borings where I happen to live, then they have not told us the truth. They don't even know whether they can build it there or not. It matters little, because I'm voting, "No."

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

MOTIONS AND RESOLUTIONS

Mr. Caliguiri presented

Bill No. 357.

WHEREAS, the Variety Club was founded in Pittsburgh by a group of eleven local showmen; and

WHEREAS, when a baby girl was found abandoned in the lobby of the Sheridan Square Theatre in East Liberty on Christmas Eve, 1927, by one of the members of Variety, this benevolent team chose to "adopt" and support the welfare of the infant; and

WHEREAS, Variety has grown from Tent Number One in Pittsburgh, to 39 Tents in eight countries throughout the world, all engaged in charitable endeavors; and

WHEREAS, Variety members have raised and disbursed 200 hundred million dollars to help children in 20 nations; and

WHEREAS, their local Tent Number One has been visible in assisting children through Camp Variety, and other charitable organizations; and

WHEREAS, Attorney James M. Ecker, Chief Barker of Variety, and his talented crew are planning a series of activities in worthwhile efforts to help mankind in general and children in particular.

NOW, THEREFORE, Be it Resolved, that the Mayor and the Members of the Council of the City of Pittsburgh do proclaim the week of March 18th through 23rd, 1974, as Variety Club Week in Pittsburgh, and salute this honorable organization whose direction recognizes that "a little child shall lead them."

Which was read.

Mr. Caliguiri moved

The adoption of the resolution.

Which motion prevailed.

Mr. Caliguiri:

Mr. President, if I may, with the permission of the Chair and my colleagues, we have in the audience here, James Ecker, Chief Barker of Variety Club, and Nick Lazzaro, who is Chairman, and Mr. James Werle, who is Camp Variety Chairman.

Gentlemen, we are pleased to have you here today and with the permission of Council, I would ask Mr. Ecker to take one moment to tell us what is going to happen next week.

Mr. Mason:

It can only be with unanimous consent of Council.

Mr. Caliguiri:

It will only take a minute to explain some of the activities that will be taking place next week.

Mr. Ecker:

Mr. President, members of Council, first of all, I would like to thank you very much for this Resolution on behalf of Variety Club.

Second of all, it is a pleasure to see City Council again. Each one of you are, as you know, a member of Variety Club.

Starting next week, we have a variety of recreational activity every day at lunch

time and every evening. We hope each one of you is there.

Nick Lazzaro is a former City policeman, and is now Chairman of Variety Week. This Wednesday, the First Distinguished Service Award will be given to a Pittsburgh policeman and Fireman who has done more this year than any other officer, and we would like to see each one of you there, along with the members of the press, and Mr. Mulvihill. All will be welcome.

Mr. Lynch presented

Bill No. 358.

WHEREAS, it has pleased Almighty God, and is in His infinite wisdom to have removed from our midst, by death on March 5, 1974, Robert W. Duggan, District Attorney of Allegheny County.

Born in Pittsburgh, January 27, 1926, he was the son of Blanche Kane Duggan and the late Frank L. Duggan.

He attended Shady Side Academy, graduating in 1944. Thereafter he attended the University of Pennsylvania and graduated from the University of Pittsburgh Law School.

He was elected District Attorney of Allegheny County for three consecutive terms, 1964, 1968 and 1972.

Robert W. Duggan will be remembered as a man who served the people with distinction and honor. At all times he gave of his talent, ability and energy unselfishly and with a conscientious devotion to the duties and responsibilities that were placed upon him.

He was an outstanding American citizen whose heart beat in harmony with the best traditions of his country.

He is survived by his widow, Cordelia Scaife May Duggan; his mother, Blanche Kane Duggan; and his two brothers, Frank L. Duggan, Jr. and John Duggan.

NOW THEREFORE BE IT RESOLVED, That the Mayor and the members of the Council of the City of Pittsburgh express their deep sorrow at his passing; that this resolution be spread upon the minutes

of Council; and that a copy of this expression be sent to his bereaved family.

Which was read.

Mr. Lynch moved

The adoption of the resolution.

Which motion prevailed.

Mr. Lynch:

I would like to mention for the record that Resolution was composed by Mr. Mead Mulvihill who was a personal friend of Mr. Duggan. I think the record should show he compiled that moving Resolution.

Mr. DePasquale:

Mr. Chairman, some 20 months ago, we all recall Council finally chose a site for a convention center, commonly known as the Penn Central site. A month or so back, there were some comments passed back and forth that there apparently was some sort of snarl at Penn Central where perhaps they could never realize a convention center at that locality. I made a statement that we should have a hearing with all parties involved and look into perhaps another site immediately and I was immediately challenged by the newspapers.

I took it, then, upon myself to call Harrisburg and I talked to Pop Jones who is Chairman of the Board of the General State Authority. Pop said, Dear Jeep is the way he addressed me, "the only reason I am talking about this is because you're a friend of mine. Otherwise, I feel like washing my hands of the whole thing. Its a ridiculous and hopeless situation with Penn Central. We made several offers and the Penn Central people seem to show no interest. Either they won't sell or can't sell that property. I don't care to discuss the matter any further. It is absolutely ridiculous."

I immediately contacted the Vice President of Channel 2, and also a representative of our morning newspaper and told them of Pop Jones' remarks.

Then, this morning, I picked up this morning's Editorial Page, which says:

"As the architects see it, construction without track removal (referring to tracks on the 10th Street

site) would mean: 1) the loss of 40,000 square feet on the ground floor of a site already limited in size, only 6.8 acres; 2) the loss of 11th Street as an entrance, with neither the City nor the project's supporters wanting to use Penn Avenue for trucking purposes; . . ."

They cite other reasons, many more, that I won't go into today. Then, down further, they say:

"What's more, the bankrupt Penn Central has been instructed not to abandon any of its lines for at least two years pending a study of the whole concept of rail reorganization in the northeast.

"Inevitably, then, it will be a long time before the GSA could acquire the 10th Street site with or without tracks.

"If sponsors of a convention-exposition hall are serious, as we believe them to be, they will, in view of the 10th Street handicaps, turn their attention to alternate sites that lend themselves to prompt action."

In line with this, I again renew my plea that we have a hearing in regards to choosing another site for the convention center. We did so months ago, and I thought we would get the ball moving.

I think we now should invite representatives of Penn Central, the General State Authority, Triad, and the Pittsburgh Convention Bureau. If it is in such a hopeless snarl, we had better get on with the business of choosing another site, and hopefully, some day, we will have a convention center in the City of Pittsburgh. It just seems to me, if we can't get together on a site, let's abandon talking about a convention center and stop making ourselves look ridiculous.

Mr. Mason:

Are you saying City Council looks ridiculous?

Mr. DePasquale:

I am saying, Penn Central apparently was a logical site, which we had al-

ready chosen. Why abandon it? I say, we have to abandon it because we are never going to build one on this site. We're not closer to one now than when we were talking of having one in Oakland ten years ago.

I suggest we have a hearing and air this out again. It is distasteful to me, and to the other members of Council, but I see no other choice, if we are going to have a convention center at all.

Mr. Mason:

Your suggestion is to invite the responsible people in to a public meeting to air this problem.

Mr. Caliguiri:

Just to clarify, we are now talking about people involved in the Penn Central site, inviting them in to find out if it is going forward or not. There seems to be conflicting testimony, as regarding this site, and we're talking about bringing people in to find out if this is going to be, in fact, the site of the convention center. You would want someone here from GSA, also.

Mr. DePasquale:

I think this is necessary to bring it out to the public that City Council is concerned. We're tired of being the whipping boys over this.

Mr. Stone:

I have likewise been concerned about the present status of the convention center. I have been trying to get information from

City Planning as to whether or not the center will or will not be able to be erected with some promptness at the 10th Street site and as yet, we still haven't gotten the concrete information necessary. I think Mr. DePasquale's suggestion is a valid one and I think we ought, before turning around in any direction, determine whether this site is or is not, with some immediacy, an acceptable site. With that in mind, I think it might behoove us to call in the General State Authority to find out where it stands on their level and call in some responsible individuals from the railroad to explain whatever obstacles they have. These are suggestions for the President of Council to take under advisement.

Mr. Caliguiri moved

That Miss Ballinger be excused for absence from this meeting.

Which motion prevailed.

Mr. Lynch moved

That the Minutes of Council of Monday, March 4, 1974, be approved.

Which motion prevailed.

Mr. DePasquale moved

That this meeting of Council adjourn with a moment of silent prayer in memory of the late Robert W. Duggan, District Attorney of Allegheny County.

Which motion prevailed.

And Council adjourned.

The Chair presented

Bill No. 413.

CITY OF PITTSBURGH

March 18, 1974

President and Members of Council
510 City-County Building
Pittsburgh, Pennsylvania

Dear Gentlemen and Madam:

I am forwarding a Resolution for the confirmation of Magistrate Joseph W. Givens.

Very truly yours,
PETE FLAHERTY

PF: fkn

Encl.

Which was read, received and filed.

Also,

Bill No. 414. RESOLVED, That the appointment by the Mayor of Mr. Joseph Givens of 3122 Iowa Street, be and the same is hereby approved and confirmed as a Magistrate in City Court.

Which was read.

Mr. DePasquale moved

The adoption of the resolution.

Mr. Lucchino:

All to be said on this issue has been said, but there are just two items of interest I would like to add.

With regard to Mr. Givens' date of birth, it is November 6, 1900, so he is approaching 74 years of age.

I couldn't let go by, mention of the coincidence of Chief Judge John Sirica, who must retire at the age of 70, which is, I believe, today.

I would move he not be approved.

Mr. Mason:

It is my understanding that is not applicable to the magistrates of City Court.

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne
Mr. DePasquale

MOTIONS AND RESOLUTIONS

Mr. Stone presented

Bill No. 452. WHEREAS: Pittsburgh is the center of the northeast quadrant of the United States of America, the highly industrialized, densely populated area to be served by the proposed new railroad corporations; and

WHEREAS: Pittsburgh is located centrally among New York, New England, Washington, D. C., Philadelphia, Detroit, Cleveland, Chicago, Louisville, Buffalo, Norfolk, and St. Louis; and

WHEREAS: Pittsburgh industry generates the largest rail tonnage in the nation; and

WHEREAS: Pittsburgh is the focal point of five on-line trunk railroads in the northeast—Chessie System, Bessemer & Lake Erie, Norfolk and Western, Pittsburgh & Lake Erie, and Penn Central; and

WHEREAS: Pittsburgh is the nation's third largest operating headquarters of major corporations, second in rank in invested capital, a center of industrial research and development; and

WHEREAS: Pittsburgh has a pool of quality labor with diverse skills and is a major labor union headquarters; and

WHEREAS: Pittsburgh, the Renaissance City, with its deep-rooted traditions of the ethnic-nurtured excellence of managerial and manual workmanship, continually replenishes its reservoir of manpower; and its unsurpassed institutions of higher learning offer degree courses in engineering, business administration, traffic and transportation; and

WHEREAS: The Board of Directors of the Greater Pittsburgh Chamber of Commerce have directed that all appropriate steps be taken now and in the future by its officers and members to persuade the Congress of the United States of America and

other interested governmental, public and private agencies and organizations that Pittsburgh, Pennsylvania, is the logical headquarters city for the proposed United Rail Corporation, or its equivalent as may emerge in legislative consummation of plans for the reorganization of the northeastern railways:

NOW, THEREFORE, BE IT RESOLVED: That the Mayor and the members of Council of the City of Pittsburgh wholeheartedly support and endorse the resolution, desire and intentions of the Board of Directors of the Greater Pittsburgh Chamber of Commerce; and

BE IT FURTHER RESOLVED: That the Mayor and members of this Council hereby direct that all appropriate steps be taken, now and in the future, by its department heads, directors, and all other city representatives and personnel, to persuade the Congress of the United States of America and other interested governmental, public and private agencies and organizations that Pittsburgh, Pennsylvania, is the logical headquarters city for the proposed United Rail Corporation, or its equivalent as may emerge in legislative consummation of plans for the reorganization of the northeastern railways.

Which was read.

Mr. Stone moved

The adoption of the resolution.

Which motion prevailed.

Miss Ballinger presented

Bill No. 453. WHEREAS, The President of City Council appointed a subcommittee chaired by Councilwoman Amy Ballinger, Councilman Eugene P. DePasquale and Councilman Robert Rade Stone; and

WHEREAS, Chairman Ballinger appointed a Committee of Citizens of the City of Pittsburgh to explore the possibilities of Cable TV in the City; and

WHEREAS, This Committee will incur expenses from time to time; and

**THEREFORE, BE IT
RESOLVED** That this Council recognizes this Citizen's Committee as a necessary part of the subcommittee.

Which was read.

Mr. Lucchino:

Not having been a member of Council at the time the subcommittee was formed—what is the purpose of the resolution? Wasn't this covered by the previous resolution?

Ms. Ballinger:

There was never a resolution adopted recognizing the committee and this is all this does—recognizes the subcommittee, the original committee, that was previously appointed.

Mr. Lucchino:

The issue about expenses. What does that mean?

Ms. Ballinger:

Any expense would have to come back to Council by invoice.

Mr. Lucchino:

Then this is not giving them any set amount?

Ms. Ballinger:

No.

Mr. Lucchino:

Did they give an estimate as how much they will need?

Ms. Ballinger:

They gave an estimate but it was not necessary to include that amount in the resolution at the same time because these are small things like stationery postage stamps, and things like that.

Mr. Lynch:

Did Ms. Ballinger consult with the Controller?

Ms. Ballinger:

I have called him on this but he was not in. I am going to meet with him, however.

Ms. Ballinger moved

The adoption of the resolution.

Which motion prevailed.

Mr. Mason:

I would like to announce that Mr. Lucchino has been appointed to the Board of the Buhl Planetarium, at their request.

Mr. Coyne and Mr. DePasquale have been appointed to the Carnegie Library Board to fill vacancies created there.

Mr. DePasquale:

I would like to comment the City of Pittsburgh, this week, is being honored by being host to the 15th General Convention of the State AFL-CIO at the Hilton Hotel, Tuesday, March 26, to Friday, I believe, March 29, and I would like Council to be on record as welcoming them to this City.

Mr. Mason:

I would mention for the second time in a row, your humble President has been asked to address that meeting to give the welcoming address.

Ms. Ballinger:

On Tuesday, Governor Shapp will be the speaker and all Council is invited.

Mr. Caliguiri moved

That the Minutes of Council of Monday, March 18, 1974, be approved.

Which motion prevailed.

And on motion of Mr. DePasquale.

Council adjourned.

Mr. Stone presented

No. 496. Report of the Committee on Planning and Redevelopment for March 27, 1974, transmitting two ordinances to Council.

Which was read, received and filed.

Also, with an affirmative recommendation.

Mr. Stone:

I would like to ask the City Clerk to separate the two bills and I would like at this time, if I may, to speak to Bill No. 273.

At the expense of being redundant, but nevertheless, to be accurate, Bill No. 273 covers the matter of the Alternative Learning Lab to be placed in an old, abandoned church building, 362 McKee Place, 4th Ward, City of Pittsburgh.

If you will recall, at the Committee meeting last Wednesday, I had indicated that there had been some protest from time to time to this matter even before I became Chairman of the Committee on Planning and when it finally came to us from the Administrative end of the City to my Committee in the year of 1974, I then requested, having known there was some opposition, time for a hearing. I think it is basic, whenever you call for a hearing, someone must receive notice and they must receive that notice amply in advance of the hearing date in order to participate in the hearing and to be heard.

In an effort not to stymie the matter, since I was not passing on the merits of whether the institution was good or bad, nevertheless, I thought a hearing would bring out the relative merits of it. Also, in an effort to expedite the matter, I called for an early hearing.

That hearing was held and shortly after the meeting was held, I received protests from people in the affected area of McKee Place, 4th Ward of the City of Pittsburgh, and enclosed was something like 200 to 300 signatures of people opposed to it. I learned from them, they had received their notice through the mails on Saturday of that week and did not have ample time to be here for the hearing on Monday. In view of that, and in view of my strong feelings if a hearing is to be held it should not be a paper gesture but rather one of merit where everyone has an opportunity to be notified in advance and to appear, it is my contention when we called the hearing initially, they were to be given ample opportunity to come here and testify and to be heard.

They have not, from what I have gathered, had that opportunity and we have some 200 signatures opposed. This does not pass on the merits of the bill, itself. However, I, having called for the meeting and it having turned out it did not give them the opportunity to speak, I did not pass on this in the Finance Committee meeting and will not pass on it at this time.

If Councilman Coyne cares to pass on Bill 273, I will waive that opportunity to move on it but I will not move for introduction of that bill at this time because it fails in violation of a basic tenet. If there is to be a hearing, let there be a full hearing.

Mr. DePasquale:

There was a full hearing.

Mr. Stone:

But I gathered from the people there was not ample notice as I had intended there to be.

Mr. Caliguiri:

The bill has already been presented so you can't ask it to be, unless it is the will of Council that it be recommitted.

Mr. Stone:

As long as we know it was passed over my objections.

Mr. Caliguiri:

This is a conditional use bill?

Mr. DiNardo:

Yes. We need a simple majority.

Mr. Caliguiri:

Are there any other comments on the bill? We will vote separately on this bill.

Mr. Lucchino:

Just for the record, I would agree with Mr. Stone. We should provide full opportunity for a complete hearing. I agree, there was a hearing, but we should provide an opportunity for other residents to come in since the Planning Department's notification might not have been as good as it should have been; not on the merit of the issue, but that we did not have a full hearing.

Bill No. 272. An Ordinance entitled, "An Ordinance amending the Zoning Ordinance, No. 192, approved May 10, 1958, as amended, Zoning District Map Sheet Z-S10-W16 by changing from 'S' Special District to 'M3' Light Industrial District all that certain property beginning at the intersection of the southerly line of Chartiers Avenue and the northerly line of Bells Run Road; thence along said northerly line of Bells Run Road by means of an arc deflecting to the left, having a central angle of 27° 59' 48" and a chord bearing of South 45° 17' 09" East, for an arc distance of 195.45 feet to a point of tangent; thence continuing along said northerly line of said Road South 31° 17' 15" West for a distance of 122.00 feet to a point; thence South 87° 49' West for a distance of 110.00 feet to a point; thence North 6° 12' 06" East for a distance of 235.10 feet to a point on said southerly line of Chartiers Avenue; thence along said southerly line of Chartiers Avenue North 87° 49' East for a distance of 285.61 feet to the place of beginning, having contained therein 41.613.2 square feet or 0.955 acres, 28th Ward."

MOTIONS AND RESOLUTIONS

Ms. Ballinger:

Mr. President, since the newspapers are such an important item to the people of the City of Pittsburgh, and since they are an important instrument in bringing news into the City, in order to keep the City moving, and since no official either in the City or in the County has interceded in behalf of the strike, I was wondering if it would be possible to set up a committee of City Council to see if we could be of assistance in getting this strike settled as quickly as possible.

I think it is very important that the members of Council call in the interested parties and try to resolve the strike as quickly as possible.

Mr. Caliguiri:

There has been a motion that Council consider getting together to look into the strike situation.

Ms. Ballinger will take this under advisement and put together a committee to try to get this strike resolved.

Mr. Stone moved

That Mr. Mason be excused for absence from this meeting.

Which motion prevailed.

Mr. DePasquale moved

That the Minutes of Council of Monday, April 1, 1974, be approved.

Which motion prevailed.

And on motion of Mr. Stone,

Council adjourned.

Which was read.

Mr. Stone:

If I may, I would like to speak to Bill 86, which is the rezoning on Grandview Avenue and Shiloh Street in Mount Washington, City of Pittsburgh. It is my understanding there had been 50 per cent of the local residents in protest of the rezoning. In view of that, it would require the affirmative vote of seven members of this Council.

It had been a request by City Council during the proceedings on this particular bill that an effort be made by the contractor to make some attempt to come within compliance with what the local residents were asking for and as I understand it, a genuine effort has been made along those lines.

As it is now, there are seven members of Council present today, and considering the fact that council, as well as the community, has a divergence of opinion, it would appear to me this Council would be remiss if we did not afford an opportunity for all members of Council to give this a fair hearing and full vote rather than a seven-member vote.

I therefore move for recommitment of Bill No. 86.

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne	Mr. Stone
Mr. Lucchino	Mr. Caliguiri
Mr. Lynch	(Pres't pro tem)

Noes:

MOTIONS AND RESOLUTIONS

Mr. Caliguiri:

Because of the importance of housing in the City, the Chair will appoint a committee to look into the responsibility of investigating housing, and especially the two bills we have before us—housing rehabilitation funds and Urban Redevelopment Authority. The committee will be composed of Councilman Bob Stone who will be Chairman, Councilman Frank Lucchino, and Councilman Coyne.

Mr. Stone:

Mr. President, if I may, a few remarks on this matter.

The most perplex, complex problem facing the City today is the problem of decent and adequate housing for our citizens.

It was a massive problem thirty (30) years ago, and it will be the same three (3) decades from now.

Within the next ten (10) years, just to MAINTAIN the present supply of housing within the City we have to rehabilitate or construct 62,000 units—32,000 to replace the presently substandard units and another 30,00 that will become substandard in the 1970's.

Put another way, the City has to construct or rehabilitate 6,200 units each year for the next (10) years just to bring and keep our existing housing supply at a livable level.

Of the 190,000 units of housing in the City, each year two per cent or 3,800 units become substandard. Yet, last year there were only 202 housing starts in the City.

Worse, for every 202 starts there were 1,209 demolitions in 1973.

Not only are we grossly inadequate in maintaining our existing supply, we are also tragically adept in decreasing our existing supply.

Today, with the setting up of a Pittsburgh City Council Subcommittee on housing, we serving on Council hope to make a

new, vital contribution towards providing decent housing for our people.

While the Subcommittee is composed of Council's "newest" members, William C. Coyne, Frank Lucchinio and myself, it has within it capabilities for the task ahead. It is composed of two (2) lawyers and one (1) accountant.

The goals are—narrow, not grandiose . . . practical, not theoretical . . . and, realistic, not utopian!

It is hoped that with these capabilities, these goals, and a desire to be cooperative and exhaustive, that we will in fact, provide a "fresh start" to our City problems.

We hope to take stock of the entire problem . . . to ascertain what is available on federal and state levels . . . to understand and condense its opportunities and availability; . . . to make it fit the needs of our City; . . . to call together those agencies and individuals who are presently involved, and to obtain a more personal and cooperative exchange; . . . to invite participation from private groups; . . . to listen, understand, and to accept suggestions and recommendations from the local affected areas; . . . and, finally, to offer suggestions toward improvement of Pittsburgh's local communities.

The Pittsburgh City Council Subcommittee on Housing will set as its first task the matter of the consideration of the HOME REPAIR REVOLVING LOAN FUND.

This fund is to provide long term, low interest loans to home owners and resident apartment owners, who are otherwise, unable to secure or afford financing, for repairing and upgrading their homes.

1.6 million dollars, one-half (1/2) available from the state, one-half (1/2) provided by the City is available for financing the fund.

One main goal of the Council Subcommittee on Housing is to make certain that the revolving loan fund is put into operation as soon as possible.

We will work to make certain the fund is a reality and not a victim of overblown political rhetoric.

In addition, it is hoped to see if we can use the revolving loan fund concept in other areas . . . to prevent an area from falling into total despair . . . rather than awaiting its literal demise . . . before offering assistance.

From time to time we will be adding programs.

In conclusion, it might, to some, appear that we will be attempting to remove a "mountain with a teaspoon."

While it might be true, the Subcommittee's feeling are that at least "we would be digging."

Robert Rade Stone, Chairman

William J. Coyne, Member

Frank J. Lucchino, Member

Mr. Caliguiri:

Thank you, Mr. Stone. Your points are well taken and it is hoped City Council can expect to receive some recommendations or report from the Committee as soon as possible.

Also, there is the Press strike. As was moved last week, and since no action came from Washington this past week, a committee is going to be formed. I would like to appoint to serve on this committee, Ms. Ballinger, Mr. DePasquale, and Mr. Lynch, along with myself. This Committee will attempt to get the parties together and try to ascertain what the difficulties are and see if we can get the newspapers once again back on the doorsteps of the residents of the City of Pittsburgh.

Mr. DePasquale moved.

That Ms. Ballinger and Mr. Mason be excused for absence from this meeting.

Which motion prevailed.

Mr. DePasquale moved

That the Minutes of Council on Monday, April 8, 1974, be approved.

Which motion prevailed.

And on motion of Mr. Stone,

Council adjourned.

MOTIONS AND RESOLUTIONS

Ms. Ballinger:

Mr. President, I notice in the minutes of the last meeting, in my absence, that there wasn't anything accomplished in Washington, D. C., on the newspaper strike, so this morning, I took it upon myself to call Mr. Cozza, asking him what the situation was. He stated that it is as stalemated as it has ever been.

I asked him if he wanted City Council to intercede if we possibly could and he said most certainly, he would welcome an open meeting, either with Mr. Cameron or separ-

ately. If Mr. Cameron would not want to meet with Mr. Cozza, then we should meet with Mr. Cameron and then Mr. Cozza could meet with us and perhaps we could resolve the situation.

I might say, he is very interested in City Council trying to get the matter settled. I wanted to bring this to the attention of the news media because we have received several letters from persons who are thinking we have dropped the matter. I hope the members of Council and of the Committee with whom I haven't been able to confer, feel, too, this is an important enough matter that we should pursue it further, and it is with that in mind that I bring it to the attention of City Council and the Fourth Estate.

Mr. DePasquale:

I just wanted to say, I concur with the remarks of Ms. Ballinger.

Mr. Caliguiri:

That same stipulation will be made to Barney Cameron. We will try to set up a meeting with Mr. Cameron, together with Mr. Cozza, or separately.

Ms. Ballinger:

Also, Mr. Cozza said Wednesday would be suitable for him because he was going to be in court today and tomorrow.

Mr. Stone moved

That Mr. Mason and Mr. Lucchino be excused for absence from this meeting.

Which motion prevailed.

Mr. Stone moved

That the Minutes of Council of Monday, April 15, 1974, be approved.

Which motion prevailed.

And motion of Mr. DePasquale.

MOTIONS AND RESOLUTIONS

Mr. Mason:

The Chair will exercise its privilege to express its deep gratitude and certainly the highest appreciation for the manner in which my colleagues kept in contact with me night and day.

I deeply appreciate this, even though at times, I didn't know what you were talking about. It is gratifying to know that through all our trials and tribulations, we may fight like cats and dogs, but we all rally around one another for support, and I just wanted to express my deep appreciation for that kind of concern and that kind of teamwork, to you, individually and collectively, and I thank you very much.

MOTIONS AND RESOLUTIONS

Mr. Caliguiri:

Mr. President, we did have a committee put together to meet with the people from the Pittsburgh Press which included both management and unions and we have been in touch with them constantly the last three weeks regarding their problems. As you know, they recently met in Texas and I think, through the insistence of Council, have kept their meetings and now that they have a tentative agreement, hopefully this agreement will be ratified by the Local so that we may once again see the newspapers back in Pittsburgh. Council will continue to stay on top of this until this agreement is ratified.

Mr. Lucchino:

Mr. President, I would request the City Clerk invite Marian Sullivan Cosetti to come to Wednesday morning's meeting to discuss why the City has not applied for more of the funds for special food services. It was brought up that Model Cities were serving 3,000 meals a day and the rest of the City was only serving 1,000 through the Department of Parks and Recreation at camp sites. Perhaps

Mrs. Cosetti can shed some light on this situation as to whether the City is not doing more in other areas of the City.

Mr. Stone moved

That the Minutes of Council of

Monday, April 29, 1974, be approved.

Which motion prevailed.

And on motion of Mr. Stone,

Council adjourned.

to Elmer J. Rowlands for the sum of \$6,800.00.

Reason for repealing this Resolution is per letter of purchaser that property does not meet with FHA specifications for building and costs would be much too extensive due to the location of the sewer. Our department was not aware of this sewer problem at the time of the sale, and we feel that the hand money as requested by the purchaser should be returned.

WHEREAS, said petition has not been filed in the Court of Common Pleas and there are no costs involved in the sale.

NOW, THEREFORE, be it

RESOLVED, That Resolution No. 325, approved October 15, 1973, is hereby repealed and that the Department of Lands and Buildings is hereby authorized to return the hand money of \$680.00 to Elmer J. Rowlands.

Supplies	24,190.00
	<hr/>
	\$941,460.00"

Mr. Stone:

Mr. President, I seriously appreciate the fact that the City of Pittsburgh is in dire need of doing something about its streets, but I seriously question the method it is to be carried out and the intention of this particular bill. Again, I am not opposed to repairing badly needed streets, not right now, but I question the new way it is to be done, as suggested by this bill. This bill will for the first time place the City in the capacity of a general contractor. This proposal, as I am lead to believe, will have union and non union working together. Will this be permitted? I don't know, but I do know we could have possible labor conflicts between union and non union employment. This would result in delay and escalation of costs, with the City of Pittsburgh now, the guarantor of payment of this extra increased costs. Since this is the first time, as a general contractor; the City will be hiring new personnel. Until we weed out those employees we don't want, until we are able to get the new employee accustomed to the work, we again will be suffering a loss of efficiency and time, also, resulting in possible increased costs to the City. I further find some serious and unanswered legal questions, as to temporary workers for the City, what will be the unknown problems as to employee benefits? Because of all of the above unanswered questions under the new and slightly innovative method, we are leaving too much to chance. Our present roads are so badly in need of repairs and needed immediately, that I feel we should do the work now, with tried and proven methods, so that we really do accomplish what we are attempting to do. Let us "experiment" when we have more time and not so important of a need. I therefore, register my objection to Bills No. 660 and 661.

Mr. Mason:

Is your argument applicable to both bills?

Mr. Stone:

Yes.

Mr. Mason:

Applicable. The actual language does not seem to indicate we should oppose Bill No. 661, taking remarks as we had on the Committee meeting on Wednesday when they used the words "City forces." It is concerning the permanent employees. We are talking about the City hiring for one program and employees mixing City forces. The objection is as well for Bill No. 660.

Mr. DePasquale:

What is the amount of that bill?

Mr. Caliguiri:

\$941,460.00 on Bill No. 661. On Bill No. 660 we have the total amount, \$978,540.00.

Mr. Mason:

\$978,540.00?

Mr. Caliguiri:

On Bill No. 660.

Mr. Mason:

Then it is my understanding there will not be temporary employment. There will be temporary employees who will enjoy all the benefits of permanent employees. Only insecurity when the Bond Fund money runs out they may possibly be out of positions. There are many, many people in the City who have retired with Bond Fund monies, and employees with Bond Fund monies who have been fully covered. Under the Civil Service Program you do enjoy vacation time, sick time as regular City employees and it is my understanding from Director Hess, these people will get hired in that manner. Any other comments?

Mr. Stone:

I can't over emphasize, that we must get the work done now. This is not a time for negotiations or anything else. It is time to act. We should do it no way but the way we know and the way we can do it. It will keep us out of problems. Councilman Caliguiri, I am led to believe that it is different

than Director Hess expressed. In talking to Director Hess the amendment stresses that it does not cover the temporary help at all, but that they would come under the City payroll and will be picked up. For example, I created work as general contractor. If you are the general contractor you would be responsible for workmen's compensation which should go under your authority. But we are not doing that. We have one body with two heads. If my memory serves me correctly, we are to get a legal opinion. I have not seen it. Are you going to receive a legal opinion? We were supposed to get a legal opinion because of that problem.

Mr. Caliguiri:

I understand from Mr. Mulvihill, the opinion was sent to Mr. Hess and he approved both bills, since they are not here, an opinion by Mr. Ralph Lynch approved the bills as presented.

Mr. Lynch:

You are certain of that, it satisfies me.

Mr. Mason:

Are there any other comments on these two bills?

Mr. DePasquale:

Under the agreement the City has about labor commitments, these new employees would have to join the union after 30 days, am I correct? It is a great concern of mine.

Mr. Mason:

But it has been my understanding that the City policy would include a new minority. It has been the tradition that we use labor union people on all charges. These jobs will be not just open to the labor unions only, as in some other years. To the labor unions we would do the recruiting, and so forth. Also, there is another problem and only for so-called people from the markets. The City has a policy of attentive action in which it insures the fact there will be employment by the City under contractors dealing with contractors who do business with the City, that there shall be available work for minorities and regardless of race, creed or color.

Mr. Stone:

Mr. President we are placed in a position here of passing up a policy which is of long standing, using the regular and known work force. We would be avoiding decisions or indecisions of Department heads, who might be called upon to deal with the unions or their apprentice policies. You and I know we have problems already, not to even go into the matter of hiring members of minorities, particularly Blacks, who must be admitted or qualify for union membership or sanction. It is indicated that Mr. Hess, had received a communication, that he has not yet forwarded to Council's Chairman of Public Works, which leaves me a bit cold.

Mr. DePasquale:

We are covered by fair practice and labor unions.

Mr. Mason:

We are mandated. Are there any other comments on the bill?

Mr. Stone:

Mr. President, I am opposed to Bill No. 660 and 661. I vote opposition to both Bill No. 660 and 661.

Bill No. 594. An Ordinance entitled, "An Ordinance providing for agreements for personal or professional services and for contracts for the furnishing of equipment, supplies, and miscellaneous services for the purpose of expanding and extending the senior citizens recreation program; and providing for the payment of the costs thereof."

(As amended in Committee by deleting "Materials").

Which was read.

Mr. Stone:

Mr. President, I would like to speak on Bill No. 594. First of all, I am

not opposed to transportation for recreational purposes for our elderly. But because of my deep and sincere concern for the basic needs of our elderly, I have taken this stand. In the 1974 Budget, the Mayor did not appropriate any funds for the basic needs of our citizens. This City Council, realizing its obligation did appropriate \$1,050,000 extra for the basic human needs of our citizens. I am honored and proud to have been among its strongest advocates. Thereafter, our Mayor implied that this Council acted inappropriately in providing for the basic needs of our elderly. In spite of this background, last week, we received a request for an appropriation of \$200,000 for transportation for our aged for recreational, rather than for basic needs. This is a request for funds, over and above that budgeted for Parks and Recreation Budget for transportation for recreation for our elderly. Interestingly enough, it is a request from extra funds provided for by this City Council, over the Mayor's objection. This request for \$200,000 is an admission that transportation for our elderly for recreational purposes, is and was, necessary. But, why was it not included in the Mayor's 1974 Budget, under Parks and Recreation just five months ago? Was this a budgetary oversight or an intentional neglect? Aren't Pittsburgh's elderly citizens entitled to recreation? Most certainly they are. I am disturbed that they aren't and mostly because they were not included five months ago in the Mayor's 1974 Budget. Especially, am I shocked when we consider that this intentional neglect occurred when the Mayor knew a surplus would be available, and that the City would start 1974 with \$12,000,000 in the City Treasury. Is this concern for Pittsburgh's older citizens? Certainly not. This action must not go unnoticed.

Mr. Mason:

Any other comments from the floor?

Mr. DePasquale:

Mr. President, I share Mr. Stone's concern. I feel if we vote against this bill nothing will be done again for the elderly people in the city. Particularly, any type of program of this form. Where do

we go from here?

Mr. Stone:

I am not opposed to the passage of this bill, but there should be one vote stating we are not pleased with the conduct of the City Administration in the handling of this. In short, it was not in the budget. We have had five months already and there are no funds for elderly citizens.

Mr. DePasquale:

I am concerned.

Mr. Lucchino:

Just to clear the record. The \$125,000 that was removed in the Parks and Recreation Committee did not include transportation for the elderly. That portion was removed from the \$200,000 to leave \$75,000. It included transportation for personnel and staff, which at this time we felt was not necessary. There were two things to be transferred, the \$75,000 to transport the elderly person from one location to the various centers. The \$125,000 was for transporting Parks and Recreation personnel to some other sites.

Mr. DePasquale:

When you talk about personnel, do you mean in that program?

Mr. Lucchino:

Staff.

Mr. DePasquale:

The \$125,000 for the —

Mr. Lucchino:

For a lot of things, big vans, a big unit model, you will pay \$50,000.

Mr. DePasquale:

The elderly are still taken care of?

Mr. Lucchino:

This is just for bus transportation.

Mr. Mason:

I want to be sure I understand. Are

you saying that out of the \$500,000, if the bill passes, we are going to use \$125,000 for transporting the elderly?

Mr. Lucchino:

The \$75,000 is used for bus transportation and lunches for elderly persons on these trips that will be made from the various centers. That is what is in the bill now. Mr. Stone just alluded that the amount was \$200,000 for transporting the elderly. I don't want anybody to get the wrong impression.

Mr. Mason:

Solely for transportation.

MOTIONS AND RESOLUTIONS

Mr. Stone:

Mr. President, I would like to address my present remarks to aid for the basic needs of Pittsburgh's older Americans. In spite of the fact that the Mayor intentionally neglected to appropriate funds for the basic needs of Pittsburgh's elderly in his 1974 Budget request; and in spite of the fact that he looked with disfavor upon this City Council for having provided funds for the basic needs of Pittsburgh's elderly, we now learn that the Mayor has again intentionally neglected to provide aid and apply for funds for Pittsburgh's older Americans. This past Wednesday, we learned that under the federally legislated Older American Act, since 1973, the Federal Government provides federal matching funds to local areas to provide for the basic needs of the older Americans in that local area. The Federal Government provides matching funds of seventy-five per cent to ninety per cent. I am shocked to learn that the Flaherty Administration did not apply for these funds, for Pittsburgh's older citizens even though available, at no extra costs or extra taxation to the citizens of Pittsburgh and even though it could provide transportation for basic needs for Pittsburgh's older citizen, to doctors and hospitals, meals and telephone reassurance. Is this concern for Pittsburgh's elderly citizens? Certainly not. I am further appalled to learn that although the time has arrived to again make application for these federal matching funds for 1974, the City Administration again, will not apply for this aid for basic needs for Pittsburgh's older Americans. Is this concern for Pittsburgh's elderly? Certainly not. A city without concern for its elderly has no conscience. This City Administration has clearly demonstrated that it has no conscience. But this City Council must again, clearly demonstrate that it does have a conscience. Available funds to fill the basic needs of Pittsburgh's older citizens, must be applied for, and not lost or ignored again. Pittsburgh's older citizens have earned better consideration, and they are tired of lip service. I therefore make the following motion:

RESOLVED, that the Mayor and

City Administration be directed to be responsible to the basic needs of Pittsburgh's older American citizens, and to immediately make an application for matching available funds, under the Older American Act.

Mr. Lucchino:

I want to make it clear, that we are just voting on the last sentence following, be resolved. That the Mayor and City Administration be responsible for the basic needs of Pittsburgh's older citizens and making application for matching available funds, under the Older American Act.

Mr. Mason:

If you don't mind. I believe, your page two refers to the fact that we have not made application this year, is that correct?

Mr. Stone:

Correct.

Mr. Mason:

It is my understanding that it is your understanding, that application by the Administration on other programs have not been made and that as a result we have lost some money. Is it your

understanding, not having made application for this program poses a problem for making funds? Are you talking about the City making the funds?

Mr. Stone:

May I steal a remark from Mr. Lucchino. We could have multiplied our funds by four. We could have had contributions. We would have then gotten seventy-five per cent making a total of one hundred per cent.

Mr. Mason:

Correct.

Which motion prevailed.

Mr. Stone moved

That Mr. Lynch be excused for absence from this meeting.

Which motion prevailed.

Mr. Caliguiri moved

That the Minutes of Monday, May 20, 1974, be approved.

Which motion prevailed.

And on motion of Mr. DePasquale,

Council adjourned.

MOTIONS AND RESOLUTIONS

Miss Ballinger presented

Bill No. 803. WHEREAS, it is desired that a (non-exclusive) cable communications (franchise) be authorized by an ordinance of the City of Pittsburgh (providing for the term of the franchise, selection of the franchisee, franchise provisions and restrictions, rates and charges, and franchise fees).

NOW, THEREFORE, be it

RESOLVED, that after approval of this resolution a public hearing will be considered, to which all interested parties will be invited.

Which was read.

Mr. Lucchino:

Ms. Ballinger, I wonder about the resolution. I am not sure that it is desirable that we give a franchise, but perhaps it may be desirable for the City to operate it. I wonder if that was overlooked in the resolution.

Ms. Ballinger:

This is only a matter for a public hearing, views. A matter to get permission for a public hearing. This is not an ordinance, but just a resolution for a public hearing.

Mr. Lucchino:

This is the same kind of resolution that has been passed in the past. For example, where skybus approval and different kinds of things appear before us as resolutions. This resolution will have Council expressing our aims for franchising, if we go down on record favoring franchise. I think it is good, but we should—

Ms. Ballinger:

This does nothing until we have a public hearing and we decide to go for a franchise. This is not an ordinance but a resolution to call for a public hearing. You remember the Finance Committee meeting.

last Wednesday, somebody asked for a public hearing. I asked that it be held up until I could work with my committee in order to establish a public hearing. This is only for a public hearing as to whether we should have cable television and under what means.

Mr. Lucchino:

Would you be willing to amend, whereas, it is desired that cable communication be authorized by an ordinance of the City of Pittsburgh. Rather than saying franchise, would that be satisfactory with you?

Ms. Ballinger:

I, not being of legal opinion as my colleagues, will be willing to accept anything that will put across that I want a public hearing

Mr. DePasquale:

If cable television is approved for the City of Pittsburgh on a franchise basis, would that be on a bid basis?

Mr. Mason:

It would be on a bid basis.

Mr. Lynch:

There are three ways to operate television franchise. One is by franchise, another by license, and another by municipal corporation. I believe Mr. Lucchino is attempting by his statement to convey that. I support that. It is to retain all options of the City of operating a cable television either by municipal, license, or franchise and what he is attempting to do is not tie Council into approving a franchise which holds special meaning. Ms. Ballinger, if it goes to read, it is desired that a cable communication be authorized by an ordinance of the City of Pittsburgh. Then the resolution would be supportable in my view. I would delete non-exclusive and delete franchise and end with the word Pittsburgh. Franchises, provisions, charges and all of the other, in my view, are specifically functions of the Law Department. The heart of the resolution is authorizing cable communication and a public hearing and I vote my support.

Ms. Ballinger:

I want to delete in the ordinance the very things they are talking about. My resolution is for a public hearing only, to establish whether we want a franchise or whether we want a license or any other method for cable television in the City of Pittsburgh. If this satisfies my constituents, then you will find I will be satisfied.

Mr. Lucchino:

I offer the amendment to read, "whereas, it is desired that cable communication be authorized by an ordinance of the City of Pittsburgh. Now therefore, be it resolved, that after approval of this resolution a public hearing will be considered, to which all interested parties will be invited."

Mr. Lynch:

I second that amendment.
(Deletions indicated by parentheses.)

Mr. Stone:

Aren't we really missing a paragraph. There should be a reference indicating what you want to do. If you understand clearly that you now have come to resolve a paragraph which is missing. Apparently, your resolution is that this city should adopt a non-exclusive cable communication. The second thing resolving that hearings be set up to determine this. Therefore, have you gotten to the point and found out you don't want a franchise? We need a resolution where that special portion be resolved. Are you clear?

Ms. Ballinger:

According to procedure, to be considered, you have to have a public hearing. This is the legal method.

Mr. Stone:

That's not my point. Do you want to discuss if it's going to be done by franchise or not by franchise? Do you want to discuss generally the entire way it will be done?

Ms. Ballinger:

I want to discuss all phases in a public hearing.

Mr. Stone:

I think the amendment Mr. Lucchino is discussing, should come after, now, therefore, be it resolved, that the matter of cable television, whether or not the City of Pittsburgh, should engage in cable television communication and what form, and a public hearing called for that purpose.

Mr. DePasquale:

I think the amendment is rather clear. I don't agree with Councilman Stone. I think the amendment is clear. We delete franchise. We eliminate franchise, correct? This is the amendment and this is what we should vote on.

Mr. Mason:

If I understand Mr. Stone's point, a public hearing would be held to make a determination as to what method we would use?

Mr. DePasquale:

That gives the same option.

Mr. Mason:

With the deletion of the term franchise which the amendment calls for.

Miss Ballinger moved

The adoption of the resolution, as amended.

Which motion prevailed.

Mr. Lucchino:

Mr. President, on Bill No. 739 we discussed this morning, the Freedom House ambulance ordinance. The ordinance clearly is set for January 1, 1974, some six months ago. I wonder if Mr. Charlton can explain if Freedom House goes out on June 1, why we are back dating this to January 1.

Mr. Mason:

The funds were raised to cover six months.

Mr. Lucchino:

Raising the amount, so apparently there were only six months worth of funds?

Mr. Mason:

Some are also pending.

Mr. Lucchino:

I want Mr. Charlton to come down and explain.

Mr. Mason:

There is nothing wrong with that. If we can get it into the agenda. Mr. City Clerk, would you make sure that is on the meeting.

And on motion of Mr. Depasquale,

Council adjourned.

MOTIONS AND RESOLUTIONS

Mr. Coyne presented

Bill No. 845. WHEREAS, the Council of the City of Pittsburgh is and ought to be, vitally interested in the City's economic health; and

WHEREAS, it is apparent that the Council of the City of Pittsburgh cannot devote enough of its attention to this subject so essential to the continued vitality of Pittsburgh; and

WHEREAS, the City apparently is not keeping pace with other cities in the creation of manufacturing and non-manufacturing jobs; and

WHEREAS, the Commonwealth of Pennsylvania's Code for Second Class cities empowers such a municipality to establish a Department of City Development whose duties are to include the encouragement and development of industries in such city; and

WHEREAS, a Department of City Development could become the coordinating body for the efforts, in this City, of such non-profit organizations as Allegheny Conference on Community Development, Regional Industrial Development Corporation, Business and Job Development Corporation, and Penn's Southwest Association; and

WHEREAS, Pittsburgh's historical role as a center of commerce and industry affords an abundance of individuals who might be called upon to serve in a voluntary capacity on a City Development Commission which also is provided for in the Commonwealth of Penn-

sylvania's Code for Second Class Cities, and which will be subject to, and consult with, the Department of City Development.

NOW, THEREFORE, be it

RESOLVED, That the President and Members of City Council shall between now and December 31, 1974 explore the feasibility of establishing a Department of City Development in accordance with Pennsylvania's Code for Second Class Cities, Article XIII, Paragraphs 22801 and 22802, and provide funding in the 1975 Budget for the Department.

Which was read.

Mr. Coyne moved

The adoption of the resolution.

Which motion prevailed.

Mr. Mason:

Mr. Ralph Lynch, has been invited to give a report to this legislative session.

Mr. John Lynch:

Mr. President, Solicitor Lynch is here to report to this Council. This report is on the Supreme Court decision concerning the parking tax appeal which was returned today. I might point out, I have been in Council and have opposed the City Solicitor as a dissenter, I refer to situations with which we have wrangled from time to time. I now introduce him as an extremely distinguished person who has won the Supreme Court decision.

Mr. Ralph Lynch:

As you recall, the parking tax case, we lost it in the Pennsylvania Supreme Court on a three to two decision, and I understand today the United States Supreme Court in an unanimous decision has reverted the Pennsylvania Supreme Court decision. In terms of City Council, that solves, I think, the problem at least to the extent of \$9 million dollars in refunds that are involved there. There is about \$3 million dollars involved on the

possible refund to the Authority Garage operations. That is the issue in view of the Pennsylvania Supreme Court. Also, I have not read the opinion. I think all of us, both in Administration and on Council have felt that the parking tax was a good tax to pick up a group of people that were not otherwise paying taxes. It is in the nature of a luxury tax. I think that in long terms that will be a good decision for the City.

Mr. Mason:

Thank you very much Mr. Lynch.

Mr. Caliguiri:

We realize we won the case, and we are not going to be rebated. What exactly, was the question? What have we won the right to do if we want to now do something in the future?

Mr. Ralph Lynch:

The issue was whether or not parking operators contended that the twenty per cent gross receipts tax made it impossible for them to make a profit. In the business of engaging in parking operations, they reason and argue that we condemned their business without paying just compensation. We contend the profit of private parking at any time and not paying them just compensation.

They were successful in the Pennsylvania Supreme Court case, definitely causing the Parking Authority in direct confines with this. Justice Roberts said we took direct confiscation and an unreasonably high rate of tax. The Pennsylvania Supreme Court announced those both to exist unconstitutionally. A tax without due process of law.

So, all that is really decided is that we won't have to make refund, number one, and a twenty per cent tax combined with compensation that does not exist, is not confiscation of property. Still before the Court under statute of taxes, the payer has the right under the 511 Tax Act, to ask the Court whether or not the tax is unreasonable. If you recall, in 1973, we questioned the inception of taxes to patrons rather than operators. That issue will be under the Court wheth-

er it is unreasonable or reasonable and we argued it is unconstitutional. Of course, we won in the Common Pleas Court. In the Commonwealth Court that is on appeal. That tax is 18 per cent.

Mr. John Lynch:

I might further point out I requested the City Treasurer to prepare a projection showing the impact on the City Budget and it is to be presented at Wednesday's meeting. I further requested the Council Budget Controller to prepare a

projection of the impact of \$9.2 million dollars of refunds in our tax budget. I would like the preliminary figures by Wednesday morning at 10:00.

Mr. DePasquale moved

That the Minutes of Council of Monday, May 28, 1974 and Monday, June 3, 1974, be approved.

Which motion prevailed.

And on motion of Mr. Caliguiri,

Council adjourned.

Mr. Lucchino presented

No. 876. Report of the Committee on Parks, Recreation and Libraries for June 12, 1974, transmitting one resolution to Council.

Which was read, received and filed.

Also, with a negative recommendation.

Bill No. 824. WHEREAS, the Southwestern Pennsylvania Regional Planning Commission is considering the Highway Component of the Regional Transportation Plan; and

WHEREAS, the City of Pittsburgh is directly affected by this Highway Component; and

WHEREAS, the Highway Component as recommended by the Transportation Advisory Committee places too great an emphasis on the construction of major new highways; and

WHEREAS, the Highway Component as recommended by the Transportation Advisory Committee will cause dislocation of many homes and businesses within the City of Pittsburgh; and

WHEREAS, the Highway Component as recommended by the Transportation Advisory Committee of said Commission is not in the best interests of the City of Pittsburgh.

NOW, THEREFORE, be it

RESOLVED, by the Council of the City of Pittsburgh that the members of the Southwestern Pennsylvania Regional Planning Commission be requested to reject the Highway Component of the Regional Transportation Plan as recommended by the Transportation Advisory Committee unless the highway revisions recommended by the Department of City Planning of the City of Pittsburgh are made to the Highway Component Plan.

Which was read.

Mr. Lucchino:

Mr. President, this bill was discussed extensively at Wednesday's meeting. I would hope to highlight a few of the arguments made there, in hopes of convincing the Members of Council to vote affirmatively on this bill. I feel this resolution has good provisions and is a reasonable one, and perhaps some people of Council have misinterpretations. The resolution only asked that the Highway Component be rejected, in that three changes recommend-

ed in the plan by the Department of City Planning in the City are made. Elimination of the East Urban Expressway, elimination of the Carson Street Bypass, and the elimination of the Oakland Crosstown or Midcity Crosstown, that provisions on the above to put in change, and a study be done on the impact on the neighborhood and environment. There is also an addition which relates to Nine Mile Run from the Hi-Level Bridge to the Parkway East, to alleviate the traffic on Beechwood Boulevard. It is requested that that be added.

Those are the only four changes out of 69 proposals in the plan where there are changes made. The other 66 highways could be built. There is no opposition stressed to the other 66 highways in this entire region. This resolution deals with the new major expressways into the City. Part of the thing behind it is the streets and highways of the City are in total need of good repair, and a great deal of money could be spent on the arteries we have existing before we think of creating new expressways. Presently, I feel we should have view toward the year 2000. Are highways the answer to transportation needs or is some other way of transportation the answer?

In city after city the highway has not been the answer. Los Angeles built more highways. I think the people and quality of living in Pittsburgh is superior and we don't have the smog problems which are created by highways. If the energy crisis causes people to forget environment, I think this should remain in our minds.

I am in favor of this City Government taking a standpoint for the time of the year 2000. I agree it is difficult to forecast what might happen between now and then. Do it now before the bulldozers arrive.

The other important fact is the existing housing in the City of Pittsburgh. Young people between the ages of 25 and 40 are not returning to the City of Pittsburgh as in the past, and the highways will not be the single thing driving them out. Another factor causing the people to find a way of living to raise their families outside the City of Pittsburgh is the lack of housing. We cannot be a City housing only the poor and elderly, to be overburdened with taxes.

Mr. Stone:

Mr. President, I find there is contradiction in the motion presented for reasons as Councilman Lucchino indicated. We are only asking for the changing of four highways out of a total of 69 highways and there in lies the contradiction and the reason the motion made is wrong to make. What it is doing to all of the surrounding area around the City of Pittsburgh, and what it can do in the City of Pittsburgh or arteries, but we in the City of Pittsburgh have no way to defend ourselves as it comes to the City limits. Therein, lies the contradiction in that particular motion. If the motion were to strike the whole plan, it would be logical. You are not permitting the overflow to have to enter our limits, and therefore, we don't have to defend by virtue of the overburdened streets we now have. In view of that, I think it is also to be completely understood, it is not a road problem, but rather a corridor. It is important to understand that we are presently trying to project the final needs for the City of Pittsburgh and we cannot overlook the final needs of the City of Pittsburgh. That is very, very important in view of the contradiction of the motion presently made. We are going to have to be, whether we like it or not on the defensive and that is the finding.

At this particular time, if we don't take the expressway, we would lose \$34 million proposed, and it would go to Westmoreland County. If we take out the Carson Street Bypass we would lose \$18 million. If we take out the Midcity Crosstown in the initial stages we would lose \$77 million and to follow that in the extent of \$114 million—Midcity Crosstown alone has \$191 million. Taking together the \$34 million, \$18 million, and the \$191 million that would be, a total loss of appropriations of funds for the City of Pittsburgh in their needs as projected, as I see it, losing \$242 million. We have to wonder. You know it is easy to project and play up the known factor of people where their housing is involved. I would be less than fair to say I don't understand or listen to someone who might be affected; to pretend you are being their protection when, in effect, you are taking away the defensive measure, and that will be less than fair. It is important that we, all of us in this room, understand Director Paternoster's

approach to Midcity Crosstown. He never said, the road is not necessary because of the transportation needs. He is on record as indicating based on transportation needs, it is needed. However, he is saying we should take it out, and we should study it and if we find out in the study that it is good, we shouldn't hesitate to put it back with priority and then with the \$191 million to go ahead with it is fine. What I am doing is suggesting some condition on this plan, that is true. Let's analyze these three. We leave the road in on the Midcity Crosstown. We will get \$191 million in appropriations. If the study proves it is not creating adverse conditions, then we go ahead, but with the additional advantages of the proposal which I am making. If you find out you are not going ahead with the road, since we have the allocation of \$191 million, we now can provide perhaps another way and I might say, a defensive way, find an alternative to the traffic, where we are living.

In addition, is the Mon Valley Expressway which brings traffic into the Southside. We in the Southside don't need another road for the Southsiders, but we do need a road to get the traffic through without interfering with the streets in the Southside and so the Southside streets can be returned to the citizens of the Southside. There is really the same approach in Hazelwood with Southside traffic. Fifty per cent of the traffic projected on the roads of the City of Pittsburgh are in-and-out traffic. They are there because we are the hub of a commercial unit. We are not doing anything to stop traffic from outside the City. We must in defense of ourselves keep the Carson Street Bypass, the \$18 million, in defense. When the Mon Valley Expressway comes through, and the Midcity Crosstown comes through, we will have not only that, but we need a road and we will have in allocations \$18 million which gives us the opportunity to put a road somewhere which is going to get this traffic on this particular motion to go through. That same thing applies to the others. Other communities outside our county, based on a county level are willing to accept it.

I want to mention too, we have in Hazelwood, people who accept this proposal I want to make, that is conditioned on the Southwestern Pennsylvania Regional Planning Commission move. These people are

entitled to relief; they are entitled to it immediately. You are bringing traffic in and no relief. What you are doing is, equivalent to a point of view, you can't run water from a 16 inch pipe into a six inch pipe. It was a thing I accepted that I thought was a good suggestion to City Planning and Director Paternoster, that we impose my arterial or note the Nine Mile Run spoken of in the Southwestern Regional Planning Commission. That will take traffic and the steel mill there, but we must get somewhere, with that approach, not necessarily on the roads of Beechwood Boulevard and Second Avenue and you will eliminate traffic into those roads.

It is quite obvious he is trying to sell a program when it is not selling itself. I want the parties to understand, I don't think we need a study on the environmental impact on the Midcity. I would like to know why we cannot impose that on every highway if it has adverse environmental impact. They all should be subject to a study. As far as the plan is concerned, I think we have a corridor. It is my understanding before any road is thrown to final form, they will be going back to the community for participation in it, and that it is subject to an environmental impact study.

Mr. Lynch:

At the Finance Committee Meeting on Wednesday, I heard these arguments, substantially at that time suggesting agreement with Mr. Stone. Over the weekend, since the Finance Committee session, on Monday, substantially, the same arguments agreed with the proposal Mr. Stone was going to make. I received a number of calls from citizens and I conferred with Mr. Lucchino. I proceeded to support the Lucchino amendment. In fairness to Mr. Stone's point, I would like to say what I see as the difference.

Mr. Stone seeks to secure the money first and then go ahead with the planning because on theory the community will have the opportunity of once a year, for seven years to make any changes. Mr. Lucchino says never mind the money, get an agreement. Is it another East Street situation? I see no substantial difference in the year 2000. There are a number of opinions in Greenfield, Hazelwood, and in lower Hazel-

wood, that this plan adversely affects their mortgage rates, and ability to sell their property. Out of consideration for that particular situation, I change my vote today, supporting the motion of Southwestern Pennsylvania Regional Planning Commission not to proceed unless these conditions are met.

Mr. Lucchino:

Just a brief response to Mr. Stone's comment. I feel that if we want to be fair as Mr. Stone wants, I am sure, it is not so that the City will lose money. There is no money appropriated by this plan. There is no money encumbered by this plan. The basic difference is one of philosophy. Mr. Stone talks about being defensive and warding off all vehicles which come into the City. I see Mr. Stone's position that we should ward off these vehicles and that these are something we have to defend against. I don't believe the highway through the City of Pittsburgh is an answer to defense mechanisms. I think defense is made here and now, today, to say to the people of the highway's trust funds that we don't want these monies when they do this kind of damage they will do to our communities. We don't believe that damage to the neighborhoods is in any way equal to warding suburbanites coming in and going through our cities. These people are essential to the economy of the City as the City is essential to them. We should not build any brick walls around our City because of the planners trying to find new ways of transporting people. If they have 26 years of existing highways as a main mechanism of transporting people they will believe we go along with that, there will never be new ways thought of in the next 26 years. A change has been laid down and new ways found now. I don't feel persons moved out of their homes is really an emotional fact. It is not an emotional fact when you must go find another home. You have difficulties because the home you have now is paid off and it requires you to get a new mortgage and if you are in advanced years they won't give you another mortgage. I don't feel that is emotional at all. That's everyday living of the citizens of this City which should be apparent in our thoughts, as representatives of the City of Pittsburgh.

Mr. Caliguiri:

Mr. President, the difficulty we would find ourselves in today, our representative to the Southwestern Pennsylvania Regional Planning Commission, has to cast a vote before we in Council have a chance to express our concern regarding the plans they have presented. We are not satisfied with the plan and we want to see changes made. The phrase that sends a message to the Southwestern Pennsylvania Regional Planning Commission is appropriate. We would like to see the addition of the Nine Mile Run which should remove considerable traffic from the eastern corridor. Let the Southwestern Pennsylvania Regional Planning Commission come to us first with changes and additions, telling us how they are going to minimize the dislocation of people from their homes. Minimize the flight of people to the suburbs. Only then can we consider their plan and vote on their plan.

Mr. Stone:

Mr. President, if I may. Mr. Lynch makes a very vital point. This program is to be reviewed yearly. I cannot underestimate this matter of allocation, because this is a regional planning through several counties: Allegheny, Armstrong, Beaver, Butler, Washington, and Westmoreland. In that regional plan the monies allocated are made on what they call fair share appropriations for all those particular counties. I, as indicated, feel it is very important that we should not be left short nor overlooked in the matter of financing. It is with that idea in mind I oppose the resolution which is suggested in Council, and also to imposing some conditions which are obviously saying the same thing. I am proposing one condition, that the money is there if we need it, and also on the other ones if we need it and if not on the Nine Mile artery, that certainly be included, and I am prepared to include it.

Mr. Kamyk:

On Wednesday in the Meeting of Committees the motion was made for affirmative recommendation. That motion has failed in Committee. The motion of the Chairman of the Finance Committee ruled that the motion itself will go out on

the floor with a negative recommendation. I say that since the bill did not receive affirmative recommendation in Committee that it ought to be sent back to Committee for reconsideration this coming Wednesday and see if we can get an affirmative recommendation.

And for lack of a second, the motion died.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Caliguiri	Mr. Lucchino
Mr. Coyne	Mr. Lynch

Noes:

Miss Ballinger	Mr. Stone
Mr. Kamyk	Mr. Mason (Pres't)

Ayes 4. Noes 4.

And there not being a majority of the votes of Council in the affirmative, the bill was defeated.

Mr. Coyne (for Mr. DePasquale) presented

No. 877. Report of the Committee on Public Safety for June 12, 1974, transmitting one ordinance to Council.

Which was read, received and filed.

Also, with a affirmative recommendation,

Bill No. 809. An Ordinance entitled, "An Ordinance PROVIDING for the filing of an application by the City of Pittsburgh with the Governor's Justice Commission for a grant in connection with Police Centralized Roll-Call; providing for the execution of a Grant Contract and for the filing of requisitions and other data; approving the Police Centralized Roll-Call; providing for execution of payment vouchers on Letter of Credit and for certification of author-

ized signatures; creating a Special Trust Fund in connection with the Project; and providing for the deposit of the funds in a bank account."

Which was read.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Miss Ballinger	Mr. Lucchino
Mr. Caliguiri	Mr. Lynch
Mr. Coyne	Mr. Stone
Mr. Kamyk	Mr. Mason (Pres't)

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Kamyk presented

No. 878. Report of the Committee on Lands and Buildings for June 12, 1974, transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 779. Resolution authorizing the property in the 12th Ward, located on Paulson Avenue corner Vermillion Way, designated as Block 124-K, Lot 257, to Louis L. Ford and Alberta Ford, his wife, for the sum of \$150.00.

Which was read.

Also,

Bill No. 780. Resolution authorizing the sale of property in the 12th Ward, being a vacant lot on Paulson Avenue designated as Block 124-K, Lot 248, to Agnes Richardson, for the sum of \$150.00.

Which was read.

Also,

Bill No. 781. Resolution authorizing the sale of property in the 13th Ward, being vacant land on Haverhill Street designated as Block 175-D, Lot 211, to Julian Fleming and Regina A. Fleming, for the sum of \$150.00.

Which was read.

Also,

Bill No. 782. Resolution authorizing the sale of property in the 13th Ward, being a vacant lot on North Lang Avenue designated as Block 174-E, Lot 266, to Jessie M. Tidline, for the sum of \$150.00.

Which was read.

Also,

Bill No. 783. Resolution authorizing the sale of property in the 15th Ward, being a vacant lot on Chatsworth Street designated as Block 56-B, Lot 13, to Mary Berry, for the sum of \$150.00.

Which was read.

Also,

Bill No. 784. Resolution authorizing the sale of property in the 17th Ward, being a vacant lot on Carson Street between S. 19th and S. 20th Streets, designated as Block 12-K, Lot 2, to Miller Furniture of Pittsburgh, Inc., for the sum of \$1,000.00.

Which was read.

Also,

Bill No. 785. Resolution authorizing the sale of property in the 28th Ward, being two vacant lots on Nobletown Road designated as Block 40-S, Lot 96, to Richard A. Fath and Mary Jeanne Fath, his wife, for the sum of \$850.00.

Which was read.

Also,

Bill No. 786. Resolution authorizing the sale of property in the 31st Ward, being a vacant lot on East Carson Street near Riverton Street, designated as Block 92-D, Lot 60, to Keystone Iron & Metal Company, for the sum of \$1,600.00.

Which was read.

Also,

Bill No. 810. Resolution amending Resolution No. 153, approved April 22, 1974, authorizing the sale of property in the 20th Ward, on Albany Street, to Donald M. Doebler and Rose M. Doebler, his wife, by changing the date acquired from June 7, 1945, to June 7, 1943.

Which was read.

The titles of the bills were read and agreed to.

The bills were read on final action.

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Miss Ballinger	Mr. Lucchino
Mr. Caliguiri	Mr. Lynch
Mr. Coyne	Mr. Stone
Mr. Kamyk	Mr. Mason

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the bills passed finally.

MOTIONS AND RESOLUTIONS

Mr. Stone:

Mr. President, I would like with this motion to speak on the Emergency Medical Care System in the City of Pittsburgh. Because of the present attendance in City Council Chambers, perhaps a slight review is necessary as to Pittsburgh's Medical Care System.

Mayor Flaherty, in his 1974 budget did not provide any funds for Emergency Medical Care or aid for the basic needs of our elderly. This City Council over his objection, did appropriate \$1,050,000. Since that time, by Ordinance No. 109, \$500,000 was given to the Bureau of Police to set up an Emergency Medical Care System. It should be pointed out that no detailed plan was submitted.

Freedom House Ambulance Services was the father of the Emergency Medical Care System, as we know it today.

I recently wrote a letter to the Editor of the Pittsburgh Press in answer to their Editorial of June 10, 1974, "Save Freedom House," which I would like to read:

Dear Sir:

Your editorial on June 10, "Save Freedom House," pays a well deserved tribute to an institution that in an extremely practical, professional way has done much to provide for the general welfare and safety of the people of Pittsburgh.

The reason for Freedom House's being is to save lives by providing emergency care for people in immediate danger of losing their lives.

It would be the height of irony if this organization created to save lives in an emergency situation should find itself incapable of saving its own life at a critical juncture.

Your editorial assumes that Freedom House will cease to exist once the city run ambulance plan goes into effect.

That assumption is warranted.

When City Council appropriated \$550,000 for ambulance upgrading in the City's 1974 budget, various plans of organization were suggested. None of these plans excluded any group from being part of the City's ambulance system. Mayor Flaherty, who has the responsibility for doing so, has not yet submitted a plan of organization. He may yet decide to incorporate Freedom House into the city run ambulance service. Or, he may not. That decision has yet to be announced.

To say, therefore, that Freedom House will be excluded from the final organization plan would be to indulge in a precipitate conclusion.

To say, however, that Mayor Flaherty has been dilatory in devising and submitting a definitive de-

sign for emergency care is, I think, a defensible conclusion.

Respectfully,

Robert R. Stone,

Member of Council

I am informed that \$140,000 is to be forthcoming from Model Cities Funds to continue the Freedom House, Emergency Medical Care System to December 31, 1974. Rumors have it that there is a condition imposed on this allocation, that it must be used to wind down their operation. To wind down this program, without having knowledge or a good substitution leaves much to be desired.

Previously, we were told that a City-wide System would be operative by August, 1974. How this can be done when: (a) a class is to start today; and most important; (b) the bid or order for specially designed vehicles has not been made and delivery then would be late 1974, if at all, this year.

I have learned that this administration lost a possible grant of between \$200,000-\$400,000 in grants from the Robert Wood Johnson Foundation. This, is now lost, but now, there is a new program, the Emergency Medical Service System Act, 1973. The City Administration is aware of it, and we, now, are aware of it. Since this is matching funds on a 50-50 basis and based on Council appropriation of \$550,000, we would be entitled to \$550,000 in the first year alone.

We must not lose these funds available without extra taxation of our Pittsburgh residence again. I therefore, move, the following:

RESOLVE, that the President of City Council call for an immediate Public Hearing on the Emergency Medical Care System to ascertain the following:

- (A) What is the City Administration's detailed present or proposed plan;
- (B) Whether Freedom House, as a unit or its personnel can perform some or all of the City of Pittsburgh's emergency needs;
- (C) When the entire City of Pittsburgh can

expect to have a citywide Emergency Medical Care System in operation; and

- (D) Whether or not the City Administration will, this time, make an appropriation for matching funds, between \$550,000-\$775,000, under the Emergency Medical Services System Act, 1973.

I so move.

Mr. Mason:

The motion passed, the Chair will attempt in fine with the motion to set up a Public Hearing as rapidly as possible. Probably as soon as Friday on the nature of that resolution.

Mr. Stone:

Mr. President, I have another resolution to present and it deals with the subject of Mr. Lucchino's motion. I am protesting. I would like to impose conditions with that in mind. I would like to offer this resolution at this time to my colleagues that they would endorse and join with me in these reservations. It was after consideration of this matter by the Director of City Planning, I thought it was essential. I would like to impose these conditions. My resolution is as follows:

WHEREAS, the Southwestern Pennsylvania Regional Planning Commission is considering the Highway Component of the Regional Transportation Plan; and

WHEREAS, a Sub-Committee, called the Transportation Advisory Committee, was appointed to study the transportation needs and to report back its findings; and

WHEREAS, the Transportation Advisory Committee was composed of dedicated and public spirited members, aided and assisted by a dedicated and competent staff, having a wealth of technical knowledge and experience in transportation needs, not only for the City of Pittsburgh, but for the entire Southwestern Pennsylvania Region; and

WHEREAS, the Transportation Advisory Committee and staff have been working, almost daily, over these past seven (7)

years, and now, having taken into consideration the transportation needs of this region, have come up with a plan, which they feel most nearly meets the guidelines and requirements of the Federal and State governments as to a transportation plan and "fair share funding"; and

WHEREAS, the Highway Component as recommended by the Transportation Advisory Committee places great emphasis on the construction of new highways, on a basis of transportation needs; and

WHEREAS, the City of Pittsburgh is an integral, necessary and important part of the entire Southwestern Pennsylvania Region; and

WHEREAS, the City of Pittsburgh is directly affected by this Highway Component; and

WHEREAS, any deletion from the present plan could very well result in the loss, to the City of Pittsburgh, of its "fair share" funding presently appropriated and allocated to the transportation system within its city limits, involving in excess of \$77,000,000; and

WHEREAS, the Highway Component as recommended by the Transportation Advisory Committee of said Commission is within the best interests of the City of Pittsburgh.

NOW, THEREFORE, be it

RESOLVED, by the Council of the City of Pittsburgh, that the members of the Southwestern Pennsylvania Regional Planning Commission be requested to approve the Highway Component of the Regional Transportation Plan as recommended by the Transportation Advisory Committee, subject to the following:

- (1) That since the City of Pittsburgh Planning Department feels that there is a transportation need relative to the Midcity Crosstown, that the Midcity Crosstown project be presently continued in the plan, SUBJECT to a full environmental study, thereby preserving, providing, and not losing or endangering the possible loss of the present funding allocations, within the City of Pittsburgh of namely \$77,000,000; and

(2) That the Nine Mile Run arterial be added to relieve the great congestion in that area.

The Nine Mile Run is not presently in. I think we should include it. I hope my colleagues will join me in this since we are united in our Planning Commission on that.

Mr. Mason:

May I ask a question. On your second comment, relative to Nine Mile Run, I am not sure I heard correctly?

Mr. Stone:

That the Nine Mile Run arterial be added to relieve the great congestion in that area. Mr. President, if I may, it will attempt to solve the problems existing after other routes of traffic have been taken.

Mr. Lucchino:

I believe that motion, the resolution, to be in order.

Mr. Stone:

I am making a motion that is to be adopted.

Mr. Lucchino:

I think it is out of order. This Council has considered a resolution on this very subject.

Mr. Stone:

The resolution was discussed in Committee which is opposed to the one I am introducing.

Mr. Lucchino:

The only way to be properly adopted, a bill must be presented to Council and go through Committee and then come back for final action. I believe it is out of order.

Mr. Stone:

It is a resolution not a bill. This resolution is no different than the resolution I previously gave.

Mr. Lucchino:

I don't believe that Mr. Stone has gotten this in sound, it was four to four.

It is different from the Freedom House resolution. This Council has considered it through formal procedures in Committee and back for final action. A bill on this very subject, I don't believe, sir, is the right parliamentary procedure. I ask the ruling from the parliamentarian.

Mr. Mason:

This resolution preliminary was reported at Committee Meeting on Wednesday. It was diametrically opposed. I ask that you pick it up from there.

Mr. Mulvihill:

It could be argued, the most proper procedure would be to refer it to Committee and bring it up for final action. I would be less than candid if this resolution does not act on any body other than City Council here. It is the first time since Mr. Stone read it, at least the motion for the words, being resolved, where it designates whether it is acted only on this body.

Mr. Stone:

Resolved, by the Council of the City of Pittsburgh, that the members of the Southwestern Pennsylvania Regional Planning Commission be requested to approve the Highway Component of the Regional Transportation Plan as recommended by the Transportation Advisory Committee, subject to those conditions. I am trying to put on two conditions. If not, there is no condition.

Mr. Mulvihill:

What I am asking, you said be requested, do you mean be requested by the Council of the City of Pittsburgh?

Mr. Stone:

I am only trying to put two conditions in properly, following what our Planning Commission suggested. If you want me to withdraw it, there are no conditions on it.

Mr. Kamyk:

Mr. President, I agree on this parliamentary procedure. It does not affect City Council alone. This resolution pertains to another body, the Southwestern

Pennsylvania Regional Planning Commission, and an action that they have taken, so I think it ought to be introduced today and considered in Committee on Wednesday.

Mr. Mason:

The resolution is applicable to City Council. We have two courses. We can pass this resolution today and/or refer it to Committee on Wednesday. My recommendation is we reject passing it today.

Mr. Lynch:

I would like to speak to the motion. I would like to ask Mr. Stone, as a matter of courtesy, to withdraw and put it through the Committee. He may have some support here.

I would like to address my view. It would be unfortunate to put any member of Council as merely reflecting Council's selective opinion, with any Councilman or advisory committee outside of Council. He should generally attempt to reflect and he is honor bound to reflect, his own conscious view, without specific direction or guidance. We had this discussion at the Finance Committee on Wednesday. Consistently, I would not impose any restrictions on Mr. Stone's order to vote or his contention of dislike on anything. I have full consciousness to his ability, consistency, personal background and experience.

Mr. Stone:

If that is the feeling of this body, I withdraw my motion.

Mr. Mason:

Any other motions and resolutions?

Ms. Ballinger:

Mr. Chairman, I want to report I submitted to City Council an interim report on cable television, and I would ask that the members of Council read it and come back with justified criticism which I would appreciate.

Mr. Mason:

Or constructive suggestions.

Ms. Ballinger:

The other thing I want to say, the Public Hearing, which we called for, will be held in September, and a number of taxpayers will be on vacation who are vitally interested in forwarding the aims of cable television.

Mr. Mason:

The Sub-Committee chaired by myself, served also by Mr. Caliguiri and Mr. DePasquale, will be meeting on the Beechwood Boulevard traffic. Also present will be Mr. Welborne and Mr. Thomas Fagan, and others, to try to iron out the problem. Any councilmen who want to appear can just be here at one o'clock, Thursday.

Mr. Lynch moved

That Mr. DePasquale be excused for absence from this meeting.

Which motion prevailed.

Mr. Caliguiri moved

That the Minutes of Council of Monday, June 10, 1974, be approved.

Which motion prevailed.

And on motion of Mr. Lucchino,

Council adjourned.

REPORTS OF SUB-COMMITTEES OF COUNCIL

Mr. Stone:

Mr. President, I would like to introduce the Pittsburgh City Council Sub-Committee on Housing's report on the Home Repair Revolving Loan Fund. We read the whole thing on Wednesday and introduced it into the record.

Mr. Mason:

The Chair recognizes the report of the Sub-Committee. It is now being made part of the record.

Mr. Stone presented

Bill No. 979.

PITTSBURGH'S CITY COUNCIL SUB-COMMITTEE ON HOUSING

ROBERT RADE STONE, CHAIRMAN

William J. Coyne, Member

Frank J. Lucchino, Member

The Pittsburgh City Council Sub-Committee on Housing wholeheartedly en-

dorses the concept of the rehabilitation of housing utilizing a Home Repair Revolving Loan Fund.

Rehabilitation where feasible can be less costly than new construction in providing standard housing.

Rehabilitation generally requires less time than new construction.

Also, units undergoing rehabilitation, unlike units under construction continue to be assessed and to pay local taxes.

Too, rehabilitation encourages former city residents to move back into the city and also induces present residents to remain there by upgrading existing housing stock.

Finally, and perhaps most importantly, rehabilitation provides an opportunity to stop a sprawling decay before an area is totally blighted.

This sub-committee, however, is concerned with the plan of implementation that has recently been suggested.

Our concern is especially manifested in view of the present limited funds available to finance the program.

The original written plan submitted to Council was to be implemented on a neighborhood basis. A few neighborhoods were to be chosen to receive all of the money available.

During the public hearing, called to discuss this fund, the neighborhood plan was orally rescinded and one that would encompass the entire city was presented.

Under a "city wide" plan every qualified homeowner in the city would be "eligible."

With a fund of 1.6 million dollars, and with an average loan of \$4,000 we could grant only 200 loans per year.

We would then have less than 7 home loans in each ward of the City of Pittsburgh.

Therefore, while many might be "eligible" very few would, in fact, be

chosen.

Spread so thinly, the plan loses any possibility of producing a commercial "multiplier effect" which could produce a large increase in real estate values if restricted to a smaller area.

It is not the desire, nor the intention of the Sub-Committee on Housing, to become embroiled in a squabble over an amendment to the enabling legislation at this time, since it is important to produce a rehabilitation program soon, but, having strong feelings and convictions we are making a strong recommendation to the city administration.

Knowing that funds are strictly limited, this sub-committee strongly favors and recommends a program that permits the maximum utilization of scarce resources and presents the greatest opportunities for success.

We feel that the best and most effective approach is the neighborhood approach.

Two rehabilitation programs presently in operation in the City, each run on a neighborhood basis, suggest that the neighborhood concept is a sound one.

The Neighborhood Housing Service, Inc., has a program of national repute because of its excellence.

Mr. Thomas Jones, Executive Director of Neighborhood Housing Service, Inc., has presented testimony to this sub-committee in favor of the neighborhood approach.

The success of the Garfield Code Enforcement Program also suggests that a Home Repair Revolving Loan Fund is best administered on a neighborhood basis.

By presenting the program on a neighborhood basis, there are many valuable and important advantages worth noting.

1. The smaller the geographical area chosen, the greater the chance for any visible impact.
2. By "zeroing in" on a neighbor-

hood we can rely on community or neighborhood commitment, involvement and pride to insure the success of the program.

3. Private lending institutions who heretofore would not or could not make loans, even to the financially able, in a particular area, would have a financial inducement to now do so.
4. Since we are concerned with a relatively small geographic area, the City and the County could offer assistance by encouraging upgrading through more stringent code enforcement.
5. The city capital budget could, in particular, be effectively utilized by running the Home Repair Revolving Loan Fund in tandem with the capital budget program.

Thus, the sub-committee believes the neighborhood concept will be aesthetically pleasing, commercially valuable, administratively logical and enthusiastically self-generating.

The sub-committee, in fact, favors selecting three (3) varied neighborhoods so that the Home Repair Revolving Loan Fund can be quickly put to a test of feasibility.

We fully understand that choosing three (3) neighborhoods out of the seventy-six (76) in the city is a delicate and perhaps potentially dangerous political decision.

The sub-committee is prepared to face any political consequences it may have to in choosing a select number of neighborhoods.

We feel so strongly about the neighborhood concept that if the fear of making this political decision is the actual reason for the administration's change from the original neighborhood concept to its present city wide plan, this sub-committee stands ready, willing and able to make or assist in making the selection of neighborhoods to be included in the plan.

By putting our limited resources into a few neighborhoods we can more easily

determine the probability of success for the program, a probability, incidentally, that we feel is quite high.

Assuming the pilot program will justify our optimism and confident of the viability of the Home Repair Revolving Loan Fund, the sub-committee makes a final and, we feel, major recommendation.

We recommend that the city administration and City Council in the forthcoming 1975 and 1976 capital budgets set up a sizable home repair revolving fund, financed by a bond issue, if necessary, and supplemented by any available inter-governmental funds as well as augmented by any other sources, private or public.

We recommend that this fund be capitalized by at least \$13-\$15 million.

Although this sum might seem to be a large amount, let it be made promptly and eminently clear that this expenditure should not be viewed as a one time outlay.

Instead of the fund being technically called revolving, it would as a practical matter be truly revolving because with a large initial investment the percentage of money returned to the fund yearly would be large enough to keep the fund continuously spinning and the program continuously spreading.

The new program would be extended to every neighborhood in the city and would thus operate on a city wide basis.

We are obviously considering a massive project, but, the scope of the financing should not blind us to the fact that a house whose value has been enhanced by rehabilitation ultimately yields more to our city in the form of increased real estate taxes.

For example, once \$4,000 worth of repairs are made on a house, its value should increase by that same \$4,000, especially if that house is surrounded by other upgraded real estate.

The city will receive more tax money simply because that house has a higher market value and, of course, a

higher tax assessment.

For every house that has an increased value of \$4,000 because of rehabilitation, the city will receive up to an additional \$51 in taxes, based on current millage rates.

A \$13-\$15 million loan fund could thus result in an increase of \$165,750-\$191,250, per year, for the City's Treasury.

Such a sizeable contribution to the city tax receipts can thus help us accomplish a feat that is often extremely difficult to bring about: designing a program that is financially rewarding, socially responsible and governmentally progressive.

Which was read, received and filed.

Mr. Caliguiri:

Mr. President, I will also submit a short report that I am in favor of the citywide program. I will make it available to the Chair, the report.

Mr. Mason:

Would you make said report available to the members of the Sub-Committee.

Mr. Stone:

Mr. President, if I may. I think we have in offering in a suggestion of a citywide program, that we underestimate the program and overestimate the amount of money. In the year, 1973, there were 202 starts and 1,029 demolitions. Obviously, at that rate there was at least a thousand in difference, in the year 1974, for the first five months. It appeared in the Pittsburgh Press paper that we had destroyed 427 homes each year. The Pittsburgh housing shows 190 units are decayed. Roughly, we need 1,000 per year to catch up.

During the course of our public hearings, it was brought up by the City Administration, that there are 13,000 units in the City of Pittsburgh which are in violation for plumbing alone, but it does not take into consideration electrical violations, structure and heating violations,

and other multitudes of possible violations. We are talking to some people about a lot of money, \$1.6 million when you break that down to \$4,000 per loan. I think before the program gets in motion, we are low in the amount of money needed in doing home repair. It does not go very far. That would amount to 200 loans per year if you tried that citywide and you get an average of less than seven home loans in the entire City of Pittsburgh per ward.

As we have stated earlier in our report, a citywide plan, obviously, has more veneer and invites, I think, as we indicated as well, makes everyone eligible and unfortunately we cannot produce practically if we urge all citizens to apply.

Assuming we get the \$4,000, and gave out 200 per year, how do we best reduce the \$4,000 down to 200 per year. I don't know by what process we can do that, but I think the thing that makes it rather difficult is assuming we did get the \$4,000 per year, it is very likely with the admission of the administration of 13,000 for violations of plumbing alone, we would end up with a maximum of 3,600 being left out. We are trying to say that everyone is eligible, but are not going to get it. It pretty much leaves it to me, like twenty-five young boys together and coming out with one scoop of ice cream and trying to satisfy them all. I think that is what we should not do with any program in the City. I think it is very crucial for our committee to understand that money is scarce and there is a problem of making the best use of a limited amount of funds working. I don't really think we should make fools of our citizens by offering them what we cannot, in effect, deliver, by giving loans to all the people that do qualify.

I sincerely hope that in spite of this, that come December, 1974, all members of Council and this Administration will listen to the Sub-committee when it recommends what we consider most important against the major breakthrough in housing and rehabilitation and try to recommend at that time somewhere between \$13 million and \$15 million and getting around to doing what we are suppos-

ed to do and that is to try to get our housing stock back up to par. Obviously, we are trying to match funds if we can.

Mr. Lucchino:

Mr. President, as a member of the Sub-Committee, I would like to make one thing a little clearer, at least from my point of view as a member of the Sub-Committee, and I think the other members of the Sub-Committee would agree, that we don't in recommending that the neighborhood approach be taken, that any citizen should be deprived from having this loan funding made available to them. We feel that rather than having it on a citywide basis all at once, it should be going around through the entire city on a neighborhood basis so there can be more neighborhood involvement and more impact shown from the program. So that, I don't think we necessarily disagree with Mr. Caliguiri, on the idea of what is termed citywide, we would like to see it on a neighborhood basis.

Secondly, a lot of people who did not participate in these hearings and studies are not aware or perhaps are aware and are overlooking that the Federal Government now conducts what is called the 312 Loan Program. It is a three per cent loan that is made available in only selected neighborhoods in the City of Pittsburgh. I have not heard one voice rise in opposition to the selective neighborhood process, that is, selective neighborhoods such as North Homewood, Hill District, Garfield, Manchester, and East Liberty, who have been made available for the 312 Federal Loan Program and loans only in those neighborhoods and has been doing so for the past several years and in the next fiscal year would give \$1.7 million of home repair loans in those neighborhoods. So that, we already have five selected neighborhoods, so if we are talking philosophically about making it citywide, this Council then should take some action, and this Administration should take some action to see that the 312 Loan Program is made available to all citizens in the City of Pittsburgh. You can't have it one way on one program that has been going on for years and hear no outcry and now all of a sudden we propose a modest \$1.6 million and you hear outcry about city-

wide all at once. So that, I want to say that so our position is clear, we are not opposed to any citizen getting this loan. We want to make it available to all of them but in a different manner.

Mr. Coyne:

I also being a member of the Sub-Committee feel it was not the intention of the Sub-Committee to try to change the minds of the Administration. I think they informed us in the hearings that they were pretty well set on a citywide program. I think the intent of our report was to say that each one of us individually preferred a neighborhood concept. I still agree the neighborhood concept would be better at this time if the \$1.6 million was extended. At such a time when the fund increases and contains more money, then I think the citywide program will be ordered. That is what we are working towards. Thank you.

Mr. DePasquale:

If I may, I lean toward the neighborhood concept. My concern is, are we going to do anything here we said. Mr. Stone stated we are going to vote in December as to these funds. They are not going to be used until 1975, and not in 1974, so we are talking about six months that nothing is going to be done. This is something like twenty-five years ago when in 1949 the Housing Act was passed. I have been quite involved in poverty programs and I happen to know we keep making promises and nothing happens. I am concerned with something happening. I am in favor with the neighborhood concept rather than citywide. I would like to see something done. I hope when we vote in December, that when 1975 comes, we have something in the City of Pittsburgh.

Mr. Lucchino:

I'd like to clear up one thing, in case there is anybody with the misimpression that the Sub-Committee or City is holding up this program, that is not the situation. The matter now goes to the State Community Affairs Department, with the application, for their \$800,000 which we want and we anticipate it taking at least three months to get the appli-

cation back from them with their approval. So this is no hold up on this end. The City is now prepared if the Department gives them the money tomorrow to start with the program.

Mr. Mason:

We are making recommendations from City Council by the Sub-Committee and we are asking them to change their approach on the matter and to report to this committee. It does not mean to discriminate against anyone.

Mr. DePasquale:

I would like to make it clear that I don't put the blame on the City, but in the City for twenty-five years we have been making promises and nothing has been happening on the Federal, State, or local level. We can only, after funds are made available. We can only hope that after funds are made available we can make something happen and perhaps funds will be made available by the first of the year. I would like to see something done.

Mr. Caliguiri:

I share with my colleague that we have to do something quickly. As Mr. DePasquale indicated. First, let me commend the Sub-Committee on its indepth study of what they made. I voted on the bill today because I do want to see the loan program go ahead. My only difference of opinion is how it is to be executed. Whether by three selected neighborhoods or citywide. I still feel I would like to see it citywide because as it is indicated in the report they wanted to have some visible showing with a sort of restricted neighborhood thing. As Mr. Stone pointed out, a lot of things will be done inside the home that are not visible and some things that have to be done inside the home will make it less visible.

Also, as pointed out by Mr. DePasquale, this program here is not going to begin really until 1975, if we are lucky enough to get the State to approve the grant and application. As part of the Sub-Committee report, again, we should get into a citywide program with the \$13 million or \$15 million that was brought out in the report. That would be a citywide

program, I'm talking about in 1975 or 1976. So that, in effect, we would be getting two programs, one citywide with a large sum of money, and this one here with \$1.6 million for a restricted number of neighborhoods. In a number of points I agree with the Sub-Committee. We should get a larger sum of money for citywide, but we should do it now to find out how many people would be interested and let's get a feel for the number of people all over the city that are concerned. No one is trying to buffalo the people. If it means we are going to go with seven units in each ward, all right, so be it. I don't think we are doing all the wards. There are some wards that are already serviced by certain Federal programs. This 312 Program is Federal and is shown to be restricted and it should not be restricted nor any program in the City of Pittsburgh. All citizens should have the opportunity, and Council should be given the opportunity and everybody concerned to see how many people want this aid and then we can set our course from there. We are going from \$1.6 million to possibly \$13 million to \$15 million program, which was brought out in the report. I want to know how many people are really interested in the program.

Ms. Ballinger:

I have not had time to read the report. In terms of the City, I wonder if the Sub-Committee took into consideration about the converting to emergency funds on loans up to \$2,000 throughout the City?

Mr. Stone:

There was a request. I attended a meeting last Tuesday of the Citizens Advisory Committee on Housing. They are asking for roughly \$260,000 of the \$1.6 million to be set aside for emergency funds. The only problem with that is I don't think there is any question that is a vital point. I don't think there is any question that what is being suggested here is vital. The Sub-Committee has maintained of the \$1.6 million that is not enough money, and what you are really doing is taking away, what we already said is something that is very limited and not enough. What we are hoping to do that is suggested and we thought was very es-

sential is to make a recommendation come budget time. We talked about some sizable amount that we really could get to do it. When you are losing, you are losing roughly \$3,000 a year putting it back into operation or taking care of 200 a year and we really aren't doing it and I think we have to face that. Something here we should add needs mentioning and apparently we are not suggesting it. One of the reasons the Sub-Committee enforces the neighborhood concept is because of what is called the spin off of benefits. If you are going citywide you do not get those benefits, but if you go through the neighborhood program you are first getting the community commitment which is very essential. Everybody is conscious of it. They are trying to increase their own pride to take care of it. Plus, there is more identity for that individual to clean up his house if the next one is doing something about his house. In addition, the City will be enforcing the code violations in a neighborhood when they start that. This would encourage the individual to do his own house and his neighbor who has not wanted to do it is now forced to do it. There is also spin off benefit where the City, when the people show visible improvements, add capital improvements to what the community is doing. Those spin off benefits are essential and necessary. It has to be there, that is something you don't measure in dollars. Mr. Tom Jones, brought that out and that is why his program is going so well on the Northside. He had those benefits and there you have the crux of why it should be done.

When we talk about the three neighborhood factor, we should make this very, very clear we are not necessarily talking about the Model Cities area, because this home loan program is not a charity program either. What we have decided is to give an opportunity to someone to upgrade. We thought of three diversified areas and what we are doing is finding out what the different variances are and what is best for it. When it finally comes then you are able to attack this with intelligence. I cannot overemphasize \$1.6 million is not a lot of money when you talk about rehabilitation of houses in this city.

Mr. Mason:

The report and newspaper account indicated that the report did not show the three communities that it included. The Sub-Committee will make a position on that recommendation thereto.

Mr. Stone:

What we have done in our suggestion is made a recommendation to the Administration that they should make this \$1.6 million go on a neighborhood basis. The Administration started with the neighborhood concept, but if they decided to do that, they feel it protects against political matter to make that selection and we are offering to do it for them. If they decide they want to go on a neighborhood basis, we are willing to accept that responsibility to do what we feel is essential.

MOTIONS AND RESOLUTIONS

Mr. DePasquale presented

Bill No. 980. WHEREAS, Susan Regan and Larry Kokof have brought national recognition to the City of Pittsburgh; and

WHEREAS, the City of Pittsburgh is honored by having these two young people bring fame to the City by winning the United States Marble Championships in Wildwood, New Jersey; and

WHEREAS, Walter Lease, Jr. should be commended for the part he played in preparing Susan Regan and Larry Kokof for this Tournament.

NOW, THEREFORE, Be it

RESOLVED, That the Mayor and the Council of the City of Pittsburgh tender sincere congratulations to Susan Regan and Larry Kokof for their efforts in winning national recognition for the City of Pittsburgh in the National Marble Championship competition held in Wildwood, New Jersey, and commending Walter Lease, Jr. for his efforts in their behalf.

Which was read.

Mr. DePasquale moved

The adoption of the resolution.

Which motion prevailed.

The Chair presented

Bill No. 981.

CITY OF PITTSBURGH
PETE FLAHERTY, Mayor

July 1, 1974

President and Members of Council
510 City-County Building
Pittsburgh, Pennsylvania 15219

Dear Gentlemen and Madam:

I am forwarding a Resolution for the appointment of Mr. Mead Mulvihill as City Solicitor of the Law Department.

Very truly yours,
PETE FLAHERTY

PF: fkn

Enclosure

Which was read, received and filed.

Also.

Bill No. 982. RESOLVED, That the appointment by the Mayor of Mr. Mead Mulvihill of 5470 Fair Oaks, be and the same is hereby approved and confirmed as Solicitor of the Department of Law.

Which was read.

Mr. Lynch:

Mr. President, we normally have a two week waiting period for new appointees, but in view of the fact that Mr. Mulvihill served as Assistant City Solicitor and is well known to all of us. I move that the waiting period be waived.

Mr. Lucchino:

Mr. President, there is no reason why this has to be approved today. This Council has other meetings coming up. I feel that even though Mr. Mulvihill has

served as parliamentarian of this Council, he still should answer some questions regarding his role as City Solicitor, because it is completely different from being Assistant City Solicitor. Though, I would not oppose Mr. Mulvihill unless they would attempt to vote on this. I would vote no. I think he should answer those questions. There is no reason not to have Wednesday to ask questions. I thought we were waiving that two week period so we could deal with it more quickly rather than deal with it today.

Mr. Lynch:

If that is Mr. Lucchino's objection to ask some questions on Wednesday, he can ask them now.

Mr. Lucchino:

That's not appropriate.

Mr. Lynch:

Okay, then I will be willing to wait until Friday.

Mr. Mason:

The resolution will be referred to Finance Committee on Wednesday at which time those that have questions of Mr. Mulvihill may do so. Hoping with confirmation on Friday, is that fair enough?

Mr. Lynch:

That seems appropriate.

Ms. Ballinger:

I have a report especially for the staff so that they know that Mr. DePasquale and I went to San Diego and really worked. This is for both of us and I won't won't read the whole report. I will submit it and give a brief outline and hope it gets the publicity to the taxpayers.

The conference is organized to promote effective local government and improve municipal administration, common causes and so forth and so on. The workshops were many and varied. They had

a labor relations workshop which consisted of current labor relations issues such as; public employee pensions, management identity and compensation. They had a workshop for a National Urban Transportation Program, present and future city needs.

The welcoming address was made on Monday, June 24, by Pete Wilson, Mayor of San Diego and Ronald Regan, Governor of California. An address was made by Elliot L. Richardson, you know who he is.

There were workshops on the Energy Crisis and its impact on Minorities and the Poor; and Drugs and Urban Citizens, local and Federal efforts to assist victims of hard drugs. A workshop of Community Development.

The consensus of Mayor's was that Watergate hurts cities and what one Mayor called a "vacuum of leadership" in Washington for typing up programs needed to cure the ills of American Cities.

The Democratic Mayors who govern most big cities think the party has not given them enough of a role, and they are organizing to demand a bigger one at the 1976 Convention.

The Democrats attending the U. S. Conference of Mayor's led by Milwaukee's Henry Maier, formed the Conference of Democratic Mayors and they met Monday night with Democratic Chairman, Robert S. Strauss.

A total of forty-four resolutions were to be acted upon by the Conference.

The tour of the Mission Cable Company was most interesting, which is a division of Cox Cable Communications and covers 98,330 homes to date and growing each day. The public access channel is an increasing need for channels for community expression and they are taking steps to serve that need. Interesting too, Cable Stereo, where cable fills the world

with the great sounds of stereo and where they also have a channel called "100" which operates a "premium program service," that features movies, sporting events, operas, stage plays and other programs not available on conventional television.

The welcome to exciting San Diego County is more than a welcome, because they have so much to offer. It is one of the world's greatest resort areas. It has fascinating places throughout San Diego County, Baja, California, and Mexico. Inside and the thing that startled me, Mr. Chairman, they have three convention centers and we don't have one and three conferences at the time were there.

Of course, they have historic missions, A Wild Animal Park, and beaches of seventy miles which are free to the public. The other thing I was thrilled about there were sixty-eight golf courses. There was Del Mar Race Track and Balboa Park, a 1,150 acre garden spot with museums, galleries, theaters, convert centers and recreational facilities. The San Diego Zoo houses the world's largest collection of wild animals, and is the location of the world's First Space Theater and Science Center.

I also had the opportunity to visit the Dr. Salk Laboratory on twenty-seven acres, which the City of San Diego provided for the study of cancer, polio, and all other related diseases. It is one of the finest institutions in the country. People from all over the world research cancer, polio and all other related diseases. Once you've acquainted yourself with San Diego's excitement and their great facilities, one certainly plans to return. I want to say, however, those who didn't go, missed a great workshop and maybe you can attend the next convention in Boston, Massachusetts.

Mr. Lucchino:

I understand today we will begin what has been referred to as City Coun-

cil's summer schedule. As you know, and you and I have discussed in the past, I do not agree with the summer schedule as proposed. The rules of City Council says, Section I: Regular sessions of Council shall be held, Monday of each week at 2:00 p.m. Now, that is what it so states in the revised rules of Council for 1968. A closer reading of the ordinance, the text of the ordinance says that the President of Council, during the months of July and August shall have the power to schedule meetings. The legislation that passes and is proposed in the summer time is just as important as other legislation in other times of the year. Many members of Council have signed and agreed to support the Home Rule Charter. That Home Rule Charter mandates meetings of City Council, fifty out of fifty-two weeks a year. The credibility of public officials as you and I recently discussed as early as an half an hour before the meeting is in question in the minds of the citizens of this entire country and not any less in the minds of the citizens of the City of Pittsburgh.

I feel as public officials, what may have been good in the past, to go on a shortened summer schedule, is no longer appropriate. I feel that this Council should alter and request that the President should alter the summer schedule as presently composed. I don't see you will be able to comply with Rule No. 8 of Council that says a bill must be printed and mailed to each member forty-eight hours to the regular meeting. If final action is taken on Friday, on bills which are presented on Wednesday, they won't be out of Committee until sometime around eleven or twelve o'clock on Wednesday and they are to be voted on Friday at 10:00 a.m., it is impossible to meet that rule. Council cannot be suspended now, it is too late and because you cannot comply with the rules of Council to suspend that rule of Council. So, I would suggest it would behoove us to continue to get our salaries throughout the summer and members of

Council are present throughout the summer. Vacations come and go and have been discussed. Members of Council have been excused from other meetings and the summer should be no exception. The staff must have a vacation and I think we could appropriately meet every other week and not on an interrupted schedule where we take final action on Friday, but on Monday and Wednesday and two weeks later on Monday. When you examine our present schedule, July 5 to September 9, we will have just one session, that's Monday, Wednesday and Friday in the the end of July. I think the public expects more of us and demands more of us than meeting one time between July 5 and September the 9th. I feel that it is appropriate for this Council to reconsider its proposed summer schedule and I would propose we meet every other week. We meet next on July 15, then July 17. We meet again on July 29 and July 31, then again on August 12 and August 14, and then August 26 and August 28 in Committee and we would begin again on September 9. That would be every other week. The staff would have two weeks to prepare legislation and get all the things typed that they now have one week to do.

I think if you set the tone, it will have to be carried out next year if the Home Rule Charter passes, which most of us support. I move that the summer schedule be so altered.

Mr. Lynch:

The motion is out of order. I agree with Mr. Lucchino to an extent that the public is generously interested in having public officials perform more diligently than as in the past. His position and view that Council's schedule ought to be increased has some merit. The business of setting up the summer schedule falls to the President of Council and not to the elected bodies. In the course of that conduct it has been my experience that the President of Council has contacted us individually regarding this schedule, which

you have done, and virtually every member, perhaps with the exception of Mr. Lucchino, has approved of this schedule. personally, I am in City Council most of the summer anyway. We have had sessions of various sub-committees and hearings as required. For the purpose of having legislative meetings we have had a difficult time getting department heads involved with being present at a session. Council staff is on vacation and so are most of the department heads in various departments around the City, Parks and Recreation, Public Safety, and so on, and consistent with that, it seems to me to be the response with any legislative body to reduce its formal public schedule in the summer. It happens on a State level, it happens on a Federal level, and I don't think it is unreasonable to happen on a local level. I also pointed out that even though Mr. Lucchino makes a point that the City Charter makes a suggestion for fifty meetings out of fifty-two weeks and no summer schedule, I support the City Charter, but I don't support everything in it. I think when we supported it no one was going to agree with every aspect. That's one aspect I think is not supportable. I think if that theory of government continues we will have to hire a full time government and fill the City hall with drones. It was contemplated that members who were elected should be elected from all walks of life. People elected from labor, people elected from law, and people elected from the accounting and investment fields. I think that it was never contemplated that our elected officials should be drawn from a category of professional politicians whose lifestyle should be contemplated to draw their stipend always from a public treasury. In that, I think it is appropriate to context to retain our identities as private citizens with entry to the private world and function on a part time basis as legislators, so that we can be constantly aware of the city as legislators, as citizens and as taxpayers. In that context I find it not disagreeable, nor do I find it improper for this Council to

maintain a summer schedule.

Mr. Mason:

Mr. Lucchino and Mr. Lynch, let me say I didn't arrive at this schedule by myself, this was arrived at a meeting where neither you or Mr. Lucchino were present. I came to you even after the decision had been made, and before I sent the notices out or before the City Clerk sent the notices out and everybody had a chance to react to it. Let me say something else, that I had said about fifteen times but nobody paid me any attention. Every councilman that is not available on that date, I know where every councilman is and if I have to call them I will. The City Clerk knows where you can be reached. We had two different occasions where we had to call an emergency meeting where a vote was necessary. I repeated this story before. There is one man present, Mr. Kamyk, who came back from his vacation to vote on a bill. One councilman flew from Cape Cod and another offered to fly back from Florida, when they found out we needed the necessary votes. I did not ask them to come.

Meanwhile, this summer there will be a number of committees working. It seems to me we are out of order. We have not finished the revolving loan fund, the position of it, even though the report is in, that's one thing that we will work on. The Pittsburgh Housing Authority, that sub-committee will be at work. We do have Beechwood Boulevard, we still have that problem and it's a tough problem. We will be having meetings continuously.

Now, the question of rules and regulations is a good point Mr. Lucchino brings up, but it's time to get to the point. I set the schedule and there were no complaints except one and that was Mr. Lucchino, who registered an individual complaint with me. When I talked to Mr. Lynch, you agreed with it and

you have not changed your position, so that means there are at least eight members agreeing with the summer schedule and we can be reached, those who are on vacation. I haven't had one in seven years, that's a personal note. We can be reached and if Mr. DiNardo has to do it, he will do it.

Mr. Lucchino:

The thing is this, you mentioned I was not present at the caucus on Friday before that Monday meeting, but I had registered my objection with you.

Mr. Mason:

You registered your objection, how could you, sir?

Mr. Lucchino:

They had not set the vacation schedule yet. Because I asked for —

Mr. Mason:

That was only one small item.

Mr. Lucchino:

We don't agree on what we recollect. If we are all going to be here anyhow, all this work being done by the sub-committees, there is no reason why we can't meet in a formal session to let the public know we are here at work. There is no problem with that. The directors being on vacation, their deputies have been here before, there have been directors ill and there deputies have taken their places. We can't stop working because of the directors. The City doesn't stop working because a couple of us are on vacation. I think a new day is here and it is time for this Council to meet more regularly through the summer months. The courts have come around to that idea. The courts used to about close up in July and August. We now have jury trials through July. The Administration works all through the summer, the offices they are open everyday. If Council wants to be the legislative branch, we also have to meet reg-

ularly in an open public session.

Mr. DePasquale:

I honestly believe we don't have to defend ourselves to recess. You gave a very good and valid reason why. I may have been inclined, just as Mr. Lucchino is, when I first came into Council that we should not take two months leave, but at the same time as Mr. Lynch said earlier, it was pointed out to me, due to the vacation schedule in the entire city, it just has to be done and I understand why. We are available all the time, for the most part anyway. I think we should close this debate down, it is getting out of hand.

Mr. Lucchino:

Did you rule my motion out of order and on what basis?

Mr. Mason:

On the basis it was already taken to meeting and passed.

Mr. Lucchino:

That's no reason why. I ask for a decision from the parliamentarian.

Mr. Mason:

You want to vote on this?

Mr. Lucchino:

It would be nice if someone would second it, then we could have a vote on it, but I want to know why I am out of order.

Mr. Mason:

I think your question is out of order because it has already been decided.

Mr. Lucchino:

You mean we can pass a motion to take a vote on marbles champions and we can't take a vote on the summer schedule of this Council?

Mr. Lynch:

Mr. President, the City Council summer schedule is not a legislative function. It is the administrative function with regards to being generally legislated precedence by the President of Council.

Mr. Mason:

I would think so.

Mr. Lucchino:

The motion is to urge the President of Council to revise the summer schedule. It's not demanding. I understand.

Mr. Mason:

You did not use those words, Mr. Lucchino.

Mr. Lucchino:

Yes I did.

Mr. Mason:

Motion denied.

Mr. Lucchino:

I'd like to know what rule of Council you refer to that provides information about recess meetings?

Mr. Mason:

Robert's Law of Order, about the recess of this Council.

Mr. Lucchino:

Robert's Law. The meetings of this Council are established by the rules of Council. Robert's Rules of Order haven't said anything about the rules of this Council and our meeting style. The meeting time is set by a special class City code and also by the rules of this Council.

Mr. Mason:

The rules are set by parliamentary procedure. Even though, we set our own rules for local necessities.

Mr. Lucchino:

Okay, so how do you have a recess meeting of this Council. Regular meetings of Council are on Monday. If you wanted to call a special meeting in this Council, yes, but I don't see how you can call a recess meeting.

Mr. Mason:

Sure we can, we can have a recess meeting anytime we want. You can recess the meeting on a finance committee bill.

Mr. Lucchino:

You sure can, but not to take final action on other bills, just to take up legislation or introductions on the final action.

Mr. Kamyk:

Why don't you ask the parliamentarian for his decision on this matter? Personally, I think that this meeting ought to be adjourned until Friday.

Mr. Mulvihill:

Mr. President, I am not sure I understand the question. Robert's Law provides that preferred motion for recess, it requires a second and a majority vote, if that is the will of Council and its members, seen by Commonwealth versus Klotz. In effect, it says whatever the majority of Council wants to do in procedure, they take it by a majority of Council votes, then Council may so do.

Mr. Lynch moved

That the Minutes of Council of Monday, July 24, 1974 be approved.

Which motion prevailed.

Mr. DePasquale:

I move that this meeting of Council recess and that Council reconvene on Friday, July 5, 1974 at 10:00 o'clock, A.M.

Mr. Caliguiri:

Second the motion.

The Chair:

The Clerk will call the roll on the motion.

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Ayes:

Miss Ballinger	Mr. Lynch
Mr. Caliguiri	Mr. Stone
Mr. Coyne	Mr. Mason
Mr. DePasquale	(Pres't)
Mr. Kamyk	

Ayes 8. Noes one. (Mr. Lucchino voting "No").

And a majority of the votes of Council being in the affirmative, the motion recess passed.

And Council recessed.

Pittsburgh, Pa.

Friday, July 5, 1974

And the hour of 10:00 o'clock, A.M. (D.S.T.) having arrived and the time of recess having expired, Council reconvened and there were present:

Miss Ballinger	Mr. Kamyk
Mr. Caliguiri	Mr. Lucchino
Mr. Coyne	Mr. Lynch
Mr. DePasquale	Mr. Stone

Absent: Mr. Mason (Pres't)

Louis C. DiNardo, City Clerk, called the meeting to order.

City Clerk:

The first order of business is the election of a President pro tem, in the absence of President of Council, Louis Mason, Jr.

The Chair recognizes Mr. Kamyk.

Mr. Kamyk:

I move that Richard S. Caliguiri be elected permanent President pro tem.

Mr. DePasquale:

I second the nomination.

City Clerk:

Are there any other nominations, if not the nominations will close on the name of Richard S. Caliguiri.

And the roll being called, Mr. Caliguiri was elected unanimously.

I move the adoption of the resolution.

Mr. Stone:

Second the motion.

The Chair:

The Clerk will call the roll.

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Ayes:

Miss Ballinger	Mr. Lucchino
Mr. Coyne	Mr. Lynch
Mr. DePasquale	Mr. Stone
Mr. Kamyk	Mr. Caliguiri
	(Pres't pro tem)

Ayes 8. Noes none.

And the majority of the votes of Council being in the affirmative, the appointment of Mr. Mead Mulvihill as City Solicitor was approved and confirmed.

Mr. Caliguiri:

Mr. Mulvihill, from the members of Council we congratulate you on your appointment. We all look forward to working with you in the future.

Mr. Mulvihill:

May I express my thanks to the members of Council and permit me to say, I will do my best.

Mr. DePasquale:

I would like to move for a moment's silence for the slain policeman, Patrick J. Wallace, Jr., who was killed this past Wednesday.

Mr. Caliguiri:

May we all stand.

Mr. Stone:

Would it also be in order for Mr. DePasquale to send a letter of condolence to this family from City Council?

Mr. Caliguiri:

I would say it is appropriate to send a letter of condolence to the family.

Mr. Stone:

Having just recently gone past the halfway point of this year, I would like to take this opportunity to undertake a mid-year inventory of some of our City's social needs.

I especially would like to turn my attention to two issues of extremely vital concern to the citizens of Pittsburgh.

These two issues are the institution of an Emergency Medical System and a Program of Social Services for the basic needs of our senior citizens.

I think drearily back to the days in December when the administration's original budget contained no funds for these services.

I think back fondly to the days in December when this City Council insisted upon the setting up of a contingency fund to provide these basic services.

It was City Council that provided \$550,000 for an Emergency Medical System to help cut the mortality and morbidity rates of the City's ill or injured.

It was City Council that provided \$500,000 for the possible social, recreational, transportation or medical needs of our senior citizens.

It was City Council that was creative enough and concerned enough to make a tangible commitment to improve the well-being of our people.

In these two appropriations in the contingency fund, City Council has articulated, and just as importantly, has espoused a revolutionary idea considering the times of drift and aimlessness we are witnessing in our City.

We are saying that city government should be a positive power in the pursuit of constructive change in the lives of the City's residents.

We are saying that government has an obligation to the people to meet certain necessities and demands that the people of and by themselves cannot afford to meet.

Just six months ago the city administration did not perceive any role for the city government in satisfying the wants of our senior citizens.

Just six months ago the city administration did not perceive any role for the city government in supplying life-saving aid to the injured and the severely ill residents of the City.

Now, says the administration it is "desirable and in the public interest" to provide an Emergency Medical System when it submitted a Bill to get permission to apply for federal matching funds under the "Emergency Medical Services Systems Act of 1973".

I think City Council deserves a great deal of credit for knifing through the smog of apathy that hangs over our City and clouds our future.

I think the City Administration deserves a great deal of credit for having the wisdom to change course once it was made aware of what a City should be, about what a city should provide for its citizens.

There is however still another "change of course" that we hope will be forthcoming from this administration, and that is that it will follow this City Council's previous resolution, that this City apply for funds, under the Older Americans Act . . . for transportation for basic needs, telephone reassurance, special food programs, etc., for the older Americans residing in the City of Pittsburgh.

In my short political life, I have found politics to be a philosophically and intellectually broadening experience, especially around campaign time.

Mr. Lynch:

I'd like to take some issue with Mr. Stone's remarks. While it is true Council put the money in the budget, the Mayor let this budget go through, and we did this on the behalf of the Administration and Council. I think we do too much criticizing of the Administration. We are doing only our jobs, and I am a little tired of hearing about what great heroes we are. I don't like taking a stand to receive all the credit. Needless to say, it was made with everyone's help. I don't look for recognition and I don't want to be a part of anything like that. It is what we were elected to do.

Mr. Kamyk moved

That Mr. Mason be excused for absence from this meeting.

Which motion prevailed.

Mr. DePasquale moved

That this meeting of Council adjourn, and that the next Legislative Session of Council be scheduled for Monday, July 29, 1974 at 2:00 o'clock, P.M. (D.S.T.)

Which motion prevailed.

And Council adjourned.

MOTIONS AND RESOLUTIONS

The Chair presented

No. 1081.

City of Pittsburgh, Pete Flaherty, Mayor

July 26, 1974

President and Members of Council
510 City-County Building
Pittsburgh, Pennsylvania 15219

Dear Gentlemen and Madam:

I am forwarding a Resolution for the confirmation of the appointment of Mr. Regis Sutton of 2226 Fairland Street to the City Planning Commission.

Very truly yours,

Pete Flaherty

fkn

Enclosure

Which was read, received and filed.

Also

Bill No. 1082. RESOLVED, That the appointment by the Mayor of Mr. Regis Sutton of 2226 Fairland Street, be and the same is hereby approved and confirmed as a member of the City Planning Commission.

Which was read.

Mr. Caliguiri:

Mr. President, I know it is the legal procedure to wait two weeks before we pass on new appointments. I am well aware of this, but I think Regis Sutton is an asset to the Planning Commission. I move that we waive the two week period and ask that the Administration get something here before Friday so we can act on Friday.

Mr. Lucchino:

Perhaps then, they can have something before Friday, or Mr. Sutton can come to Wednesday's meeting. I think it is pretty hard to vote on a piece of paper.

Mr. Lynch:

I would concur with Mr. Caliguiri that to hold for two weeks does not imply that anyone held for two weeks is not qualified. I don't think it shows that, but it is a matter of policy that anyone that comes before us, there is a policy of a two week waiting period. That does not imply anything. I don't see to waive the two week waiting period.

Mr. Caliguiri:

We are not in session next week. We are always complaining that the positions are not filled.

Mr. Lynch:

We are not complaining about the Board being filled, but about the services being rendered. I don't want to debate.

Mr. Caliguiri:

What about if we get the information?

Mr. Lynch:

I don't want to debate on Mr. Sutton's appointment, but it would be my preference to wait the required waiting period. We don't do damage to naming someone to the Board if we don't waive the two week period. In that context, I see no reason to waive it here.

Mr. Caliguiri:

My only reason for asking to waive the two week period is because of the unusual time we now have at this time of the year. So, I am just asking to get the same amount of information in this week and that we act on the appointment by Friday.

Mr. Mason:

The Clerk will call the roll on the motion to waive a two week period on appointments and that Mr. Sutton appear at our Committee meeting on Wednesday, July 31, 1974.

The ayes and noes were taken agreeably to law and were:

Ayes:

Mr. Caliguiri	Mr. Kamyk
Mr. Coyne	Mr. Lucchino
Mr. DePasquale	Mr. Stone

Ayes 6. Noes one.

Mr. Mason voting "No," Mr. Lynch abstaining.

And a majority of the votes of Council being in the affirmative, to waive the two week period passed.

Mr. Stone moved

That Miss Ballinger be excused for absence from this meeting.

Which motion prevailed.

Mr. Stone moved

That the Minutes of Council of Monday, July 1, 1974, be approved.

Which motion prevailed.

Mr. DePasquale moved

That this meeting of Council recess and that Council reconvene on Friday, August 2, 1974, at 10:00 o'clock, A.M.

Mr. Caliguiri second the motion.

Mr. Mason:

The Clerk will call the roll on the motion.

And the roll being called, the ayes and noes were taken agreeably to law and were:

Ayes:

Mr. Caliguiri	Mr. Lynch
Mr. Coyne	Mr. Stone
Mr. DePasquale	Mr. Mason
Mr. Kamyk	(Pres't)

Ayes: 7. Noes one (Mr. Lucchino voting "No").

And a majority of the votes of Council being in the affirmative, the motion recess passed.

And Council recessed.

Pittsburgh, Pa.

Friday, August 2, 1974

And the hour of 10:00 o'clock, A.M. (D.S.T.) having arrived and the time of recess having expired, Council reconvened and there were present:

Mr. Caliguiri	Mr. Lucchino
Mr. Coyne	Mr. Lynch
Mr. DePasquale	Mr. Mason
Mr. Kamyk	(Pres't)

Absent: Miss Ballinger, Mr. Stone.

The meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

UNFINISHED BUSINESS

The Chair presented

Bill No. 1082. RESOLVED, That the appointment by the Mayor of Mr. Regis Sutton of 2226 Fairland Street, be and the same is hereby approved and confirmed as a member of the City Planning Commission.

Which was read.

Mr. Caliguiri:

I move the adoption of the resolution.

Mr. Lynch:

I would like the record to show that he has submitted a report concerning his background and fitness and a pause of a two week period is unnecessary and in that light I second his appointment.

The Chair:

The Clerk will call the roll.

And the roll being called, the ayes and noes were taken, agreeably to law. and were:

Ayes:

Mr. Caliguiri	Mr. Lucchino

Mr. Caliguri:

Mr. President, I vote aye for all bills with the exception of Bill No. 836, with the stipulation on the Montefiore Hospital with the Law Department investigating whether or not that can be a taxable structure, through the Assessors Office or by follow-

ing up through the Court. We might be in Court with this thing here. I want to make certain it is a taxable structure.

Mr. Mason:

Gentlemen, I concur with the stipulation which Mr. Caliguiri has brought up relative to Bill No. 836. If we follow through to which the City Councilman has eluded and this is done by the City Law Department, I vote aye on all bills. I follow through with what Mr. Caliguiri said.

Mr. DePasquale:

Doesn't this apply to any bill, that the Law Department has to follow through? This is actually no different than any other bill. There is no possibility by voting aye we are ruling out it isn't a taxable structure and I want to make it clear for the record.

The titles of the bills were read and agreed to.

The bills were read on final action.

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Caliguiri	Mr. Lucchino
Mr. Coyne	Mr. Lynch
Mr. DePasquale	Mr. Mason
Mr. Kamyk	(Pres't)

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Also,

Bill No. 1074. WHEREAS, by Ordinance No. 393 of 1967, the Council of the City of Pittsburgh authorized the Mayor and the Director of the Department of Lands and Buildings to enter into a Cooperation Agreement with the Urban Redevelopment Authority of Pittsburgh providing for the establishment of a Residential Land Reserve Fund and specifying the purposes, amount and source of said Fund; and

WHEREAS, in accordance with the

terms and provisions of said Ordinance No. 393 of 1967, the Mayor and the Director of the Department of Lands and Buildings of the City of Pittsburgh entered into a Cooperation Agreement with the Urban Redevelopment Authority of Pittsburgh dated October 20, 1967; and

WHEREAS, in accordance with the terms and provisions of said Residential Land Reserve Fund Cooperation Agreement, the Urban Redevelopment Authority of Pittsburgh must obtain the approval of the Council of the City of Pittsburgh prior to the acquisition of any vacant and improved real property; and

WHEREAS, the Urban Redevelopment Authority of Pittsburgh, in accordance with the terms and conditions of said Cooperation Agreement desires to acquire 12 acres more or less of land which is a portion of a larger tract of land of 22 acres more or less situated in the 20th Ward of the City of Pittsburgh; and

WHEREAS, the acquisition is to be made from the Heftel Broadcasting Corporation for the sum of \$153,780.00 plus all necessary and incidental expenses in connection with such acquisition. The remaining 10 acres is to be acquired by the City of Pittsburgh; and

WHEREAS, the Council of the City of Pittsburgh believes that the aforesaid acquisition of said property by Urban Redevelopment Authority of Pittsburgh will effectuate the purposes and provisions of the said Residential Land Reserve Fund Cooperation Agreement and desires to give approval to the acquisition by Urban Redevelopment Authority of Pittsburgh.

NOW THEREFORE, BE IT RESOLVED by the Council of the City of Pittsburgh as follows:

That the Urban Redevelopment Authority of Pittsburgh, in accordance with the purposes and provisions of the Residential Land Reserve Fund Cooperation Agreement dated October 20, 1967, between said Authority and the City of Pittsburgh, be and is hereby authorized to acquire by general warranty deed for the sum of \$153,780.00 from Heftel Broadcasting Corporation all that property in the 20th Ward of the City

of Pittsburgh being a 12 acre portion of the following:

bounded on the North by Crane Avenue, Lot 17R, Block 80, Crane Avenue, Lot 17L Block 10;

on the East by Lot 17S, Block 100, Medhurst Street, Lot 36C, Block 312;

on the South by Lot 36C, Block 312, Chappel Street;

on the West by Lot 17P, Block 4, to Crane Avenue.

BE IT FURTHER RESOLVED that the Urban Redevelopment Authority of Pittsburgh is authorized to incur said necessary and incidental expenses in connection with said acquisition as allowed under the Residential Land Reserve Fund Cooperation Agreement, all of which sums shall be paid out of the monies of the Residential Land Reserve Fund.

Which was read.

Mr. Lucchino:

Mr. President, there is a mistake in the description on Bill No. 1074 that I would like to offer an amendment to. That's the 12 acres from Heftel Broadcasting Corporation that the City Solicitor has approved. On page two of that bill, the description as given, being a 12 acre portion of the following:

bounded on the North by Crane Avenue, Lot 17R, Block 80, Crane Avenue, Lot 17L, Block 10;

on the East by Lot 17S, Block 100, Medhurst Street, Lot 36C, Block 312;

on the South by Lot 36C, Block 312, Chappel Street;

on the West by Lot 17P, Block 4, to Crane Avenue."

AND INSERTING IN LIEU THEREOF: "that 12 acre remainder after sale of a 10 acre tract to the City of Pittsburgh for park purposes."

Which motion prevailed.

The title of the bill was read and agreed to.

The bill was read on final action.

And a majority of the votes of Council being in the affirmative, the bill, as amended, passed finally.

Also,

Bill No. 1075. WHEREAS, in accordance with the terms of the Homewood North Cooperation Agreement dated June 20, 1967, between the Urban Redevelopment Authority of Pittsburgh and the City of Pittsburgh, the City of Pittsburgh made payments to the said Authority for improvement costs of certain boundary streets and certain parcels for park and buffer purposes as set forth in the Homewood North Redevelopment Area Plan (Urban Renewal Plan); and

WHEREAS, additional funds in the amount of \$87,000 are required for said improvement costs; and

WHEREAS, the Authority now holds in its Homewood North Local Cash Grant Account \$87,000 of interest earned on funds in said account and said interest is not required for local cash grant purposes;

NOW, THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE CITY OF PITTSBURGH:

That the Urban Redevelopment Authority of Pittsburgh is hereby authorized to use \$87,000 of interest income from its Homewood North Local Cash Grant Ac-

count for improvement costs of certain boundary streets and certain parcels for park and buffer purposes as required under said Cooperation Agreement between the Urban Redevelopment Authority of Pittsburgh and the City of Pittsburgh.

Which was read.

Also,

Bill No. 1076. WHEREAS, by Resolution No. 454 of 1973, approved December 10, 1973, the Council of the City of Pittsburgh approved the Neighborhood Housing Program; and will exceed the fair market value of each dwelling unit by an amount known as the Housing Assistance Payment to be made by the Urban Redevelopment Authority of Pittsburgh (hereinafter called "Urban") to qualified low and moderate income purchasers who in turn will pay over the Housing Assistance Payments to the builders at their closings; and

WHEREAS, although builders have sufficient resources to obtain construction loans in the amount of 80 per cent of the fair market values, they do not have sufficient resources to obtain construction loans in excess of 80 per cent of fair market values and equal to 80 per cent of the estimated costs of construction; and

WHEREAS, the lending institutions will make construction loans equal to 80 per cent of the estimated costs of construction if the differences between 80 per cent of fair market values and 80 per cent of estimated costs of construction are secured; and

WHEREAS, Urban desires to pledge 80 per cent of the Housing Assistance Payments with the lending institutions as security and to require the lending institutions to invest 100 per cent of the Housing Assistance Payments on a disposition package basis; and

WHEREAS, if there are no defaults the lending institutions will make the Housing Assistance Payments to the qualified low and moderate income persons and families at the direction of Urban at the times of the purchases of the units and when all units are sold in a given disposition package the lending institutions will ac-

count to Urban for the funds and return all principal, if any, plus all accumulated interest; and

WHEREAS, in the event of default by the builders, the lending institutions may apply up to 80 per cent of the Housing Assistance Payments for each unit in default on a unit by unit basis, and may at its option foreclose upon the units in default in which event the remaining 20 per cent of the Housing Assistance Payments may be utilized by the lending institutions and they must complete construction and sell to low and moderate income persons and families; or require Urban to revest title in itself in which event the remaining 20 per cent of the Housing Assistance Payments must be returned to Urban with interest; and

WHEREAS, the principles of the above terms and conditions have been approved by the Board of Urban at a Special Meeting held Friday, July 19, 1974, and have been discussed with and approved by the First Federal Savings and Loan Association of Pittsburgh and Century Federal Savings and Loan Association of Pittsburgh as representatives of the lending industry; and

WHEREAS, Urban desires that City Council approve said principles in order that it may proceed with the Neighborhood Housing Program;

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Pittsburgh as follows:

That the principles of pledging by the Urban Redevelopment Authority of Pittsburgh of Housing Assistance Payments in the Neighborhood Housing Program with those lending institutions committed for construction loan purposes to developers under the Program as set forth above, are hereby approved.

Bill No. 971. An Ordinance entitled, "An Ordinance approving a Conditional Use under Section 2801-1-A-20 of the Zoning

Ordinance, No. 192, approved May 10, 1958, as amended, for conversion of existing Herron Hill Junior High School to 1200 pupil Middle School, including remodeling and a three-story addition to front of existing building, with Parking Facilities for 80 stalls, on certain property located between SHAWNEE STREET and CENTRE AVENUE at its intersection with EWART DRIVE, now of the Pittsburgh Board of Public Education, 5th Ward."

Which was read.

Mr. Stone:

I would like at this time to speak to Bill No. 971. Mr. President, at periodic intervals City Council must face an issue which has momentous consequences for our City and our People. I feel today's vote on Herron Hill is such an issue for what we decide today will tell a lot about our commitments to one another and it will tell a lot about the roles we assign to the various public institutions that govern us.

The vote on Herron Hill has, therefore, assumed a significance far beyond its original question. That question was presented by the school board to the city strictly as a zoning question. That question, whether we like it or not, is now political, governmental, educational and racial.

Clearly, something unforeseen has happened on the way to school. What did happen? What significance for our city does this vote have? Let's get specific to find out.

The Pittsburgh City School Board has asked for a conditional use change to expand, renovate and convert the Herron Hill Junior High School into a middle school. The Planning Commission has denied the conditional use and now City Council has been asked to override, by the necessary seven votes, the Planning Commission's decision.

I think the Planning Commission has acted unwisely in this instance and for Council not to override that decision would only compound the short sightedness of the Planning Commission.

The zoning ordinance which governs the activities of the Planning Commission

states, "the Commission shall have the power to recommend and Council may impose such conditions deemed necessary to protect the best interests of the neighborhood surrounding the proposed project." The key words in this clause are "to protect the best interests of the neighborhood surrounding the proposed project." I interpret that phrase to mean the Planning Commission is supposed to protect the best interests of the people surrounding the Herron Hill site. However, every indication I have tells me the people of Herron Hill feel their best interests are not being protected, but, in fact, weakened.

We have the preposterous situation of the Planning Commission protecting the Herron Hill people against a clear, threatening and visible danger that no one on Herron Hill sees, hears or knows anything about. I hope someone would demonstrably inform the people of Herron Hill just how a better school for their children is not in the best interest of their neighborhood. It would take a logician of infinite verbal persuasive and expressive skills to do that.

In point of fact, the renovation and expansion of the Herron Hill site is in the best interest of the neighborhood.

Another regulation governing the operation of the Planning Commission concerns notices and public hearings. Normally, owners of all property within 150 feet of the concerned site must be notified by mail that a public hearing for a conditional use will be held. In this case, property owners thousands of feet outside the site, and even in other neighborhoods, were notified of the conditional use hearing.

The conditional use for the Carmalt School, which the Planning Commission recently approved and passed, did not follow this same format.

This artificial enlargement of Herron Hill neighborhood for this zoning problem leaves me mystified. One question that now needs answered is, what criteria are used by the Planning Commission to determine what specific projects will have what impact on what neighborhoods. Will notices from now on have to be sent to Woman's Christian Temperance Union members living on the North Side if someone wants to

expand a bar on the South Side. Truly, there can be no objective criteria designed. We are entering a legal thicket that has no exit. The Planning Commission should function strictly within the specific geographic area it is legally authorized and empowered to act, that is, the neighborhood surrounding a proposed project. Nor is the Planning Commission expansionist attitude restricted to geography. It's meddling in educational practices too.

Zoning is concerned with such things as height, stories, and size of buildings. The size of yards, population density, location and use of buildings and the unlawful erection, construction, reconstruction, alteration, conversion, repair, maintenance, use or occupancy of buildings, structures or land.

From a zoning viewpoint, the School Board has met all zoning requirements at Herron Hill. The height of the school is not in violation. The position of the school is okay. The set back is adequate. The building materials to be used are permissible. The parking spaces are satisfactory. The number of exits are sufficient. The buffer area is large enough. The variances sought are in order. All these reasonable restrictions on the proposed expansion and renovation have been met. But, sad to say, the issue is no longer one of zoning.

By changing the substance and complexion of the problem, we have opened a Pandora's Box. By going outside its authorized role, the Planning Commission is setting a dangerous precedent. The Planning Commission wants to know about feeder patterns. The Planning Commission wants to know what schools, if any, will be closed by the Board of Education's actions. Bluntly, I say that's not the business of the Planning Commission. That's the Board of Education's business. If we take that small but important step of inquiring into feeder patterns, where do we stop our investigation into educational matters. Do we inquire about teacher-pupil ratios?

Teacher qualifications? Curriculums? Sex education? The study of evolution? Does anyone suggest we pick the offensive line coach for Westinghouse High School? I think the Board of Education should deal with these problems, not the Planning

Commission and certainly not City Council. Let's not politicize education.

In 1911, state law made the school board an independent governmental entity to keep it out of the muck and mire of political meddling. The institutions that govern our city are intricately balanced, each institution having specific roles to play. The Board of Education handles educational matters for the City's residents. Some may argue it does a lousy job. Others with equal fervor, may think it does a good job. In any case, education is the board's responsibility. It's not the charge of the Planning Commission nor City Council. We should not tinker with the delicate balance struck between our governing bodies. We have, unfortunately, too many examples of one agency trying to usurp the prerogatives of another agency of government. This derangement of functions can lead to undesirable consequences in a democratic society so heavily dependent for survival on the rule of law and on the stability of custom and tradition.

City Council cannot and should not become a forum to discuss, evaluate and change the educational policies of the Board of Education. City Council, however, can and should become a powerful force in solving community problems. City Council can and should lead the way in resolving our difficulties by a collective display of self-restraint, objectivity of mind, fairness of heart, and justness of spirit.

From a very personal standpoint, my moral fibre prohibits me denying basic minimums to people, especially school children.

Mr. President, I, proudly, responsibly, and in good conscience, will cast my vote to override the Planning Commission's decision.

Mr. Coyne:

Mr. President, I plan to vote in favor of the conditional use change applied for by the Board of Education. I think one of the obligations of the School Board and its administration is to determine the student enrollment patterns in Pittsburgh schools.

If I as a citizen have objections to the Board's proposed or established patterns, my obvious course to air my differences

would be to raise my objections at a School Board public meeting. I don't always agree with the actions of the School Board, but that is not the issue before this Council, as I see it.

We have before us a zoning question, and I feel that I must keep the zoning issue separated from my opposition to students having to travel many, many miles from their homes to attend school. I have great reservations about children having to travel, by whatever means, from far away points to Herron Hill Junior High School, but again my thoughts on this matter should be properly expressed at a regular School Board meeting when assignment of students is a topic.

If I were to oppose this conditional use proposal, on the basis that I wanted to stop the implementation of the Board plan, I feel I would be abusing the power of my Council seat.

Mr. Lucchino:

Mr. President, on Bill No. 971, Mr. Stone has spoken to that bill and I didn't respond to some of the specific items on that bill and he repeated again today what he stated on Wednesday. I felt that at that time it probably was not necessary, but he has sought to repeat them again today. I feel that it is obvious that some response has to be made to some of the things he said. He has taken out a personal view about this, when he says that it has great significance and that he has great moral fibre and to imply that those persons who are not agreeing with his position on that bill have less than moral fibre. Unfortunately, somehow, that issue has permeated those persons who favor Mr. Stone's position. I feel he has done his colleagues on Council, and I am speaking only for myself, a great dis-service in perpetuating this particular kind of thought. I will be happy to match my moral fibre with his at any time and on any issue. I suggest to Mr. Stone if he had such great moral fibre and this issue was of such great significance, then, why, was he the person who sought to delay the Herron Hill vote on July 31. He was the maker on the motion that this matter be delayed. Mr. Stone moved to delay that motion because he was not going to be in town to vote on the issue two days later.

I suggest to him that he has unbound my moral fibre and I say to him if this was such a significant issue and he felt so personally about it and it goes to his moral fibre, why, then, was he not going to make arrangements to be in town at the regular scheduled Council meeting to vote on this bill if he feels so strongly about it.

I feel, I have a right to be here. I have a right to exercise my judgement. I take great offense at Mr. Stone's remark about the moral fibre of other people in this Council. I think Mr. Stone has used this issue in a very unfair way. He is responsible of doing the same thing he accused the Mayor of doing, political demagoguery. On this issue he has done just that.

I feel in the background, this does not change my mind at all. Those people that want to hiss can do it. If Mr. Stone felt it was so personal, then why did we delay it for two months. The issue could have been decided on July 31 and voted for finally on August 2. If it had been defeated we could be on the way to resolving this meeting today and here we are sitting here, September 16, because he moved to delay it.

I feel that everybody on this Council is in favor of renovating not only Herron Hill Junior High School, but all schools. The Planning Commission has significant questions that are in conflict, and therefore, of the zoning ordinance and with the plans of the School Board. The School Board has sought to place the City of Pittsburgh Council between the community and themselves, and for what motive I do not know why they have sought to do that. They have not answered any questions that the City Planning Commission have had of them. They had absolutely no figures on the projected use of this school and of its effect on other schools. The Planning Commission felt the school had a great impact on the communities of the City of Pittsburgh and I concur with that.

I feel this matter could pass affirmatively should the School Board come forward with the information that was requested and should the School Board furnish realistic data which the Planning Commission requests.

Mr. Stone mentioned the Carmalt

School. The Planning Commission went reluctantly ahead with the Carmalt School and the results it showed was not to repeat it again. They admit it was a mistake and a case of severe impact on the surrounding neighborhood. They don't want that to happen to Herron Hill.

Who could oppose having a better school for any children, but the School Board was just asked some common sense questions and instead of answering the Planning Commission's questions, they went ahead with their planning. They did nothing to Herron Hill. They went along without planning data, without any kind of information, all of which has been laid by the Planning Department. The Planning Department is waiting for an answer and the School Board can't give answers to the actual facts. The Planning Department says they will withhold approval until you come up with the answers.

Everybody that has approached me to override the Planning Commission has not read the decision of the Planning Commission or the four page letter sent by Mrs. D'Ascenzo to the President of the School Board, Mrs. Miscimarra, which outlines the reasoning of the Planning Commission. I feel if those persons would read the report they would see that no one in the Planning Commission or City Council is in opposition for better schools for the kids for Herron Hill or anywhere else and by that, that is my vote in holding up the Planning Commission to those kind of things necessary in my judgement under the zoning ordinance.

I don't want to name the line coach for Westinghouse. I don't want to outline the school curriculum. I strongly oppose anybody saying that I usurped somebody's power. I am here to assert my power as I see fit to do it under my obligation and oath of office. I feel the issue of Herron Hill's renovation, if the School Board plans to hold further hearings, I think, once they get their plans together and they will meet with the Planning Commissions requirements, then this matter will go through.

Unfortunately, everyone feels it has been creating some kind of symbol, and I speaking for myself, that is not so. My children go to a public school. I

would like to have them have a new school, too. One of our problems in this City is you cannot go with attempting progress without facts and information to support it and they have not submitted it as of yet.

Mr. Lynch:

Mr. President, I would like to also direct myself just briefly to the question here. I would like it to be known that I am with Mr. Lucchino on Mr. Stone's characterization of moral fibre. I find it infinitely difficult to take seriously anything Mr. Stone says. I have traditionally had a difficult time trying to understand his comments.

The point here I think we should make involves two points. Before this meeting, Councilman Caliguiri and myself asked Mr. Stone to resubmit this question to Committee in order to give the School Board an opportunity to respond more effectively to the questions asked by the Planning Commission for the use of this school. Mr. Caliguiri, Mr. Lucchino and myself had a willingness to change our vote in support and override the recommendations of the Planning Commission, but Mr. Stone protested to do this and he wanted to get this question over with. As I understand it, once this issues comes up today, it cannot come up again in the life of this council, therefore, Mr. Lucchino's statements are not accurate. We cannot reconsider this bill for the life of this Council. The refusal is a cruel one in light of the indication of three members of Council and it would clearly indicate this motion will go down to defeat and in that context and even though that would be the case, the school authority could rebuild without anyone involved.

Now, the letters and calls I have received urging for the School Board, I believe, on the part of the Herron Hill District, that if we do not overrule the Zoning Board they cannot build. That is simply not so because if they want to build a new school they can do so without any variances of any type. I think it is important that is understood. If they do not build a new school, they have decided not to do it.

I propose to support the Planning Commission, until some of those questions are answered.

Mr. Caliguiri:

Mr. President, some of us are out of turn here. I just can't see how anybody can say to us this is unkind. Just as I have said before, to do just that, you blind that to other things and other concerns of the City of Pittsburgh. All of us here represent everybody in the City of Pittsburgh. This is one of the toughest decisions I have had to make on City Council. From time to time you have to make tough decisions.

I concur with what Mr. Lynch and Mr. Lucchino have indicated, that the school board can in making allowances with regard to remodeling, do it with or without our approval.

Prior to the bill coming to City Council, Mr. Olson, stated there was dialogue between the School Board and the Planning Commission and we knew nothing about this until it was put on our desk before us and by leafing through our Agenda to see that there was such an issue as Herron Hill on our Agenda.

I can't for the life of me, what we ask of the School Board members and staff, see why they can't sit down if they are so concerned about this bill and its progress, see why, they can't sit down and get the information that the Planning Commission requested. I think if there was one shed of light that might help this project go through, that should be done. We are all aware it could get the feeder pattern, but the three votes seem to be standing, unfortunately.

I for one am in favor of a neighborhood school, for only one school in one area. Since the presentation was made before the School Board, I have received calls from the School Board members. I have received calls from their staff. We should not be concerned about the options to the public. We should be concerned about a number of other problems in this project if it goes through and no one will come here publicly and indicate that. Why do I receive these calls? Why don't they come out publicly as well and tell the community what is going on? There is no doubt about it, the Board of Education has put us squarely in the middle of this and I can't see it as a conditional use. I am for neighborhood schools and

want to see it that way, therefore, I have no way of voting except against it and for the Planning Commission.

I think they can get together. We have tried to place the blame to the possible delays and this is because we are of an opinion that there is still room for compromise, because we are of an opinion we want the rest to have a remodeled school. The bill will come before us and get defeated and that is unfortunate. If everyone was honest we think this thing would have gone through and if everyone was honest with the people on the Hill. I have had many nights I have not slept and I know this doesn't help the people of the Hill. If the people do some more talking and try to get it done, I do hope this can come before us if we vote it down now in a manner acceptable to everyone on City Council, then, I can be and will be for the remodeling and expansion of Heron Hill Junior High School.

Mr. Stone:

Mr. President, I find it rather interesting that people take opposition to remarks and come back more biting and malicious than what they accuse the other person of being. A case in point, people try to set up that kind of maneuver. Since this isn't my first time to take criticism, especially from whom it is coming, it really doesn't make any difference. Aside from that, we get down to the issue and I think it is solely my moral fibre and what it permits or does not permit me to do. Everybody can use that same form of reasoning if that is the only problem. They vote their conscience for what they think is right and that is whether or not this is a zoning problem being handled.

We keep trying to skate an issue and it is on a zoning problem. There is another matter, \$40,000 it is costing the School Board in escalation cost per month. Are we fair, are we really fair? It is amazing to me that the actual plans of this particular building cover only the expansion of an auditorium and cafeteria and nothing else.

Again, let's not lick at one another's consciences, but just do as I did, resolve your own.

Mr. DePasquale:

I have one complaint to make to the type of backbiting that went on here today. I think we owe an apology to the public and to the President for condemning one another. I think it is absolutely terrible.

The title of the bill was read and agreed to.

The bill was read on final action.

Ayes 9. Noes none.

And a majority of the votes of Council being in the affirmative, the bills passed finally.

MOTIONS AND RESOLUTIONS

Mr. Mason:

I just have some general remarks. I will be very brief.

I would hope very deeply, as President of this body, after all the discussion on Bill No. 971, that we can now proceed with the business of the City without acrimony, without any kind of get-even-kind-of-business, but let's get on and do our business. We have enough problems coming up and I just hope the discussion today does not challenge or impugn the integrity of anybody. I think we all voted our own conviction, the way we felt about it. The Bill was defeated, that's where we stand, and let's go out and not publicly criticize one another at any place because we have bigger jobs to do than just Bill No. 971.

Mr. Lynch:

I would like to respond by saying, I think it is healthy for this Council to engage in debate. I think some of the greatest questions of the City are best hammered out on that kind of format and I don't think the remarks made here were in any way personal. I am reasonably sure most of the Councilmen are mature enough that anything said in heated pursuit of their belief, they realize it happens when people become advocates of a particular cause. The admonition that people should not carry personal acrimony beyond the bounds of that are

reasonable and are very well taken and I hope they are unnecessary.

Mr. DePasquale moved

That the Minutes of Council of Monday, September 9, 1974, be approved.

Which motion prevailed.

And on the motion of Mr. Coyne.

Council adjourned.

An Ordinance entitled, "An Ordinance PROVIDING for the filing of an application by the City of Pittsburgh with the United States Department of Labor for a grant in connection with the Comprehensive Employment and Training Act, Title I, Project; providing for the execution of Grant Contracts and for the filing of requisitions and other data; approving the Comprehensive Employment and Training Act, Title I Project; providing for required assurances; providing for execution of payment vouchers on Letter of Credit and for certification of authorized signatures; creating a Special Trust Fund in connection with the Project; and providing for the deposit of funds in a bank account."

Which was read.

Mr. Lucchino:

May I just speak to Bill No. 1153, with the indulgence of the Chair, on Manpower training. I favor Manpower Programs to aid the unemployed in finding jobs, but I think Congress made local revenue sharing so the locality could operate effectively as far as the local citizen is concerned.

My fear is that the present pro-

gram has no innovative component. There is no chance for something new in terms of Manpower training.

I am also concerned about the public's access to Manpower's Planning Council. The Director severely limited and did not let the public in on this. The public could not even get copies of the plan to read except in Mr. Parker's office.

The only alternative I can see for the future and to call attention to this serious position is to cast a negative vote and for that reason I cast a negative vote.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

Which was read.

Mr. Mason:

The Chair only wants to say this. In Committee meeting my vote was misinterpreted. I was not against the establishing of a shopping center on Broadhead-Fording Road, but the fact it did not stipulate stop lights at the existing corners. I don't see how we are going to get a stipulation on this.

Traffic out there will also be generated by the concentration of more people coming there and suburbanites to do their shopping and for that reason I would be forced to vote no on final action.

I am for the shopping center, but I think

in creating it, it has hazardous and dangerous conditions.

Bill No. 1194. REPEALING Resolution No. 41, approved February 15, 1974, which authorized the sale of property located in the 5th Ward on Kirkpatrick Street, designated as Blocks 10-K, Lots 227 and 231, to the Central Christian Methodist Episcopal Church, Inc., c o G. E. Gathers, for the sum of \$2,000.00.

THE REASON for repealing this resolution is per request of purchaser by letter dated August 1, 1974, that hand money in the amount of \$200.00 be returned due to the reason that the transaction for the building located at 715 Kirkpatrick Street adjoining the above property did not materialize as the private owners asking price is beyond their means, therefore, the above property approved by Resolution No. 41, would be of no value to the Church.

WHEREAS, said petition has not been filed in the Court of Common Pleas and there are no costs involved in the sale.

RESOLVED, That Resolution O. 41, approved February 15, 1974, is hereby repealed and that the Department of Lands and Buildings is hereby authorized to return the hand money in the amount of \$200.00 to the Central Christian Methodist Episcopal Church.

Also.

Bill No. 1267. An Ordinance entitled, "An Ordinance AUTHORIZING the Mayor and the Director of the Department of Public Works, on behalf of the City of Pittsburgh, to enter into an Agreement with the Commonwealth of Pennsylvania providing for reimbursement of the City of costs for salting and snow plowing State Highways within the City limits during the period from November 1, 1974, to April 15, 1975."

Which was read.

The titles of the bills were read and agreed to.

The bills were read on final action.

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Miss Ballinger	Mr. Lucchino
Mr. Caliguiri	Mr. Lynch
Mr. Coyne	Mr. Stone
Mr. DePasquale	Mr. Mason
	(Pres't)

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Miss Ballinger presented

No. 1326. Report of the Committee on Public Service and Surveys for October 2, 1974, transmitting one ordinance to Council.

Which was read, received and filed.

Also, with an affirmative recommendation.

Bill No. 1265. An Ordinance entitled, "An Ordinance VACATING Gary Way from Idlewood Avenue, for a distance of 100.16 feet to the northerly line of Bert Way in the 28th Ward of the City of Pittsburgh."

Which was read.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Miss Ballinger	Mr. Lucchino
Mr. Caliguiri	Mr. Lynch
Mr. Coyne	Mr. Stone
Mr. DePasquale	Mr. Mason
	(Pres't)

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Stone presented

No. 1327. Report of the Committee on Planning and Redevelopment for Octo-

ber 2, 1974, transmitting one ordinance to Council.

Which was read, received and filed.

Also, with an affirmative recommendation.

Bill No. 1073. An Ordinance entitled, "An Ordinance amending the Zoning Ordinance, No. 192, approved May 10, 1958, as amended, Zoning District Map Sheet Z-S10-E16 by changing from 'R3' Multiple-Family Residence District to 'C3' Commercial District all that certain property bounded by: Loretta Street; Murray Avenue; and Lots Numbered 322, 306 and 305, Block 88-A in the Allegheny County Block and Lot System, 15th Ward."

Which was read.

Mr. Caliguiri:

Before I cast my vote, once again, I am concerned about the traffic problem that is now existing at that intersection and I would like to alert our Traffic Planning Department and Engineer to begin formally checking this intersection making sure to see if we can alleviate that problem.

Franklin Federal is buying the property and we should see if they will at least in design, try to alleviate the problem with the proper design for that intersection.

I want to express thanks to Franklin Federal for supplying City Council with the necessary information and cast an affirmative yes vote.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Miss Ballinger	Mr. Lucchino

	(Pres't)

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Coyne presented

No. 1328. Report of the Committee on Water for October 2, 1974, transmitting sundry ordinances to Council.

Which was read, received and filed.

Also, with an affirmative recommendation.

Bill No. 1268. An Ordinance entitled, "An Ordinance creating a special trust fund in connection with water line projects of the Urban Redevelopment Authority of Pittsburgh in the Garfield Code Enforcement Area; providing for contracts in connection with such projects; and providing for the payment of the cost thereof."

Which was read.

Also.

Bill No. 1269. An Ordinance entitled, "An Ordinance PROVIDING for a contract or contracts for new roof and general roof repairs and associated work at the Ross Pumping Station, Saline Pumping Station, Clarifier and Archway roofs, and providing for the payment of the cost thereof."

Which was read.

Also.

Bill No. 1270. An Ordinance entitled, "An Ordinance FURTHER AMENDING Ordinance No. 122, approved March 19, 1973, entitled 'An Ordinance providing for the joinder of the Department of Water in Street Improvement Contracts awarded by the Departments of Public Works and Supplies, which include waterline work; and providing for the payment of the cost thereof attributable to such waterline work' as amended by Ordinance No. 203, approved April 23, 1973, by removing the street referred to in Section 1, No. 75, 'Second Avenue, Ross to 10th Street Bridge' and inserting therein the thoroughfare 'Ridge Avenue.'"

Which was read.

The titles of the bills were read and agreed to.

The bills were read on final action.

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne	Mr. Stone
Mr. DePasquale	Mr. Mason
	(Pres't)

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Lucchino (for Mr. Kamyk) presented

No. 1329. Report of the Committee on Lands and Buildings for October 2, 1974, transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation.

Bill No. 1229. Resolution authorizing the sale of property in the 5th Ward, being a two-story frame house at 702 Francis Street, designated as Block 10-D, Lot 170-C, to Cleo Moone, for the sum of \$750.00.

Which was read.

Also.

Bill No. 1230. Resolution authorizing the sale of property in the 6th Ward, located at 3912 Liberty Avenue, designated as Block 26-B, Lot 53, having a two-story frame house, to Thomas F. Bartoszewicz and Dominic M. Cuiffi, for the sum of \$950.00.

Which was read.

Also.

Bill No. 1231. Resolution authorizing the sale of property in the 10th Ward, being vacant ground located on Baker Street near Morningside Avenue, designated as Block 121-F, Lots 68-71-75 and 77, to Nicholas J. Malich and Josephine H. Malich, his wife, for the sum of \$900.00.

Which was read.

Also,

Bill No. 1232. Resolution authorizing the sale of property in the 10th Ward, being a vacant lot on Mathilda Street, designated as Block 50-E, Lot 28, to Wilbert N. Tolliver, Jr. and Ulla M. Tolliver, his wife, for the sum of \$1,300.00.

Which was read.

Also,

Bill No. 1233. Resolution authorizing the sale of property in the 15th Ward, being a vacant lot on Dyke Street, designated as Block 57-B, Lot 132, to William Todd, for the sum of \$525.00.

Which was read.

Also,

Bill No. 1234. Resolution authorizing the sale of property in the 15th Ward, being vacant land located on Prescott Street near Graphic Street, designated as Block 55-S, Lots 60 and 62, to Frank L. Popp and Angeline N. Popp, his wife, for the sum of \$450.00.

Which was read.

Also,

Bill No. 1235. Resolution authorizing the sale of property in the 16th Ward, being a vacant lot located on Salisbury Street corner Cologne Street, designated as Block 13-M, Lot 76, to George L. Aul, for the sum of \$150.00.

Which was read.

Also,

Bill No. 1236. Resolution authorizing the sale of property in the 19th Ward, being a vacant lot located on Heigle Street corner Creedmore Street, designated as Block 139-B, Lot 150, to Robert J. McAdams, for the sum of \$400.00.

Which was read.

Bill No. 1237. Resolution authorizing the sale of property in the 20th Ward, being three vacant lots located on Chartiers Avenue to Albert Way, designated as Block 20-F, Lots 248, 249 and 250, to Carl Sbraccia and Eleanor Sbraccia, his wife, for the sum of \$1,000.00.

Which was read.

REPORTS OF SUB-COMMITTEES OF COUNCIL

Ms. Ballinger:

I wish to submit for the record the report on the City Council's study on Cable Communications and to add that the Study Committee on Cable Communications was formed to seek information from all possible sources; provide City Council with pertinent information on the nature of cable and the feasibility of a cable system for Pittsburgh; and disseminate information to the community.

In order to provide the most up to date information to City Council; to provide a flexible cable system to withstand technological advance and at the same time meet the needs of a changing urban population; to alert groups and institutions to the communications' potential at hand; and to be of assistance to City Council and the citizenry whenever possible in this matter, it is necessary that the Study Committee:

- (1) Determine the size and number of franchise areas taking into consideration socio-economic factors as well as those which relate to the cable operator such as number of miles of cable, studio costs and the like.
- (2) Design a reasonable construction timetable.
- (3) Determine the number, and allocation of channels as well as the number and type of community-use equipment.
- (4) Determine the kinds of specialized services that will be needed by schools, hospitals and businesses within the foreseeable future.
- (5) Determine what technical standard shall apply to the cable system.

(6) Establish a regulatory framework to: deal with the day-to-day cable operations; establish objective standards for system performance; ensure a fair subscription rate; and establish an ongoing program of regulation in the form of the Office of Cable Communications.

(7) Be prepared to assist the City Council in cable operator application design and subsequent evaluation; and

(8) Finances necessary to make the studies and observations.

This is what the report includes and I would like to have it submitted. I move that it be made part of the record.

REPORT TO CITY COUNCIL

City Council's
Study Committee on
Cable Communications

October 1, 1974

As far as the Study Committee on Cable Communications is concerned, this is City Council's first exposure to any significant amount of information about cable television. Unfortunately, therefore, there is a great deal to cover. A difficult task is at hand but it is certainly a possible one. We can deal with cable as long as it is a cooperative effort. Cable is complex enough without further compounding the problem by being uncooperative. To that end, it is suggested that problem areas be approached with a positive attitude.

Too often we are asked "Can we?" expecting, and getting a "Yes" or "No" for an answer. The more appropriate question, especially as far as cable is concerned, is not "Can we?" but "How can we?" The technology is flexible; the federal guidelines are flexible; the Study Committee has amassed a veritable library of information on cable and is in continual contact with people in the industry, other municipalities as well as other groups and individuals who have related interest in cable.

With this support, cable's sometimes baffling aspects can be deciphered easily enough. Some people will say, "Cable is very complex." This is the same as saying, "The sky is big." Neither gives any indication of just how complex or big. In the case of cable usually it is just a quick answer by those who would rather you not understand. Although they will argue that it is to their benefit that you understand cable, the complexity of issues is used to place them at the so-called expert level. Cable may be complex but it is no more complex than a great deal of other issues with which you deal. The Study Committee urges you to accept the responsibility of becoming involved; and with a positive and realistic attitude, there is every reason to believe that this project will succeed.

This report is divided into four parts. First, I would like to explain some general concepts concerning how technology especially communications technology has influenced our lives. Secondly, I would like to outline the history of this Study Committee, some of its accomplishments, failures and how these might have been avoided. Third, since we simply do not have the time today to consider all the aspects and ramifications of a cable system for our city, I would like to point out some particularly problematical areas. Lastly, the recommendations of the Study Committee at this point will be presented along with the reasons why we believe this project is worth continuing and just how City Council can help.

Over the past 30 years there have been dramatic changes in both transportation and communications. Transportation has put us on the moon and has the ability to carry us anywhere on earth with lightning speed. We all remember when a cross-country flight was impossible or even when it became possible it was an ordeal. Now that sort of transportation is so common-place that it is almost useless to mention. It is useless to mention except to say that although some call it a transportation revolution it is actually an evolutionary process. To land on the moon is the next logical step in our development of transportation systems. The same applies to communications.

How many remember when it was necessary to go through the telephone operator just to call across town? How many remember when only the wealthy could afford the luxury of a telephone? Now a phone is a necessity for business and pleasure; to communicate with clients, friends and relatives. Who would have predicted the impact of the telephone on our lives a generation ago?

What about the radio? Remember when a family had but one radio and even it had to be plugged into an electrical outlet? Today radios are as common-place as pencils. Portable radios? No wires, no plugs. Transistor radios? Another step in the evolutionary process. Radios come in as many sizes, shapes, colors, and serve as many functions as we can imagine. The fact that we have added the so-long sacred FM stations to a small unit is taken for granted. Although it may be a stark contrast between communications systems of 30 years ago, again, it represents nothing but a process of development. It has been evolutionary for those who have followed it; it only seems revolutionary for those who have not followed it.

Radio was originally designed as a communications tool. Ordinary radio stations, however, are in the entertainment business rather than a communications business. The Federal Communications Commission grants a station permission to broadcast for "the public interest". This isn't always the case but then again a new medium was developing, television.

Physically, television has reached the portability of radio although it is younger. Remember the first commercial television sets? Large, bulky, expensive, small screens, black and white pictures. Today they are small and compact and even have the ability to deliver color pictures. How is that the physical aspects of radio and television have advanced and the content has not?

Some have compared our communications systems with the printing press developed centuries ago. The potential impact is the same but the actual impact is much different. Comparing the two; it is almost as if after developing move-

able type, the printers printed nothing but comic books and scandal tabloids. We are not discussing radio or television per se, only to point up the potential and put this into perspective as far as communications is concerned.

We have heard the expression. "Things change." True. No one will deny that. What most people do not realize is that while change is inevitable, what is different today is that change is happening faster, and faster, and faster. Things will always change but the question is how fast? Or more importantly, can we keep up with that change?

Look at how long it took radio to develop. Television, a more complicated device in a physical sense, developed even faster. The pace or acceleration of change is the problem. If we can see the technology and understand that it will be continually changing, all we have to do then is be prepared to accept it and make full use of it. If we can come to grips with communications technology it will be at our disposal rather than the reverse. As it stands now, the tail is wagging the dog rather than the dog wagging its own tail.

Cable television and its implications is just another in the developmental process of communications. Cable, developed 25 years ago, brings television signals into the home but it has the capacity to do a great deal more. The telephone can also do a great many things. You can have several people at different points in on the same conversation; you can put someone on "hold" while you talk to someone else; it has gotten to the point that when someone is trying to reach you and you're line is busy, even you hear a tone indicating that someone is trying to get through. Former F.C.C. Commissioner Nicholas Johnson has said that the capacity of the telephone wire compared to cable is like comparing a garden hose with Niagara Falls. The technology is there. The ability to influence its development, unlike that of radio and television and the telephone, is given to the community by the Federal Communications Commission. It is up to us to decide how to use it. Will the tail wag the dog, or will the dog find the courage

and energy and exert itself and wag the tail?

When City Council established a Study Committee to investigate the issue of cable television, there were several tasks outlined. The group was charged with gathering as much information from as many different sources as possible; getting community reaction to cable; and then making this information known as well as recommendations as to the possible implementation of a cable system in Pittsburgh.

All the information from groups such as cable operators, the Cable Television Information Center, the Rand Cooperation and the like would do little good unless there were local characteristics taken into consideration. To that end we approached, (1) the Pittsburgh Public Schools, (2) the Hospital Council of Western Pennsylvania, (3) the Greater Pittsburgh Chamber of Commerce, (4) institutions of higher education, (5) various civic groups, local public welfare agencies. In addition, the Committee did its best to make public, its interest in comments and suggestions from anyone or any group who desired to make their views known.

No one can tell a community whether or not it needs cable. If they do make any claims to that effect they are simply trying to deceive the public. What can be done, however, is provide a community with as much information as possible and let the citizens make their own decision.

Despite the fact that auction and carnival atmospheres are still present in cable franchising, cable operators, by and large are honest about their own industry, its capabilities and its weak points. For that reason cable operators were contacted for information, opinion and advice. There were disappointments in this regard, however, and they will be explained later.

Another group contacted was the Cable Television Information Center. CTIC is a Washington-based organization funded by the Ford and Markle Foundations whose purpose is to assist communities seeking cable information. In addi-

tion. The Center can provide consulting services in return for travel expenses.

This information was coordinated with what feed-back we were getting from the community. We made every attempt to disseminate our information. We might have been more successful in this task had more of the media been in tune with the times as well as their own civic responsibility to bring information to the people rather than waiting for controversy to develop or for an issue to become very political. Controversy attracts viewers and sells papers but, in this case, it harms the public's right to know the facts uncluttered by unrelated factors. Some media, however, have put the issue into perspective. The list on the following page speaks for itself.

Instrumental in helping the Committee reach the community was the Carnegie Library of Pittsburgh. The library has been assembling cable information for several years. The updated bibliographies of current materials was sent regularly to the Committee. In addition, the library made its facilities available for neighborhood meetings. Thus far four neighborhood meetings have been held at various library branches with two more scheduled for October. Without the cooperation of the library, the Committee would have been severely hampered in reaching the people in the community.

The Center for Urban Research at the University of Pittsburgh has done what computer work has been necessary for our study. Those at the Center have dealt with census tract information in order to divide the City into equal franchise areas should that become necessary. At their own expense, they have purchased a computer program used for cable system economic projections. In addition, they have also distributed questionnaires dealing with television in general and cable in particular in an effort to better assess community wants and needs as they relate to cable. Their work has been invaluable and they will present some of their findings later in the hearings today.

Realistically, it would be bad policy to demand a great deal of a cable operator if the community is just not interested in making use of the facilities. We can see in our own metropolitan area where demands on cable operators have sat idle because community interest was not accurately assessed. This is

unfair to the cable operator and obviously does not speak very highly of the community. For this reason we tried to contact as many local groups to see what, if any, plans they had to utilize cable.

The Pittsburgh Public Schools was approached because so much of cable's potential revolves around education and because some of the schools already have television equipment. With cable it would be possible to interconnect school buildings to disseminate information to either administration, teachers, or students. It would be possible to originate a program (pep rally, assembly) in one school and have it sent out by way of cable to the other schools. Educational programming developed at one school can be shared with the others. At the same time it would be possible for a particular program to be cablecast to the rest of the community. Cable could create truly neighborhood schools by bringing the school into the neighborhood. Another potential has a negative aspect unfortunately vandalism is a growing problem and expense. Cable could augment the security forces of a particular building or facility.

The medical applications of cable are almost as unlimited as those in education. Hospitals in some areas have already been connected to one another for the exchange of training programs, special seminars, in addition to simply exchanging information on the results of operations, or various on-going experiments. In short whatever information is now traded can be done by way of cable. As far as the general community is concerned, it is possible to have programming designed for the community originate at the hospital. The planning for hospital usage as well as for educational usage has to begin now before cable arrives. After the cable is in, it is too late.

The Chamber of Commerce has attempted to determine just what business applications of cable have occurred up to this point. The business community might be able to use cable to interconnect branch offices of the same firm; to exchange data while at the same time utilize it to train and inform employees. For companies with a high rate of employee

turnover this aspect is especially attractive.

Higher education seems to see cable as a vital outlet in reaching those potential students who cannot reach campus. Interconnection between the buildings on a particular campus is a possibility but also is the programming of educational material to the community an alternative. Some universities have already been offering course work for credit by way of cable systems. Continuing education is a real possibility using cable as the outlet. Of course, it goes without saying that by bringing the university into the community can do nothing but benefit the relationship between the two.

For community groups, cable offers a very inexpensive way of reaching their own members as well as the rest of the community. Organizations with a message now have the medium of abundance to use to explain their views on issues unhampered by time limits imposed by commercial broadcasters. Hard working groups who up to this point have had little exposure will now have the opportunity to gain some recognition from their neighbors. For community-active individuals, cable offers a way of rallying support for their cause. It opens up the complaint department to the entire city so that everyone is given the chance to be heard.

Agencies dealing with the public welfare can take advantage of cable and get information out to those who are in need of it. Information that is now contained in pamphlets and brochures could be sent out through the cable saving both time and postage. Programming aimed at specific audiences such as retired person; the frustrated job seeker; the alcoholic or others, even the most critical of cable will admit, is quite inexpensive.

Cable, if used properly, has the ability to influence our lives probably in many more ways that we can list today. Given the cooperative efforts of many groups, City Council could design an ordinance that would assure all possi-

ble users of access to cable even if they do not find a need for several years hence. Especially necessary is a cable operator with the same spirit. In this respect, some local operators have proven to be a disappointment.

In an effort to gather information from cable operators, a questionnaire was distributed to a group of cable operators at their monthly meeting in August. The group calls itself the Metropolitan Pittsburgh Cable Operators and meets informally to discuss problems of mutual concern. At the August meeting 7 of the 12 systems were represented. Each one received a questionnaire. It was plainly explained that their answers would be held in the strictest confidence if they so desired. The organization, by the way, includes every cable operator in Allegheny County and some from neighboring counties. The 5 operators not in attendance were to be mailed a copy of the questionnaire by the chairman of that meeting. Despite assurances that they would return the questionnaires and were interested in helping the Study Committee, thus far only one questionnaire has been returned. This is the kind of cooperation the City must avoid!

City Council's involvement up to this point has been a particular area of disappointment. Some have even suggested that it appears that the lack of involvement is due to some pre-planned scheme on the part of City Council, with the franchisee already chosen. This, of course, is difficult to believe. But then again, what is the explanation?

The list on the following page indicates the extent of contact that the Study Committee has had with various members of City Council. We have made ourselves available to explain cable issues or that which we were investigating at the time. Although today is the first time the Committee has had an opportunity to communicate with the members of City Council, we are optimistic that it will not be the last.

Since there is not time today to explore all aspects of cable, the study Committee would like to identify specific areas of special concern. It is important to keep in mind that these are just a few areas and that many more will have to be studied.

One of the main areas of special attention is that of public input as to the design of the system. The F.C.C. says that public input is vital. It is vital in all stages of development. For example, on the point of subscriber fees and rate increases which are determined by the franchising authority, the F.C.C. says that it is the responsibility of the local government to grant those increases only af-

ter "an appropriate proceeding affording due process."

Another area of concern is that of construction timetable. We all would like to see the system constructed as quickly as possible; this applies to operator and subscriber alike. The reason setting construction timetables creates problems is that too often it is left up to the cable operator to decide which neighborhoods will be wired first and which will be wired last. When disputes arise there is usually no objective way to find out who is being more "reasonable."

The F.C.C. says, "The applicant must be in a position of being able to begin operation or construction immediately upon receipt of the certificate of compliance." Operators have been known to use equipment shortages and shipping problems as reasons for not living up to construction timetables. A good operator will have planned for the certificate so that when it does arrive he is prepared to begin.

Normally, a five year period (20% each year) is given to wire an area. But, what if it is possible to wire a city in less than that time, should not a shorter period be given? It certainly seems so. In New York City the Mayor's Advisory Task Force on CATV and Telecommunications recommended a 2 to 3 year timetable. When all was said and done, they settled for a 4 year construction timetable. The F.C.C. says, "We have not established 20% as an inflexible figure, recognizing that local circumstances may vary. It would be sensible to study the necessary construction in order to come up with a timetable reasonable for the operator and affording the people the fastest possible service."

The franchise fee is the percentage which the city receives from the cable operator. The designation of this fee has inherent problems. The normal range for franchise fees is 3-5% of the gross receipts from cable subscribers. Where does this money go? Too often it is devoted to fixing streets, parks or similar projects. The F.C.C. urges that the franchise fee be used for local regulation. The Commission even goes so far as to say that, "If

the franchise fee exceeds three percent . . . the cable television system shall not receive certification until reasonableness of the fee is approved by the Commission on showings . . . by the franchising authority that it is appropriate in light of the planned local regulatory program." That is the reason for the percentage — to regulate the cable system.

Regulation does not require tax money, the subscribers in effect pay for the regulation by their monthly fees. Doesn't it make sense that the money the city receives from the cable subscriber be devoted to making sure the system is working for the benefit of those on the cable? But, as you might imagine, this has caused problems.

Some short-sighted officials in some communities have the impression that several hundred thousand dollars will pour into their treasury every year. In large communities this is true but the money is destined for regulation not for the general fund. The President's Cabinet Committee on Cable Communications says, "Revenue raising franchise fees could dilute or remove the cable operators' incentive to expand services. Franchise fees, however, could be used to compensate the franchising authority for the costs of issuing and administering the franchise and for costs associate with public rights of way." The F.C.C. in its "Clarification" of the 1972 regulations, published this past spring, reiterated that policy saying, "The use of the franchise fee mechanism as a revenue raising device frustrates our efforts at developing a nationwide broadband communications grid." The F.C.C. further explains that by designating an official to deal with consumer complaints on a part-time basis the city is, in effect, using the franchise fee as a part-time revenue raising device which is also unacceptable.

It is for this reason that the Study Committee recommended that an Office of Cable Communications be established, budgeted by the franchise fee and designed to regulate the cable operator. This would avoid conflicts with the F.C.C. guidelines and at the same time provide the subscribers with a dependable form of regulation.

Overall regulation of the cable system is another responsibility of the local government and a particularly touchy area of concern. Some public officials have thought that as soon as the franchise was awarded their responsibility ended. On the contrary, the responsibility goes on and on; as long as the city has cable. There is no buck-passing on this aspect of cable. Continuing to rely on the F.C.C., "Our provisions will be designed to impose a general standard of franchise responsibility while leaving specific substantive decisions to local authorities." Again in 1974 the F.C.C. re-emphasized this principle by saying that, "the primary locus of responsibility . . . must be at the local level."

If the local authorities are to regulate cable, what are some areas to be regulated? The F.C.C. has said, "Prior to the selection of a franchisee we expect the franchising authority to investigate the applicant's legal, character, technical and other pertinent qualifications. We also require that the public be given the opportunity to become involved in this process." In other words when the local government deals with cable operators' proposals, it is to be done on the basis of objective criteria rather than on the basis of cable operators' promises.

After the applicant has been chosen it is then the responsibility of the city to regulate the construction phase of the system. Following construction the city must then monitor the overall operation of the system; the use by the community and interested groups; and of course, deal with consumer complaints. In short, from the beginning to the end, the city is very, very involved in the cable system.

It is worth mentioning that municipalities that have avoided this responsibility have, for the most part, an inferior system with more problems than the system is worth.

The Study Committee at this point has, what it considers to be, some constructive recommendations. We hope that they will prompt some discussion. Expression of opinion is absolutely necessary to a cable study; the Committee needs it to

function properly.

First, we would like to design an informational package for the members of City Council containing information they feel they have not yet received. Later, this same information might be made available for public distribution.

Second, we hope to be able to write a final report of findings and at the same time design a draft ordinance as well as a final ordinance when it is appropriate.

Third, we feel that with the degree of expertise the Committee has thus far acquired along with its resources, in conjunction with City Council, are in a position to develop an application form for interested cable operators.

Fourth, the Study Committee feels that it is in a position to offer advice and assistance in evaluating cable operator proposals when the time comes for City Council to deal with this phase of franchising.

Fifth, we feel that it is imperative that we begin now in establishing the necessary regulatory program. This, as we see it, could best be accomplished by setting up an Office of Cable Communications.

There are certain areas remaining to be investigated. Unless we can continue to study the following aspects, this paper will constitute the Study Committee's final report.

First, we need to know just what kind of long-term viability there is for a cable operation in Pittsburgh. The economic predictions can be done by the Center for Urban Research at the University of Pittsburgh. This will help in several ways. It will permit Council to set a reasonable time schedule for the construction phase of the system. Further, it will permit Council to decide the initial monthly charge a resident will pay for cable service. This information will also permit City Council to determine when and if public service demands are required of the cable operator.

Second, we would hope to have neighborhood meetings scheduled so

that City Council can better get an idea of what the people feel should be included in a cable system. The Study Committee, if Council so desires, is readily available to hold such neighborhood meetings and report back to City Council in accordance with Council's instructions.

A fourth area of remaining study is designing technical specifications for the cable system. The specifications would simply explain, in as many technical terms as reasonable, exactly what the city wants the cable to do. A cable operator might be able to do this but would probably be less sensitive to the local needs and characteristics. For example, should the public schools be connected to the rest of the system or should they have a separate "loop" with interconnection at various points? Would it be best in the long run to have the hospitals on a separate "loop" or should they be a part of the entire system? To what extent should there be provisions for hospital-university interconnection? Should the city be concerned about becoming interconnected with suburban cable systems and what specifications should be included at this time? These are some of the questions to be answered by further technical study.

The final recommendation is that City Council allocate a budget for this Committee to complete the work it has begun. The budget allocated will come back to the city in one of several ways. First, the cable operators normally pay an application fee — this might be used to reimburse the treasury. Second, the budget could be divided equally among the cable operators receiving the franchise — this also is a common practice. And third, the budget might come back to the city in the first franchise fee payment received from the cable operator. We feel that the investment made now could save a great deal more for the city at a later time. Without further study, City Council may not be going into cable blindly but certainly not with eyes wide open. The further study will be, at best, terribly difficult without an allocation from City Council.

Many are asking, "When will we have cable?" This, of course, is a legiti-

mate question and one that can be answered, at this point, with certain qualifications. Below is a list of deadlines the Study Committee feels can be met as long as this project becomes a cooperative effort.

November 5, 1974: Ordinance Outline Followed by Neighborhood Meetings.

December 3, 1974: Hearings on Draft Ordinance and Revisions.

January 21, 1975: Hearings on Final Ordinance.

February 10, 1975: Issue "Request For Proposals" and Applications to Interested Cable Operators.

March 31, 1975: All proposals submitted to City Council. City Council Begins Evaluating the Applications.

Meeting the deadlines would be contingent, of course, on whether or not the Study Committee and its resource persons and City Council can work together. I feel that the Study Committee is prepared to do whatever is necessary to complete this project and I feel that most persons who have provided us with information would do likewise. If City Council will cooperate then we can begin immediately in completing the final phase of the study.

If there are difficulties, obviously, the deadlines will be almost impossible to meet. Still the question, "When will we have cable?" has not been answered. To answer that question: After City Council receives the applications and evaluates them; and after a cable operator is chosen the entire matter goes to the F.C.C. for approval. What with ordinary bureaucratic delays, investigating objections to the franchise, and other investigations, after the matter reaches the F.C.C. it will take from 6 to 12 months before cable construction can begin. After that, when a citizen receives cable depends on the kind of construction timetable the operator must abide by.

At the outset, I said that the question should not be "Can we?" but rather, "How can we?" I ask that question now,

How can we work together to complete this study so that City Council will be in a position to make decisions on cable? We look to City Council for an answer.

Summary of Preliminary Recommendations:

A. Technical:

- 1.) Multiple Head-Ends.
- 2.) Dual Cable.
- 3.) At least a 40 channel capacity.
- 4.) Adequate production facilities.

B. Financial:

- 1.) Divide the City into at least two franchise areas.
- 2.) Nominal application fee from interested cable operators.
- 3.) Devote annual franchise fee to community participation and regulation.

C. Franchise-Legal:

- 1.) Ownership should be private or cooperative between City and private operator. Special attention given to neighborhood ownership.
- 2.) Fair employment practices especially with respect to hiring City residents.
- 3.) Establish the Office of Cable Communications to regulate the cable system.

D. Public Information:

- 1.) Establish "public education" meetings in the neighborhoods.
- 2.) Hold public hearings on cable in the evening to encourage more community participation.

Additional Recommendations As Of October 1, 1974:

- 1.) Support the Study Committee in its efforts to:
 - A. — Design a cable television booklet for City Council, to be used for public distribution at a later time.
 - B. — Design an application form for cable operators.
 - C. — Evaluate operator proposals and applications.

D. — Set up the Office of Cable Communications.

2.) Study the Areas of:

A. — Economic Analysis.

B. — Community Input by way of neighborhood meetings.

C. — Establish technical standards.

D. — Channel allocation.

3.) Allocate a budget for the Study Committee:

A.—The normal practice is that any funds spent for preliminary studies are returned to the municipality by the cable operator receiving the franchise.

MOTIONS AND RESOLUTIONS

Mr. Caliguiri moved

That Mr. Kamyk be excused for absence from this meeting.

Which motion prevailed.

Mr. DePasquale moved

Which were read and referred to the Committee on planning and Redevelopment.

REPORTS OF COMMITTEES

Mr. Lynch presented

No. 1363. Report of the Committee on Finance for October 9, 1974, transmitting sundry ordinances to Council.

Which was read, received and filed.

Also, with an affirmative recommendation.

Bill No. 1293. An Ordinance entitled, "An Ordinance authorizing issuance of a warrant in the amount of \$1,725.00 in favor of Raymond Crowe, 432 Merschel Street, Pittsburgh, Pa. 15220, in payment for the demolition and removal of the two story frame dwelling located at 1252 (or 869) Crane Avenue, 20th Ward, for the benefit of the City, without previous authority of law; and providing for the payment thereof."

Which was read.

Also,

Bill No. 1294. An Ordinance entitled, "An Ordinance authorizing issuance of a warrant in the amount of \$1,395.00 in favor of Marshall Rovitto, 2614 California Avenue, Pittsburgh, Pa. 15212, in payment for the demolition and removal of the three story frame dwelling located at 1082 Arlington Avenue, 18th Ward, for the benefit of the City, without previous authority of law; and providing for the payment thereof."

Which was read.

The titles of the bills were read and agreed to.

The bills were read on final action.

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Miss Ballinger	Mr. Lucchino
Mr. Caliguiri	Mr. Lynch
Mr. Coyne	Mr. Stone
Mr. DePasquale	Mr. Mason
	(Pres't)

Ayes 8. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Also,

Bill No. 1308. An Ordinance entitled, "An Ordinance transferring the sum of \$30,000.00 to Retired Police and Fire Employee Death Benefits Special Trust Fund No. 2, from Code Account No. 45-1, Major Medical Insurance."

Which was read.

Also,

Bill No. 1309. An Ordinance entitled; "An Ordinance PROVIDING for a contract or contracts for the codification of City Ordinances; and providing for the payment of the cost thereof."

Which was read.

Also,

Bill No. 1310. An Ordinance entitled, "An Ordinance transferring the sum of \$70,000.00 to Retired Police and Fire Employee Death Benefits Special Trust Fund No. 2, from Code Account No. 54, Group Insurance Plan, Municipal Employees."

Which was read.

Also,

Bill No. 1311. An Ordinance entitled, "An Ordinance transferring the sum of \$8,000.00 to Code Account No. 50, Refunds, Sewage Charges, Department of City Treasurer, from Code Account No. 35, Refunds, Earned Income Tax."

Which was read.

Also,

Bill No. 1312. An Ordinance entitled, "An Ordinance transferring the sum of \$2,500.00 from Code Account No. 1087, Salaries, Regular Employees, Collection of Delinquent City and School Tax Liens to the following Accounts. \$1,565.00 to Code Account No. 1087-1, Premium Pay, Collection of Delinquent City and School Tax Liens, \$375.00 To Code Account No. 1002-1, Premium Pay, Council and City Clerk's Office, \$275.00 to Code Account No. 1074-1, Premium Pay, Department of Law, and \$285.00 to Bond Code Account 228-308, Department of Parks and Recreation."

Which was read.

Also,

Bill No. 1313. An Ordinance entitled, "An Ordinance TRANSFERRING the sum of \$2,000.00 within Code Accounts of the Department of Law."

Which was read.

Also,

Bill No. 1315. An Ordinance entitled, "An Ordinance AUTHORIZING the Director of the Department of Public Works, the Director of the Department of Parks and Recreation and the Executive Director of the Pittsburgh Model Cities Program to enter into a Second Supplemental Memorandum of Understanding for the continued operation of the Recreation Facilities Project, extending the term of the Agreement from September 30, 1971, to December 31, 1974; and, further, providing that the sums of money necessary to pay for this project be paid to Bond Numbers 213, 221, 225 and 227."

Which was read.

Also,

Bill No. 1316. An Ordinance entitled, "An Ordinance AUTHORIZING the Mayor and the Executive Director of the Pittsburgh Model Cities Program to enter into a Third Supplemental Agreement with the Port Authority of Allegheny County to increase the Agreement from the sum of \$513,000, as authorized by Ordinance No. 382, approved August 7, 1974, to a sum not to exceed \$603,000."

Which was read.

Also,

Bill No. 1317. An Ordinance entitled, "An Ordinance AUTHORIZING the Mayor and the Executive Director of the Pittsburgh Model Cities Program to enter into a Third Supplemental Agreement with Hill House Association for the operation of the New Opportunities for the Aging Project in order to extend the term of the Agreement from December 31, 1974, through September 30, 1975."

Which was read.

The titles of the bills were read and

agreed to.

The bills were read on final action.

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Miss Ballinger	Mr. Lucchino
Mr. Caliguiri	Mr. Lynch
Mr. Coyne	Mr. Stone
Mr. DePasquale	Mr. Mason
	(Pres't)

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Caliguiri presented

No. 1364. Report of the Committee on Public Works for October 9, 1974, transmitting one ordinance to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1292. An Ordinance entitled, "An Ordinance PROVIDING for the filing of an application by the City of Pittsburgh with the Pennsylvania Department of Environmental Resources for a grant in connection with the City of Pittsburgh Rodent Control Project; providing for the execution of Grant Contracts and for the filing of requisitions and other data; approving the City of Pittsburgh Rodent Control Project; providing for required assurances; providing for execution of payment vouchers on Letter of Credit and for certification of authorized signatures; creating a Special Trust Fund in connection with the Project; and providing for the deposit of the funds in a bank account."

Which was read.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Miss Ballinger	Mr. Lucchino
Mr. Caliguiri	Mr. Lynch
Mr. Coyne	Mr. Stone
Mr. DePasquale	Mr. Mason
	(Pres't)

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Stone presented

No. 1365. Report of the Committee on Planning and Redevelopment for October 9, 1974, transmitting two ordinances and two resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 798. An Ordinance entitled, "An Ordinance amending the Zoning Ordinance, No. 192, approved May 10, 1958, as amended, Zoning District Map Sheet Z-S20-E16 by changing from 'C3' Commercial and 'R4' Multiple-Family Residence Districts to 'AP' Planned Commercial-Residential Unit Development District all that certain property bounded by: Churchview Avenue; Sankey Avenue; Lot Numbered 145, Block 137-B in the Allegheny County Block and Lot System; Brownsville Road, and Lots Numbered 275 and 244, Block 94-P in the aforementioned system, 29th Ward."

Which was read.

Also,

Bill No. 1173. An Ordinance entitled, "An Ordinance approving a Conditional Use under Section 2801-1-A-(14) of the Zoning Ordinance, No. 192, approved May 10, 1958, as amended, for erection of an eight-story, 843-stall parking structure for Mercy Hospital on property bounded by: Forbes Avenue; Pride Street; Locust Street and Stevenson Street, First Ward."

Mr. Caliguiri:

Mr. President, before casting my vote on Bill No. 1173 on the Mercy Hospital Garage and expansion, I would like to report and reiterate to Council that when the Mercy Hospital officials were here at a public hearing they testified that the parking lot would be available, and in accordance with Mr. Gizzi, Associate Executive Director, to the general public after the hospital made the changes necessary for their own staff. Also, further we understood that no signs were to be posted restricting or limiting that portion of the parking lot to the general public. In fact, they would encourage the public to use and to fill the lot and any changes made to this restricting the public, they would, in fact, let us have an opportunity to review this.

I just want to make that statement for the record. They indicated that on public record and with that, I vote aye on all bills.

Mr. Stone:

Mr. President, I want to comment and I just want to clear up a remark made by my brother Councilman, Mr. Caliguiri. It is not my impression that, that imposes that condition. I don't feel that City Council could impose a condition. We try to satisfy the requirements and beyond that is the issue. In short, Mercy Hospital has to provide the needs for the use of land they own and no more. They are not required to provide parking for anyone beyond the needs of that particular location, but they did.

However, before I say anymore, I think in connection with that, we have to learn that there are certain bounds and limitations. We cannot impose conditions set down by law or ordinance and in that sense I don't think we can. I think they did in fairness, indicate that after the staff and satisfying the visitors needs, obviously, as an economic matter, they would like the balance to be filled up by anybody, but it was not indicated or intended to be a condition.

Mr. Mason:

May I ask a question. I did not

chair that public hearing and I was not privy to the communication. You have said visitors from the hospital. Are the visitors not the public? Once you have assigned hospital space, if I understand for personnel, then these spaces would then be open to what I thought, at the time, would be visitors of the hospital?

Mr. Stone:

Briefly, as far as the application made by the hospital, they have fully complied with the guidelines as cited by City Planning and the Zoning Ordinance of the City of Pittsburgh under requirements. The only question is, in the event they have some surplus, would they as a matter of good will, in fact, permit others to park after satisfying the needs of their staff and satisfying the requirements of parking for people who obviously would be there as visitors to patients? They indicated they obviously would do that.

I want to make something imminently clear for two reasons. Number one, they cannot be fully aware of the people visiting the patients and secondly, we are using the sanction of this City Council and the Planning Commission could not impose that requirement since they meet all of the zoning requirements in this case.

Mr. Caliguiri:

You have not listened to my remarks. This was not made on that condition. I merely reiterate that it was the hospital administration that indicated that at that public hearing.

I want to make that part of the record and that they said they would cooperate and not restrict the public parking whether they be visitors or other than visitors going to the hospital. They indicated that at the public hearing.

I am reiterating that compromise they made. It is not a restriction or condition on the ordinance at all. This is what they themselves indicated and that if they change that policy, Mr. Gizzi, would let City Council know if they felt too many people, outside of the visitors, were using the spaces. They would, in fact, come back to us and let us know, too, whatever

needs the hospital deems necessary. It is not a restriction of the hospital. The hospital felt they had a responsibility to the general public and they stated that at the public hearing.

Mr. Stone:

Mr. President, I think we all agree on that, then, and I vote yes.

Mr. DePasquale:

Mr. President, they were making a mountain out of a molehill. We agreed it's almost impossible to distinguish between the visitors and the general public and whether there would be spaces available. Now, we can get on with the meeting.

The titles of the bills were read and agreed to.

The bills were read on final action.

And on the question, "Shall the bills pass finally?"

MOTIONS AND RESOLUTIONS

Ms. Ballinger:

I don't have any motions or resolutions, but I'd like to commend Superintendent Colville on the litter situation. As you are well aware, I have been working on that program also. I hope that in the next ordinance I am proposing, we can get new litter cans and get more litter cans and advertising, whether they be for headache powder or anything else, so in that way we can pay back the City of Pittsburgh. I think that is important.

I just came from a large meeting with the citizens of the City of Pittsburgh, where I addressed them and their main gripe was the amount of litter in the streets of the City of Pittsburgh. The only way it can be cleaned up is with additional receptacles and getting them with designs the City can look at with pride.

Regardless, of what is said on the outside and I won't repeat their names because they are no longer interested, there is an interest in getting the City cleaned up, and I want to commend Superintendent Colville.

Going down Forbes Avenue, I have never seen such filth in my life. It's a shame our merchants aren't forced to clean it up.

The other matter I want to bring up and I don't know if the other Council members have been receiving letters and calls, but it's the matter of Christmas lighting. I wonder if we could prevail on the Chamber of Commerce to reverse

their decision in answer to the letters and calls I have received.

The lighting of the billboards are more costly and expensive and much more power is used than any Christmas tree lights or lights any people may have on their homes. We are going to build up more morale for the City of Pittsburgh if we have the lights on for the people of the City of Pittsburgh. If the merchants and buildings have the lights on, that will build up morale and City Council should intercede to the Chamber of Commerce to see if it is possible, because the Duquesne Light Company has admitted that the power expended for that purpose is insignificant compared to other energy being used.

I am asking City Council to consider these items when they come before you.

Mr. Mason:

I am with the citizens and I think that this is utterly ridiculous in terms of community morale. It does not amount to a hill of beans to what they burn in one day and it's still electricity, but you can only conserve energy up to a given point.

Mr. DePasquale:

What did the Chamber of Commerce say?

Ms. Ballinger:

There would be no lights in the buildings downtown and that we should curtail energy, but the billboards use more energy than Christmas lighting.

Mr. Mason:

Your remarks are duly noted and if you are proposing an ordinance, fine. If we have to take up an appeal with the Chamber of Commerce, I would work with any Councilman that would do that.

Mr. Caliguiri moved

That Mr. Kamyk be excused for absence from this meeting.

Which motion prevailed.

Mr. DePasquale moved

That the Minutes of Council of Monday, October 7, 1974, be approved.

Which motion prevailed.

And on motion of Mr. DePasquale.

Council adjourned.

Absent:

Mr. Stone	Mr. Mason
-----------	-----------

The meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all.

Mr. Caliguiri:

Members of Council, before we get started, I would like to acknowledge that in the audience we have visitors from the various countries in Latin America up here under the sponsorship of the League of

Women Voters and they oversee an education fund.

Most of these women, in fact, I'd say practically all of them, have to do with the civic and governmental affairs in Latin America and they have chosen to visit Pittsburgh. We are delighted to have them here with us to view our City and to get an insight on what we are doing in the United States, particularly, here in Pittsburgh.

So, I just want to say to Mrs. Lempert and Mrs. Lenore Rubenstein, President of the League of Women Voters, that we are certainly glad to have you here and please feel free to listen in at any time. We know you have a busy schedule, so if you have to leave in the middle of the session, please feel free to do so.

If I might, I would like to introduce the members of Council. We have to our left our only woman and she makes up for all eight of us, Ms. Amy Ballinger, our head of Public Service and Surveys. The head of the Water Department is Mr. William Coyne. Our head of Public Safety and Chairman is Mr. Eugene DePasquale. Lands and Buildings, Mr. Walter Kamyk, Parks and Recreation Mr. Frank Lucchino and the Finance Chairman who balances the budget for us every year, Mr. John Lynch.

Now, to the left of Mr. Lynch is the various newspaper and radio stations and here to the left of me is one of our television stations to take movies on what we are doing here today.

Mr. DePasquale:

Would you find out if anyone from the group is from Nicaragua?

Mr. Caliguiri:

Are any of you from Nicaragua? Mr. DePasquale would like to know since he has a daughter-in-law from that part of the world.

Interpreter:

No, there is no one in the group from Nicaragua.

Mr. Caliguiri:

I would like to congratulate, once again, the League of Women Voters for they are always doing a marvelous job. I am surprised to see them involved in things like things like this and they are certainly to be congratulated for this.

MOTIONS AND RESOLUTIONS

Miss Ballinger presented

Bill No. 1393. WHEREAS, it is the desire of Council to appeal to the Building Owners and Managers Association to reconsider its decision to do without lighting of the buildings the night of November 11, 1974. This night has become a traditional kick-off night for the Christmas Season and attracts Pittsburgh people as well as visitors to our Great City, and

WHEREAS, the Council of the City of Pittsburgh considers this action depressing to the morale of our citizens, and also to the good business practices of the past; and

WHEREAS, the Council believes that these lights and Christmas displays generate business and help the economy.

NOW, THEREFORE, Be it

RESOLVED, That the Council of the City of Pittsburgh urges the Building Owners and Managers Association to reverse its decision on Christmas lighting in the downtown area and enjoy a Merry and Prosperous Yuletide Season.

Which was read.

Ms. Ballinger:

I'd just like to say that this night has become a traditional event since it attracts many Pittsburgh people and visitors to our great city. I feel that City Council should move to adopt this resolution because the remarks and calls are of an overwhelming size and the response has been unbelievable.

The people feel we are doing something that is justified and should be done. So, I

hope that the resolution is adopted unanimously.

Mr. Coyne:

Mr. President, before voting on the issue, I'd like to say that in the event the Building Managers Association and owners or sponsors of this would run into any difficulty with the funding of it and would not want to take up this because of the funding, I would be in favor of an appropriation bill by Council to reimburse the building managers and owners for this particular type of activity and with that I would like to vote yes.

Mr. DePasquale:

May I be the first one to wish Amy Merry Christmas.

Mr. Lucchino:

I would just like to ask Ms. Ballinger one question before I vote, why did they refuse to go along with this?

Ms. Ballinger:

They thought it was a matter of saving energy because of the energy crisis. They agreed they are not expending a great deal of energy and it only amounts to about \$600. They are reconvening their Board to consider it since Council has made it clear that they want the lights on and it's not a matter of money.

Mr. Lucchino:

I see, just a matter that they think they can conserve energy. I vote yes.

Mr. Lynch:

Amy, I'd like to make the observation that you are upstaging the Christ child, and in that context, I would not be against Noel, Jingle Bells or anything. I vote aye.

Mr. Caliguiri:

Well, with all of those comments, how can I vote other than aye. With it having the legal majority, the resolution will now be sent along to the building owners and managers in care of Mr. Brown.

Ladies and gentlemen, Mr. Brown is in the audience from the association and I don't know if you have any specific ques-

tions of him or do you want him to come back another time. Ms. Ballinger, you are in touch with him?

Ms. Ballinger:

Yes, I was. They are going to call a meeting of their Board. Am I correct, Mr. Brown.

Mr. Brown:

Correct.

Mr. Caliguiri:

I would ask that you please let Council know what your final decision is.

Mr. Brown:

Would it be appropriate for me to make a comment?

Mr. Caliguiri:

It would, but we would have to have the unanimous consent of City Council to let anyone speak at the Legislative Session. Ms. Ballinger you are the maker of the resolution, would you like him to come back at Wednesday's Session?

Ms. Ballinger:

I believe so. If you recognize him today, we may be establishing a precedent, but if the members of Council want to listen to Mr. Brown now, that would be all right with me.

Mr. Lynch:

I'll go along with that, but it seems appropriate to submit it in writing.

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Ayes:

Miss Ballinger	Mr. Lucchino
Mr. Coyne	Mr. Lynch
Mr. DePasquale	Mr. Caliguiri
Mr. Kamyk	(Pres't pro tem)

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Caliguiri:

You can take the resolution back that we have just passed and if you do wish to be heard, let us know at the Wednesday session. We will permit you to make a prepared remark and there will be time for Council to question you on whatever comments you may have. Thank you.

Mr. DePasquale moved

That Mr. Stone and Mr. Mason be ex-

cused for absence from this meeting.

Which motion prevailed.

Mr. Lynch moved

That the Minutes of Council of Tuesday, October 15, 1974, be approved.

Which motion prevailed.

And on the motion of Mr. DePasquale,
Council adjourned.

Bill No. 1380. WHEREAS, the City of Pittsburgh has many narrow streets that allow for very limited parking of motor vehicles; and

WHEREAS, the limited space for the parking of motor vehicles is a severe problem in many residential areas of the City of Pittsburgh; and

WHEREAS, the City of Pittsburgh controls land owned by the three taxing bodies throughout this city; and

WHEREAS, governmental action is appropriate and the City of Pittsburgh has the planning and legal resources to seek some solution to this problem.

NOW, THEREFORE, Be it

RESOLVED, That the Council of the City of Pittsburgh resolves as follows:

1. That the Department of City Planning shall undertake a study to determine

where city-controlled land or land within the Residential Land Reserve Fund may be utilized to provide off-street parking in areas of high automobile density.

2. The Department of City Planning shall also study the means by which this can be accomplished.
3. The Department of Law shall identify and offer possible solution to legal problems that may arise from multiple use of a parking area and provide a model agreement for persons who share a common facility.
4. The Department of City Planning and the Department of Law shall report on this matter to this Council by November 20, 1974.

Also.

Bill No. 1381. WHEREAS, the Planning Commission of the City of Pittsburgh is drafting an application to the Federal Government under the Community Development Block Grant; and

WHEREAS, the Market Square area of the City of Pittsburgh is a vital part of the economic life of the downtown area and an asset to this city; and

WHEREAS, the further development of the Market Square area has been dormant for nearly three years; and

WHEREAS, the lack of federal funds has been one reason given for delay in the Market Square project; and

WHEREAS, the further development of Market Square would be in the best interests of the City of Pittsburgh.

NOW, THEREFORE, Be it

RESOLVED, That the Council of the City of Pittsburgh urges the Planning Commission of the City of Pittsburgh to include the funding necessary for further development of the Market Square project in the application for the Community Development Block Grant for 1975.

Which was read.

Mr. Stone:

Mr. President, I'd like to speak to Bill No. 1381, and as to that Bill which requests the City Planning Commission to include the expenditure of some \$600,000 for additional improvements in Market Square.

I must, respectfully, disagree since we will not have enough money in the Community Development Block Grant to attend to the total needs of our City. We are, therefore, faced with the problem of priorities for Market Square has already had the benefit of City development monies.

In Market Square there are almost no vacancies and business is already flourishing to capacity. Should we expand this and spend an additional \$600,000 to give it added glitter—and, should we do so at the ultimate expense of our other needs? I might say, as well, that most neighborhoods in this City have never had any sadly needed city development monies. Our housing needs cannot be met even if ALL funds were allocated to do nothing but housing which is not the case because housing and the rehabilitation of housing in our neighborhoods is a first for our City. Six hundred thousand dollars (\$600,000) is 150 home repair loans. Neighborhoods long denied will again be denied present development funds because of our liquidation of that fund. Surely, they deserve having their present planning needs looked into now so that some day they, too, will be in line for much needed funding from the City. Definitely,

\$600,000 could go a long, long way to accomplish this. We must prevent and protect against further deterioration and decay of our neighborhoods, and the business areas in our neighborhoods or we shall, at a later date, be attempting to catch up throughout the City, an improbable solution.

I feel within this year or the next three years which I consider to be crucial, our City priorities should be within neighborhood housing improvements over additional improvements in an already improved area.

I, therefore, will be casting my vote as "No," on Bill No. 1381.

Mr. Lucchino:

Mr. President, I should like to respond briefly to Mr. Stone's remarks.

This matter was discussed fully on Wednesday at our Committee Session. First, I would like to say that it is not \$600,000 that is to be expended by the City for additional improvements in this area. The private sector will raise \$300,000 of the \$600,000 originally promised. I would say that kind of spirit shows that Market Square has further generated the kind of thinking among the people as has been done through the Scaife Galleries. We all know the kind great feeling and great spirit the City can get from this type of an improvement.

In the next three years there is going to be \$48 million in Community Development and only \$14 million is earmarked for housing. I realize our housing needs but I don't hear anyone saying that we should double that \$14 million because they know that certain other needs must also be met. As it stands now, Market Square is still an unpolished jewel in our midst. Look at the other great cities, they have their squares—San Francisco, Bourbon Street. For a project such as this, I'm sure that \$300,000 can be found.

Mr. Mason:

Are we talking about the \$16.4 that we talked about before for Market Square?

Mr. Lucchino:

That's over the next three years—

it's 16.4 for this year and \$16.4 for next year and \$15.8 for the following year. All together, it's \$48 million for the next three years and \$34 million of that is not earmarked for housing.

Mr. Mason:

Question—This has gone to the City Planning Commission in light of the fact that they are doing the study. The preliminary application was made and now it goes to them for this resolution as I understand it.

Mr. Lucchino:

Yes, as I understand it from the letter addressed to the Chairman and Ms. D'Ascenzo which you were kind enough to share with me.

Mr. Mason:

You have heard the reading—

Mr. DePasquale:

If you will recall, in 1972 the merchants of Market Square had opposed any zone changes. They are still opposed to these same changes and that is \$600,000 that we can save, as I see it.

Mr. Coyne:

You say that the merchants opposed this in 1972?

Mr. DePasquale:

Yes, and I am opposed to it, too. There is no reason in the world to change that set up as it is now. In fact, this is what the people of Pittsburgh are familiar with and now you are talking about changing this around completely. The clientele of these people—merchants—won't be able to locate those stores if it is changed.

The merchants opposed it bitterly then, as they do now, and I think it would be money ill-spent.

Mr. Mason:

You're talking about opposition from the merchants of the area—can anyone tell me, if during my absence, we received a letter of opposition from the merchants in this area.

Mr. DePasquale:

These people are not really aware of the proposed changes.

Mr. Mason:

I see, the Golden Triangle Association has expressed an opinion; is that right?

Mr. Lucchino:

There is one other — the Western Pennsylvania Conservancy was behind this three years ago and they attempted to raise money then for the project; they are still in favor of it. They wrote a letter expressing this.

Mr. Mason:

You have heard the reading of the opposition, let's take a vote.

Ms. Ballinger:

Mr. Chairman, I'm in a very sad position—if I vote against Mr. Stone I don't get cable TV and if I vote against Mr. Lucchino then I don't get my litter cans so I think that the best thing for me to do is abstain from voting on this matter. I shall abstain from casting a vote.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Caliguiri	Mr. Kamyk
Mr. Coyne	Mr. Lucchino

Noes:

Mr. DePasquale	Mr. Stone
Mr. Lynch	Mr. Mason
	(Pres't)

Ayes 4. Noes 4. (Miss Ballinger not voting.)

And there not being a majority of the votes of Council in the affirmative, the bill was defeated.

Mr. Lucchino:

Mr. President, under the Rules of Council, is there a provision for a tie vote? I'm sure that there are specific provisions for this situation and I ask that the President call for a deciding vote.

Mr. Mason:

The Bill can only be extended under these provisions—on a tie vote in legislative sessions and Mr. DePasquale cast the deciding vote.

Mr. Kamyk:

Mr. President, I believe that in a case like that the rule would be if a "no" vote would agree to reconsider that "no" vote could bring the Bill up again for reconsideration as if it were a new Bill.

Mr. Lynch:

Could we ask the Parliamentarian for a ruling on this?

Mr. Mason:

Sure, sure. Mr. Parliamentarian, what do you have as a ruling on this?

Mr. Curtin:

Reading Rule VIII, from the Rules of Council. Final decision was that the Bill would require that five (5) elected Members of Council cast "Aye" votes in order that it be passed.

Mr. Mason:

We are faced with an impasse.

Mr. Stone:

If we don't get an "Aye" vote from five (5) elected Members of Council then you are at an impasse.

Mr. Lynch:

As I understand it, a case like that would be for the ruling of the President if three (3) of the votes are binding and there may be an Appeal made by the Councilman who feels he has the right to appeal.

Mr. Mason:

The ruling is that the Bill is dead.

Mr. Lynch:

Mr. Chairman, is that binding?

Mr. Mason:

That is binding unless you appeal to the Chair. We had this same problem before on a ruling in Public Hearings. If the Bill is defeated you can always take an appeal. Do I hear an appeal? Mr. Lucchino?

Mr. Lucchino:

All I would appeal to, Mr. President, is the good sense of everyone in this room to move ahead with Pittsburgh in the downtown neighborhood.

Mr. DePasquale:

I resent that remark—"good sense"—I'm entitled to my opinion and he is entitled to his. His idea of improvements are not the same as mine. I went to the hearings held then and the ones now and I can tell you that the merchants are opposed to these changes now as they were then. And, further, as far as the Golden Triangle Association is concerned they don't even have any members in the Market Square Area. The Golden Triangle are the "white collar" people—these people here are the "blue collar" people.

Mr. Mason:

The Bill stands defeated.

Mr. DePasquale:

I still don't appreciate his remarks about my "good sense."

Mr. Lucchino:

Mr. Chairman, I apologize to Mr. DePasquale. I didn't mean anything personal—I just made the remark when you asked about an appeal.

Mr. Mason:

I think that makes good sense. The Bill is dead.

Mr. Lynch:

Sir, if that assurance includes me—about the good sense—I'll let it go.

Also,

Bill No. 1386. WHEREAS, by Ordinance No. 427 of 1964, the Council of the City of Pittsburgh authorized the Mayor and the Director of the Department of Lands and Buildings to enter into a Cooperation Agreement with the Urban Redevelopment Authority of Pittsburgh providing for the establishment of an Industrial Land Reserve Fund and specifying the purpose, amount, and source of said Fund; and

WHEREAS, in accordance with the terms and provisions of said Ordinance No. 427 of 1964, the Mayor and the Director of the Department of Lands and Buildings of the City of Pittsburgh entered into a Cooperation Agreement with the Urban Redevelopment Authority of Pittsburgh dated December 14, 1964; and

WHEREAS, in accordance with the terms and provisions of said Industrial Land Reserve Fund Cooperation Agreement, the Urban Redevelopment Authority of Pittsburgh must obtain the approval of the Council of the City of Pittsburgh prior to the acquisition of any vacant and improved real property; and

WHEREAS, the Urban Redevelopment Authority of Pittsburgh, in accordance with the terms and conditions of said Cooperation Agreement desires to acquire publicly owned property in the 3rd Ward of the City of Pittsburgh designated in the Deed Registry Office of Allegheny County as Block 11-A-Lot No. 124 located at 1840 Clark Street for the sum of \$1.00 plus all necessary and incidental expenses in connection with such acquisition; and

WHEREAS, the Council of the City of Pittsburgh believes that the aforesaid acquisition of said public property by Urban Redevelopment Authority of Pittsburgh will effectuate the purposes and provisions of the said Industrial Land Reserve Fund Cooperation Agreement and desires to give approval to the acquisition by Urban Redevelopment Authority of Pittsburgh.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Pittsburgh as follows:

That the Urban Redevelopment Authority of Pittsburgh, in accordance with the purposes and provisions of the Industrial Land Reserve Fund Cooperation Agreement dated December 14, 1964, between said Authority and the City of Pittsburgh be and is hereby authorized to acquire for the sum of \$1.00, plus all necessary and incidental expenses in connection with such acquisition, all of the City's right, title and interest, if any, in and to the publicly owned property in the 3rd Ward of the City of Pittsburgh designated in the Deed Registry Office of Allegheny County as follows:

Ward Address	Block & Lot No.
3rd 1840 Clark Street	11-A-124

BE IT FURTHER RESOLVED that the Urban Redevelopment Authority of Pittsburgh is authorized to incur said necessary and incidental expenses in connection with said acquisition as allowed under the Industrial Land Reserve Fund Cooperation Agreement, all of which sums shall be paid out of the monies of the Industrial Land Reserve Fund.

MOTIONS AND RESOLUTIONS

Mr. Mason:

Do I have any special reports from special committees, motions, or resolutions?

Mr. Stone:

Mr. President, if I may?

Mr. Mason:

And, you may, Mr. Stone.

Mr. Stone:

I'd just like to say that last August I criticized the Mayor of the City of Pittsburgh for not filling the vacancies on committee and staff of the Human Relations Commission of the City of Pittsburgh. I'm happy to learn that he recently did fill four (4) vacancies which have existed on the staff and have been vacant in excess of one (1) year. I have further learned that one Commission Member has since recently resigned and we hope that he will also fill that vacancy so that the Human Relations Commission staff can get on with the elimination of backlog cases—some of which I understand go back to 1972.

Mr. Mason:

Now for your comments, Mr. Stone, and I think they are duly and properly recorded, since you brought up the problems of the Commission, I think I was right and justifiably so in saying that this is an agency that represents all of us in the City of Pittsburgh with problems and policies and I feel that they have fallen down on the job, from my point of view, in carrying out its duties to the fullest extent.

Do we have any other comments. No? Well, I'm like a mailman that takes a vacation and goes for a walk — when I arrived at my destination in St. Paul, Minnesota. I spent some of my time in two areas which I thought were important to us. I wanted to see how they were handling two things that are a question to us—the Paramedic and other fire protection—and I was amazed at both programs. I was just amazed at the low cost and amazed at a number of things—which brings to mind that I would like to suggest, if it is at all possible and if it can be done within your time schedules, that Messrs. DePasquale and Stone take a trip to St. Paul and talk to the Mayor and both the Police and Fire Chiefs. I talked to both of them for quite some length of time and believe me, I'm telling you. I was just amazed at what they are doing and for a much lower cost than we are doing it. I think it would be a worthwhile trip for us and I'd like it done before they pass the final budget concerning our fire and police protection.

Now, I'm dead serious about this because I'm telling you it was amazing to me the things they were able to do on a relatively narrow budget. The only difference is that they work with a General Hospital and our Freedom House works with the Presbyterian Hospital. The equipment they have out there is out of this world. I'd definitely like you to get out there to see it before the final budget is passed. I have the names of everyone that you should see. And, believe me, it's not just something that it is mechanical and it's something that would benefit the whole City—not just part of the City.

Mr. DePasquale:

How long has it been, to date, since we sent the specifications to the committee?

Mr. Mason:

It's 11 months and we don't have anything yet.

I did not ask where they got it but you should see the equipment—I have never seen equipment like this before in my life—not even at Freedom House. It does a complete "print-out" and there is audio-visual communication between the passenger—

victim—paramedic and the hospital at all times.

Mr. DePasquale:

And we can't even get specifications.

Mr. Mason:

I just wanted to say that the Paramedic Program there is all under the Fire Department—no question about it. And, when they tried to defeat this thing the hue and cry from the people when they tried to cut it from the budget—the hue and cry from the community to get this program caused the Mayor to keep it. Now, he says they saved thousands of lives—no—hundreds of lives since they started with this program.

But I think it would be worth the money to the City and I say this because the Press is always attempting to blow-up these so called "junkets." If you're both interested I'm sure you'll find it a worthwhile trip.

Now, there are two aspects to these things and it will take you about two or three days to cover it all but you will find out everything you need to know.

Mr. Stone:

May I ask a question—Were you equally as impressed with the sky-walks—going from building to building without going down into the street?

Mr. Mason:

I didn't get to use the sky-walks but the citizens in both St. Paul and Minneapolis talk about walking six or seven blocks all around and not getting wet, snowed on, etc., and the parking is tremendous.

Mr. Stone:

For the benefit of my brother Councilmen and sister Councilwoman the idea used in Minnesota is exactly like we have in the U.S. Steel Building. You can go by sky-way and you never have to cross a street—you can go into nine buildings without going into the street. You can go into the office buildings, department stores, medical facilities—it is probably one of the finest examples we have of this in the Unit-

ed States. You can park on the perimeter of it and walk wherever you want to go without having to cross a single street.

Mr. Mason:

They have increased the traffic without increasing traffic jams.

Mr. DePasquale:

If we are going to Minnesota in winter will the City provide us with "Long Johns"? You know that area is darn cold in winter.

Mr. Caliguiri:

I'll move to so approve that!

Mr. Caliguiri moved

That the Minutes of Council of Monday, October 21, 1974, be approved.

Which motion prevailed.

And on motion of Miss Ballinger.

Council adjourned.

Mr. Stone:

Mr. President, if I may, our type-written sheet has an incorrection of \$728,000.

Mr. Mason:

Which bill is that?

Mr. Stone:

I am sorry. Bill No. 1361, the amount of \$782,000 and the mimeographed sheet is wrong. The amount of the ordinance is \$782,000. so. correct the ordinance.

Mr. Curtin:

Mr. President, it's not correct in the middle section of the ordinance.

Mr. Mason:

Thank you. Mr. Parliamentarian.

Mr. Curtin:

It should be \$782,000.

Mr. Stone:

In both cases it should be \$782,000.

Mr. DiNardo:

On the ordinance it is \$782,000 and on my copy it is \$782,000.

Mr. Stone:

Then just on this it's not correct.

Mr. Curtin:

Is the figure here that you are reading, both, in the ordinance?

MOTIONS AND RESOLUTIONS

Mr. Caliguiri:

Mr. President, I request that a public hearing be set up to discuss the South PATway with those names designated by the Port Authority. Further, I request that we emphasize that the testimony will be exclusively dealing with the South PATway and no other portion of the Early Acquisition Program, but the South PATway.

And, I would ask, Mr. President, that you invite all interested parties including the Port Authority, the administration and any individual citizens from along that corridor who may want to have their voices heard at this public hearing.

I am making this request in the form of a motion.

Mr. DePasquale:

I'll second that motion.

Mr. Mason:

A public hearing is requested by this motion which would deal with the whole matter of the South PATway and that those being invited would include officials from the Port Authority and anybody within the executive branch of the administration and the planning department of the City of Pittsburgh; these people will be invited to appear at the hearing along with any interested citizens.

Is there any further discussion on this matter?

Mr. DePasquale:

In other words, what we are talking about here will be the funding of the so called "Sky-Bus" and the South PATway—there is no conflict there, am I right?

Mr. Caliguiri:

That's correct.

Mr. DePasquale:

When you go ahead with PATway you are not including Sky-Bus.

Mr. Caliguiri:

These are some of the questions that I would like to raise and find out about; I am almost certain that what you have just said is true but I would like the Port Authority to indicate that—that PATway can stand on its own merits and not get included in the Sky-Bus aspect.

Mr. Stone:

My understanding of it, and that is part and parcel of the Early Acquisition Program, and that was prior to at least most of us coming to City Council, what you are asking, Mr. Caliguiri, is why that action can't be accelerated.

Mr. Caliguiri:

There is legislation that the administration has and we want to find out where this legislation stands—are they, in fact, going to present it to City Council.

Mr. Stone:

I would only ask, Mr. Caliguiri, if I may, why don't we call the administration to our Committee Session to find out what is going on with these papers.

Mr. Caliguiri:

I have thought about that and I would rather have a public hearing so that we may listen to the Port Authority's comments and the input of any citizens from along that corridor. I'd rather have the public hearing than have this discussion in our Committee Session.

Ms. Ballinger:

I have a statement that I would like

to make with regard to Mr. Caliguiri's motion: however, I'd rather pass on that at this time and wait until after the vote. then, I'll make my statement.

Mr. Stone:

I'd like to share in the wisdom of Ms. Ballinger's remarks before I am asked to vote on this motion.

Ms. Ballinger:

No. I think we should vote on this business because I'm just going to make a statement.

Mr. Stone:

But you may have some enlightening comments that I'd like to be privy to before voting.

Mr. DePasquale:

Vote the motion.

Mr. Mason:

A request for a motion is before us but before you cast your votes I'd like you to let me call upon Council's memory banks—and I am fully aware that we are not, none of us, computers. We did have a discussion with the PAT planning people and they had maps and outlines to show us. The question of acquisition of some of the properties—and I won't even quote on the number of them coming down Route 51—was not answered. Since then, we have heard nothing, if I recall correctly, and I want to make sure it is clear to the Press in light of Mr. DePasquale's remarks that the Early Action Program was an ordinance authorizing the Port Authority to take certain kinds of action as to what they wanted to do relative to rapid mass transit. Now, the Early Action Program is being linked to this—and I quote, "Sky-way Early Action Program"—I just want to make sure that this ordinance is clear to the public. We didn't have anything to do with the discussions relative to when they were going to start their rapid transit program and, then, it became public controversy. It was not part of an action of Council. I just want to make sure that this is clear in light of Mr. DePasquale's comments and this is the perfect opportunity for me to clarify it. It is a source of irritation to me that when we

do go into the community we find that they are all upset over what is given priorities. But so far, since nothing has happened with PATways I feel we would be better off if we can reduce Route 51.

Now, are there any further questions on this motion?

And the roll being called, the votes were unanimous, and the motion prevailed.

Mr. Mason:

Are there any other motions, resolutions or comments?

Ms. Ballinger:

Mr. President, I'd like to make my statement now. Before I begin, I want you to know that last Thursday I was elected to another term as Vice-President of the Labor Council which is insignificant; however, I was advised at that time by members of the Labor Council that they are going to appeal to City Council, and all those sponsors, to get mass rapid transit on the road. Therefore, I have decided to make the following statement. And, for Mr. Stone's information, there will be no vote when I am done—he won't want to vote after what I have to say.

The elections are over—and it's time that we get back to the business of improving this City.

It's time that City Council fill the void in leadership that has existed for months—maybe years—to push ahead with projects that are vital to our economy and to our progress.

It's time that we put some people to work.

We have plenty of opportunities and we should begin by helping the County and the Port Authority expand and improve public transportation in this community.

For at least three years the Port Authority has been getting the run-around from the City administration.

The Authority's programs have been stalled by a handful of political opportunists and by a group of bureaucrats who seem to take fiendish delight in harassing public

agencies which have the programs, the know-how and funds to make this City great.

It was last February that PAT asked this Council to enact a number of ordinances to advance the construction of the South Busway.

We requested our City departments to produce these ordinances.

We have received nothing but excuses—nothing but evasive answers and double-talk.

Meanwhile, inflation has taken its toll. Unemployment grows in the construction industry and the nation is rapidly closing in on a depression.

The federal funds for rapid transit in the Pittsburgh area are threatened—and we stand a chance of losing them unless we show some positive action by February 12.

I believe that we should introduce the ordinances needed for the South Busway now. We should act now.

We don't need any more information. The Port Authority wants to build a four mile roadway for PAT buses. PAT will maintain that road at its own expense.

The Busway will take 150 buses out of the Liberty Tubes in rush hours. It will expedite transportation for thousands of Pittsburghers every day.

It will ease the movement of thousands of other persons who earn a living in our City, who shop here and patronize our entertainment facilities.

Nearly \$10 million in Federal, State and County funds will go into the paychecks of construction workers and \$6 million in the purchase of supplies and materials for the South Busway.

PAT isn't asking us for a dime in City appropriations. It is willing to pay a fair market value for 13 taxing body properties.

What more do we need? Expert advice from our experts? We have none.

All we have in our City departments are people who have never built anything in

their lives and who have no constructive suggestions but who take sadistic pleasure in turning back the proposals of others.

The arrogance shown by the Mayor's aides in recent months makes me sick. It is an insult to this legislative body.

It smells of the same abuse of power displayed by the Haldeman's and Mitchell's and the others who disrupted our national government and led to our current economic problems.

As I said earlier, we have opportunity to do something to improve our own economic situation.

We can take the actions we have to take to preserve \$300 million in Federal, State and County funds allocated for PAT's rapid transit program.

We can move people around our community better.

We can preserve and create jobs.

These should be Council's goals—and I am ready to move ahead.

Mr. Coyne:

Mr. President, I remember the meeting very well of last February when the Port Authority people came in here and my only question for anyone on Council can stand as—why we have not moved ahead as a Council to introduce the ordinances proposed at that time by the Port Authority officials.

Mr. Mason:

Mr. Coyne, that is precisely what Mr. Caliguiri is after. I happen to know that for the past five or six months we have been pursuing what the status is—we have asked the administration and PAT.

Mr. DePasquale:

Mr. President, we never got the ordinances.

Mr. Mason:

Mr. Caliguiri knows this and he is trying to determine where the administration is at on the legislation for PATway, what they have done with it, if anything.

and even if nothing has been done, why it has not been presented to Council.

Mr. Caliguiri:

If I may, I'd like to answer Mr. Coyne's question. The legislation was put together with all the necessary plans, surveys, data, grade pointing on certain streets, etc. To date, we have requested the administration of the Port Authority to give us this information; however, the Port Authority, after compiling this information, handed it over to the City administration for their consensus and approval of it. This was in the early part of this year. We have been awaiting their approval of the legislation and for the general presentation before City Council. They have not come forward and for what reason we don't know yet.

The Port Authority has requested that this legislation be given back to them by the administration and as yet it has been refused so that we can probably propose, as you have just indicated, that City Council introduce the legislation. This is the reason that I have asked for a public hearing. Bill, so we can find out what is doing with the legislation.

Mr. Coyne:

Mr. President, is there anything wrong with the Port Authority officials handing the legislation to City Council and we can introduce it?

Mr. Caliguiri:

That certainly can be done; however, because all of the original work is now in the hands of the City administration that would mean that all those documents, all that work goes down the drain—sketches, maps, planning—all of this is in the hands of the administration of the City of Pittsburgh and we would have to duplicate it before we could move ahead.

Actually, it would be very difficult for us to implement this without the cooperation of the City administration.

Mr. DePasquale:

It's coming by dog sled or to quote Commissioner Hunt, "use the trolley"—so it's coming by trolley. I just had to say

that about the dog sled but now, I'll say "trolley." You know he thinks that we should resurrect the old rail lines—why we got rid of that system some years back and now he wants to bring it back to the City. We had that when we watched football at the Pitt Stadium.

Mr. Stone:

I share Mr. Coyne's viewpoint and I have no objections on it as I voted for the hearing on this particular matter, but it seems to me that we could avoid a great deal of excess delay to have the public hearing and then, wait, hopefully for the administration to at some time introduce the legislation.

It is my understanding that it has been months since they have had this in their possession. Also, what do we do hope and pray that they might not have some major strike in industry to further delay it.

I would respectfully ask Mr. Caliguiri or the President of Council to ask the Port Authority to re-submit all this information to City Council so that we can have all this for the legislation and this thing can be progressive. One way or the other, we ought to move on it. Ms. Ballinger spoke saying that she might have some words of wisdom and I think that she does—I certainly mean that at this time. I think that we have been dragging our feet as a legislative body—the point is not whether it is sky-bus or rubber wheels or steel wheels or some other way—the point is that any way is better than no way which is the way we are doing it right now. I think we ought to certainly get down to doing something about it. And, with all these delays the costs have increased because of inflation to the point where it is utterly ridiculous. Some program is better than no program, and we are constantly losing our dollars to escalation. Some way would be better than no way.

Mr. Mason:

That's correct—you're right and I agree with you.

Mr. Caliguiri:

My vote is that we schedule this public hearing within the next couple of weeks;

however, my concern here is that after the hearing if Council so desires that we submit the legislation we can do so—but it will mean the duplication of everything we have. And, again, we must really have the cooperation of the administration because without this cooperation they can delay this thing in many ways. One example would be that the City has to first sell us the few pieces of property which are necessary for PATway to move forward. They must vacate certain streets; they must establish certain grading on these streets. So, again, all of these things must go back to the administration. If there is any way possible that we could have just another few weeks to find this out and if they do not then come forward, then, it is going to be delayed to God knows when. I am merely asking Council to just see if with this public hearing we can get this thing off the ground, and, then, somehow introduce the legislation.

Mr. Stone:

I agree with the public hearing but I still join a valid point made by Mr. Coyne—instead of waiting it out to a dead end we must make a stand—if we are going to be a progressive, legislative public body and if we believe that something should be done—then—act on it! If we believe it should not be done—again—act on it! Let's not just talk around and about it! At any rate, let's get going some optional resolution or motion, hear the testimony, then, if we agree, move as a body.

Mr. Caliguiri:

I agree, Mr. Stone. You seem to be saying that what we need is cooperation. I think that Ms. Ballinger makes a valid point—we have been overly patient, overly understanding, we have been overly everything but progressive! That's why I feel it is incumbent on us to have this hearing to bring out what the Port Authority feels the administration is trying to do here.

As I said before, if after the hearing it is the will of Council to introduce the legislation, we can.

Mr. Stone:

How long have we waited now?

Mr. Mason:

This was submitted early in 1974—it's been about 10 months. Let me put this into perspective, Mr. Stone—I, too, have been irritated because this has made no progress. I understand what you are saying, we should have made a move on this long ago, but, let's be honest—we have been talking about this since 1908. Another thing I want to make clear is that the proposal had nothing to do with the Early Action Program and the legislation needed to implement the PATway on Route 51 so you are not confused with these facts—we are not interfering with the Sky Bus argument.

Mr. Stone:

If we get the legislation we can move on it but that doesn't say whether we are disapproving or disapproving it because we didn't move as a body on it. This is a long valid point as a discussion.

Ms. Ballinger:

At the Labor Council Executive Board Meeting I tried to impress on the construction workers who had come to me—and they are mostly heavy construction workers, badly in need of jobs—that they need to start pressuring the administration. I have to agree with Councilman Stone that we should get moving ahead of the ordinance. We should be doing something! This is an opinion of the construction trade, too—we should do something instead of complaining. I tried to impress upon them that we are ready to move and they said that they are going to bombard City Council and I said that the first thing you must do is bombard the Mayor's Office. Now, I don't know what day they are coming but I feel that maybe pressure exerted on the administration by the construction trade will get something done because we have many of these union workers right here in the City administration. This move might be helpful in getting the show on the road again.

Mr. DePasquale:

I'd like to make a comment to Councilwoman Ballinger and that is that a couple of years ago we implored organized labor to take a stand and they refused. Look at us—look at the convention site—they

should have done something to strengthen their position then.

Mr. Mason:

I wouldn't want to see that.

Mr. DePasquale:

That was their business and they just sat on their hands and I am quick to say that they are at fault. I'm glad that they are now going to take some action—it's just too bad that they didn't take that action a couple of years ago and we would not have this situation now.

I might add, in regard to the essence of time, how quickly can we have the hearing because the sooner the better.

Mr. Mason:

If it is not difficult, I would say within the next few weeks. In fact, we might be able to schedule it within the next six or seven days. The only thing that we have facing us that is serious is the discussion of the budget and that is the Chairman's discussion so we should be able to have the hearing within the next seven to nine days.

I have just discussed this with the City Clerk and it seems that the calendar is not clear so we will schedule the hearing within the next 13 to 14 days.

Are there any other motions, resolutions or comments?

Mr. Stone:

On a separate subject, Mr. Chairman. You just mentioned something about the budget and it brings to mind something—we are presently dealing with the Community Block Grant Development Program.

I have begun to notice with the Block Program, as we are talking budget, that all of these things now seem to be in a six year program and they all seem to be dove-tailing. I think this year, more than any other, it is incumbent upon us to get the budget as early as we possibly can. I would, respectfully, request that you, as President of

City Council, request the Mayor of the City of Pittsburgh to give us the Operating Budget as early as possible this year so we may have the benefit of seeing how these things are dove-tailing. If this is not done, I think we may certainly be requested to postpone any final action on the Community Development Block Grant Program because it does have involvement with the Tax Operating Budget. If the administration can present to us this Tax Operating Budget we can keep the presently set deadline of December 1. Now, will it be necessary for me to make a motion?

Mr. Mason:

I don't think so, you have encouraged the Members of this Council to attend this hearing on finance and I might add that because of some of the news releases going out to you we might just as well find out the whole "kit and Kaboodle." You know the people in the community are confused as to what value was placed on their input. They are under the impression, from the news release, that much of their recommendations from a group, as a whole, have not been taken into consideration and that the proceeding will be generally as on the original plan. However, if you want me to send a letter before that, I will.

Mr. Stone:

Only on one point and this is that, we ask to get the Tax Budget earlier. Do you need a motion?

Mr. Mason:

If you want it to be a motion but it is on record here and we can do it by acclamation.

Mr. Stone:

That we requested the Tax Operating Budget earlier.

Mr. Lucchino:

You know you are not going to get—we have done this before.

Mr. Mason:

For the seven years that I have been here, we never get a response to our requests. The point is, we must develop it for records of Council.

Mr. Lucchino:

I don't think you need a motion for it.

Mr. Stone:

If there are no objections to that, then, I would ask that the Chair do that.

Oh, by the way, about this Friday's meeting, we had it incorrect—the Friday meeting is not on housing—the Friday meeting is on the Community Development Block Grant Program in its entirety. It goes beyond housing. It will be the first time that the administration has made it official to Council, as a body. We have made the correction and I think that you have all received your notices today but I just wanted to bring it out just in case the notice slips by you. The Friday meeting covers the Block Grant Program and it will be the first time the administration has presented it to City Council and the community at large. We will discuss things other than housing and what problems are relative for the Block Grant Program and housing. Also, I believe that a question was raised of Mr. Paternoster as to what happened to the applications and he indicated that they have not received a guideline from the federal government. That is the reason that our sub-committee on housing has not com-

pleted their presentation because of the guidelines as they apply to housing portion of it.

The Housing sub-committee has never totally covered it but it has been covered by Council at large that is why I am making it a clear indication at this time.

Mr. Mason:

We shall all try to be here on Friday.

Mr. Caliguiri:

It will be just the administration making the presentation.

Mr. Mason:

Yes.

Mr. Stone moved

That Mr. Lynch be excused for absence from this meeting.

Which motion prevailed.

Mr. Stone moved

That the Minutes of Council of Monday, November 4, 1974, be approved.

Which motion prevailed.

And on motion of Mr. Stone,

Council adjourned.

Mr. Stone:

Mr. President, these four bills which are now before this Council body are here for final action covering 78 new homes within the City of Pittsburgh. I consider housing one of the important, if not the most important thing before the City of Pittsburgh today. While we may have difficult ways of getting housing within the City of Pittsburgh, this is a program which should give a start in that direction.

I would like to just add this bit of remark prior to the passage. These four bills will require the cooperation of the City Administration, City Council, the Urban Redevelopment Authority and the local residents in those particular neighborhoods. It is possible it may have problems in getting completed, but I think with the full cooperation of all those bodies, we may be able to set a pattern where we can get more than 78 new houses within the City of Pittsburgh.

I am hoping everyone will fully cooper-

ate. I think the problem in housing should concern everyone and a moratorium placed on any delay of completion so that we eventually get housing.

The titles of the bills were read and agreed to.

The bills were read on final action.

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Miss Ballinger	Mr. Lucchino
Mr. Caliguiri	Mr. Lynch
Mr. Coyne	Mr. Stone
Mr. DePasquale	Mr. Mason
Mr. Kamyk	(Pres't)

Ayes 9. Noes none.

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Coyne presented

No. 1538. Report of the Committee on Water for November 13, 1974, transmitting one ordinance to Council.

Which was read, received and filed.

Also, with an affirmative recommendation.

Bill No. 1474. An Ordinance entitled, "An Ordinance repealing Ordinance No. 498, approved November 6, 1970, entitled 'Providing for the letting of a contract or contracts for the furnishing and delivery of Meters of various sizes, less trade-ins, for the requirements of the Department of Water, during the year 1971, and providing for the payment thereof.'"

Which was read.

Mr. Stone:

No, on Bill No. 1013. Mr. President, if I may, I would like to make a comment explaining my feelings. This is a bill asking the repeal of an ordinance, wherein, \$173,000 was requested in the year of 1971.

Mr. Mason:

Pardon me?

Mr. Stone:

In 1971, \$173,000 was requested and at that particular time the Administration had a goal to meet. That is why they asked for those funds to be set aside, to accomplish that goal. Not one penny has been spent from the \$173,000 in the year 1971; nothing spent in the year 1972; nothing spent in 1973, nor has anything been done in the present year, 1974.

The action being taken now is to repeal the ordinance and return the money, but the money should have been used in 1971. That is my belief and that is why I register this negative vote. It seems folly for someone to vote on this kind of thing and I would like to see morally that we don't condone leaving money lay for four years and not give the services which were sadly needed over those four years. In that particular aspect of it, I register my negative vote.

Mr. Coyne:

I would like to correct Mr. Stone. It's Bill No. 1474 instead of Bill No. 1013 that is the problem. Also, I would like to point out, as a result of this bill coming before the Finance Committee last Wednesday, that is why I asked the Controller, Mr. McGrady, to be present on Wednesday so we could get a better idea. There are more accounts laying in carryover contracts that were approved by Council. I would like to see if we can't see this practice discontinued and if, in fact, the City structure will allow this to be discontinued. That is the reason for Mr. McGrady's presence or my asking him to be present.

Mr. Mason:

Let me get them correct.

Mr. Coyne:

The Bill is No. 1474.

Mr. Stone:

We are speaking of Bill No. 1474.

Mr. Mason:

Mr. Stone indicated Bill No. 1013.

Mr. Stone:

He just corrected me, but we are all talking about the same bill number.

Mr. Coyne:

The file number is 1013.

Mr. Mason:

We are all speaking of Bill No. 1474. That's what you are speaking to, right Mr. Stone?

Mr. Stone:

Correct.

Mr. DePasquale:

Clarification, the money was approved in 1970 and the meters were installed in 1971 and now they are finally getting paid?

Mr. Mason:

If I understand correctly, there was nothing done with the money from 1971 until the present date.

Mr. DePasquale:

The meters were installed.

Mr. Mason:

They are asking for repeal. I want to make sure I am understanding both you and Mr. Stone.

The Chair would like to make a comment before he casts his vote. I think Mr. Coyne has done a wise thing and certainly I would like to commend him. These carryover items are bookkeeping techniques and can be extremely misleading not only to us as City Councilmen, but to the public at large and leaves a false sense of security. If we can and if it is at all possible, we should minimize these carryovers. I don't think, Mr. Coyne, we can completely eliminate them, but I am voting "Aye" with the provision, that we have Mr. McGrady up and talk with him about this whole matter of carryovers. This has been a bone of contention with me for some time.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and notes were taken, agreeably to law, and were:

MOTIONS AND RESOLUTIONS

Mr. Stone:

Mr. President, if I may, if you will recall on the Community Development Block Grant, we heard from the Administration last week with them giving us a report as they now have it in final form. I feel that it is time we give an opportunity to the citizens of this community to come and give their impressions of the final draft.

I move that a public hearing be set to invite the general public in to have input in the Community Development Block Grant's final draft.

Mr. Lucchino:

Just a matter of procedure are we under motions and resolutions?

Mr. Mason:

Motions and resolutions.

Mr. Lucchino:

I thought it also included; that, it did not have to be community groups?

Mr. Stone:

Yes.

Mr. DePasquale:

Are we eliminating the people from Manchester and the Hill areas?

Mr. Stone:

This is a different one, it's on the \$16.42 million. This is our Community Development Block Grant Program. It is a completely different program and it is a public hearing for the general public.

Which motion prevailed.

Mr. Caliguiri:

Mr. President, this past week in the newspapers we heard rumors or whatever it might be, pertaining to J&L Steel staying or moving out of Pittsburgh. I recognize that the County Commissioners and the Mayor are involved, but I think Council also should make themselves aware of what is going on.

I would like the President of Council to either appoint a delegation or all the members of Council to set up meetings with the executives of J&L Steel so we can be briefed on what is going on.

J&L Steel is one of the largest employers in the City of Pittsburgh and necessary to the City residents. I think it would behoove some of Council to visit with these people to be informed on what is going on and certainly how we could possibly help the employees of J&L Steel or at least get rid of the rumors of the closing of the

plants, especially on the Southside and Hazelwood.

Mr. Stone:

Mr. President, I would like to give these remarks. I wholeheartedly second this. Not too many years ago they laid off 4,000 people in the Southside plant. I find it rather unusual that not one public official tried to protect those 4,000 workers in the City of Pittsburgh. Here we have it, as I understand, again, if I am correct in labeling it, the possible unemployment of thousands. I think it behooves any official on this City Council, City Administration, County and State officials or any governmental official to see what we can do to help. We are spending billions and billions of dollars starting new industry. Why can't we spend money to sustain going concerns? It's one of the largest concerns in the City of Pittsburgh. It might behoove us to do something and I wholeheartedly second that request.

Mr. Coyne:

Mr. President, several months ago, City Council passed the ordinance endorsing the creation of a Department of City Development and I think this is just the appropriate time to point out that one of the functions of that Department would be to try and encourage existing industry to stay in the City of Pittsburgh and to promote the relocation of industry into the City of Pittsburgh. Thank you.

Mr. DePasquale moved

That the Minutes of Council of Tuesday, November 12, 1974, be approved.

Which motion prevailed.

And on motion of Mr. Caliguiri,

Council adjourned.

WHEREAS, in accordance with the terms and provisions of said Ordinance No. 417 of 1972, the Mayor and the Director of the Department of Lands and Buildings of the City of Pittsburgh entered into a Cooperation Agreement with the Urban Redevelopment Authority of Pittsburgh dated October 12, 1972; and

WHEREAS, in accordance with the terms and provisions of said Neighborhood Housing Fund Cooperation Agreement, the Urban Redevelopment Authority of Pittsburgh must obtain the approval of the Council of the City of Pittsburgh prior to the acquisition of any vacant and improved real property; and

WHEREAS, the Urban Redevelopment Authority of Pittsburgh, in accordance with the terms and conditions of said Cooperation Agreement desires to acquire publicly owned property in the 19th Ward of the City of Pittsburgh designated in the Deed Registry Office of Allegheny County as Block 6B, Lot No. 93 for the sum of \$1.00 plus all necessary and incidental expenses in connection with such acquisition; and

WHEREAS, the Council of the City of Pittsburgh believes that the aforesaid acquisition of said public property by Urban Redevelopment Authority of Pittsburgh will effectuate the purposes and provisions of the said Neighborhood Housing Fund Cooperation Agreement and desires to give approval to the acquisition by Urban Redevelopment Authority of Pittsburgh

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Pittsburgh as follows:

That the Urban Redevelopment Authority of Pittsburgh, in accordance with the purposes and provisions of the Neighborhood Housing Fund Cooperation Agreement dated October 12, 1972, between said Authority and the City of Pittsburgh be and is hereby authorized to acquire, for the sum of \$1.00, plus all necessary and incidental expenses in connection with such acquisition, all of the City's right, title and interest, if any, in and to the publicly owned property in the 19th Ward of the City of Pittsburgh designated in the Deed Registry Office of Allegheny County as Block 6-B, Lot No. 93 - Grandview Avenue; and

BE IT FURTHER RESOLVED that the Urban Redevelopment Authority of Pittsburgh is authorized to incur said necessary and incidental expenses in connection with said acquisition as allowed under the Neighborhood Housing Fund Cooperation Agreement, all of which sums shall be paid out of the monies of the Neighborhood Housing Fund.

Bill No. 1514. An Ordinance entitled, "An Ordinance providing for a discount in admission charges to the Schenley Park and South Side Skating Rinks for residents of the City of Pittsburgh."

Which was read.

Mr. Stone:

Mr. Chairman, on Bill No. 1514, I am going to vote "yes" for this Bill because I agree with the idea in principle; but, I think it is somewhat misleading to say that there is going to be a discount given to city residents who will be the attendees of the South Side Skating Rink and the attendees over at the Schenley Park Skating Rink, when, in fact, the city residents' fees have already been set.

What it really is, is an increase in the admission price to non-city residents who will be using these facilities. I wanted to bring this out because I do agree with the idea in principle but the language is incorrect and, therefore, I find it misleading. For, in fact, there will be no discount offered in the price of admission to city residents but rather an increase in admission will be charged to the non-city residents.

Mr. Mason:

Mr. Stone, we thank you for your remarks and I am sure that they have been fully recorded as such.

Mr. Coyne:

I'd like the records to show that I am voting "no" on Bill No. 1514 and a vote of "yes" on Bill No. 1533.

Mr. Stone:

I'm voting "aye" on Bill No. 1514 but I want the issuance of my previous remarks noted.

MOTIONS AND RESOLUTIONS

Mr. Stone presented

Bill No. 1618. WHEREAS, according to history, the French forces did on November 24, 1758, abandon Fort Duquesne, and

WHEREAS, General Forbes and a large British armed force were marching to lay siege to the Fort; and

WHEREAS, the advance forces of General Forbes arrived and took possession of the burning Fort Duquesne and the Forks, the afternoon of November 25, 1758; and

WHEREAS, General Forbes did arrive and re-named the site in honor of William Pitt; and

WHEREAS, the growing town and the surrounding area was subsequently named Pittsburgh; and

WHEREAS, some historians note the beginning of Pittsburgh from that date.

NOW, THEREFORE, Be it

RESOLVED, that the twenty-fifth day of November, 1974, be noted as the two hundred and sixteenth birthday of Fort Pitt, and the beginning of another portion of the Bicentennial celebration of Pittsburgh and the County of Allegheny.

Which was read.

Mr. Stone:

Prior to my coming here today, I attended a ceremony down at the Fort Pitt Museum at 11:30 a.m., to kick-off the celebration of the 216th birthday of the City of Pittsburgh.

The Mayor and representatives of his office along with the County Commissioners were in attendance there today.

They are going to begin the coming bicentennial celebration with the "Poster Boy", whose picture I have here, Mr. John Moore. John is a fifer with the Fort Pitt Museum's Royal American Regiment. I think it is interesting to see that we have here, within the City of Pittsburgh, volunteer young men who are going to take a part in the bicentennial celebration that marks the beginning of our City.

It was just fortunate that the young boy selected as the "Poster Boy" just happens to have celebrated his 12th birthday today.

There is going to be a great deal of coverage on this — nationwide — and I feel that we should take this as an early opportunity — and I say "we", City Council as a legislative body — to now begin considering the fact that in 1976 we will be celebrating the 200th Anniversary of the United States of America. You know a lot of the early history of this country started right here in Pittsburgh and we should face up to it at budget time and appropriate funds now in order to determine the future of this City's functions in carrying out our needs for the Anniversary.

Mr. Stone moved

That the resolution be adopted.

Which motion prevailed.

Mr. Lynch:

I am informed by the newspapers, although not by any official sources, as one might expect, that the Mayor's proposed budget for 1975 will total about 119 million dollars. This figure, I understand, will include all mandated increases for City employees represented by various union groups. His budget takes into account what the Mayor estimates to be a 12 million dollar surplus.

Furthermore, I am given to understand that the Mayor proposes a wage increase of 5% for those employees who are not represented in collective bargaining. These employees currently comprise about 10% of the City's total work force.

I have several serious objections to this proposed budget and the Mayor's

tactics of releasing his figures in advance, compel me to state these objections clearly;

1. The Mayor's estimate of surplus is seriously understated. The fact is that the budget surplus for 1974 is at least 15 million dollars. As Finance Chairman, I made this projection some weeks ago and my projections are as conservatively calculated as possible. As a matter of fact, the surplus could very well exceed 22 million dollars if we want to make estimates based on current fiscal commitments without any allowance for unusual or excessive city expenses.

While it is always pleasant to contemplate a budget surplus, it does give rise to the question of whether the citizens of Pittsburgh have been overtaxed to an extent not consistent with responsible government. This question has been raised by members of the news media as well as numerous civic groups and private citizens who are concerned with the ability of our City to meet its commitments, not only fiscally, but in terms of the nominal services necessary for police protection, fire protection, as well as the very essential services in the area of social needs which were contemplated with the institution of Federal Revenue Sharing.

For these reasons I cannot allow the Mayor to once again understate the City's financial position in order to create an environment where he can appear to be a fiscal wizard when in fact the money is, and has been, in the City coffers all along.

2. It has become politically fashionable in recent years to denigrate and demean the City career municipal worker. There are those who refer to City career employees as "payrollers" as though these people were somehow on a public dole and had no right to a living wage nor any reason to expect the opportunity for an improved quality of life that we all seek. Contrary to this picture of municipal employees painted by some, it is my experience after close observation that the vast majority of career municipal employees are not "on the public dole" but are conscientious and dedicated people who have dedicated themselves to local government in exchange for the security it offers and a rea-

sonable standard of living. In the interests of a few cheap news stories about "austerity" and "getting rid of the deadwood", these people have been cruelly and unconscionably misused.

My own cursory review of the salary range of City employees of a non-supervisory nature, and not represented by collective bargaining, reveals median income of less than \$8,800.00 annually. This income level is simply not acceptable to a reasonable person in this day of skyrocketing living costs.

I conclude, therefore, that the Mayor's proposed increase of 5% is wholly inadequate and I urge an increase of at least 10% for this group of employees. To whatever extent I am able, I intend to insist on an increase of this size for these employees.

3. One other group of persons who are constant and unwitting victims of our rampaging economy are those retired employees who are on fixed pensions and who are not adequately represented in collective bargaining.

I am convinced that these people should have in their pensions a "cost of living" clause based upon the consumer price index or some other reasonable statistical yardstick, which will give them a fighting chance to maintain a minimal standard of living and protect them from becoming victims of whatever political opportunist may come into vogue. I intend, at an early date and after proper deliberation, to introduce legislation to provide such a cost of living clause in our pension funds.

I am firmly convinced that these simple but responsible steps can be accomplished without undue strain upon our public resources and can, in fact, allow the opportunity for a continued surplus but of a more reasonable size.

Mr. DePasquale:

Mr. President, I don't know if you would want to put this under suggestions, remarks, resolutions or motions—but, the editorial that I read in this morning's Post Gazette rather disturbed me as regards the Convention Center. I can understand why the public is confused; ac-

cording to the article I read we have not yet chosen a site for the Convention Center. Now, I don't like to rehash old stories of 1972 and I know the City Council is no jewel but the Mayor chose the same site that we choose and for the very same reasons and that is because it is a much smaller site than the site chosen back in 1972.

Like most Members of Council, I am not happy about the size and I impressed that on everyone that would listen—but I am of the opinion that a smaller Convention Center is better than none at all.

My request is that the Mayor please forward to us the legislation, as soon as possible, so we can vote it either up or down. The way it is now right now, hanging in mid-air with no one doing anything is not the answer. God, we need a Convention Center and we need it badly. I know it is not quite the size we wanted but, again, at the same time it is better than nothing. So, please, Mr. Chairman, ask the Mayor to forward the legislation so we can vote on it.

Mr. Mason:

I'll be only too happy to do that, Mr. DePasquale. I'd like to make a comment on the insignificance of such phraseology and terminology that has come out of the administrative offices. This thing has been bounced back and forth like a rubber ball and I have come to the position that I fought for it all along and I have wondered how it would end as far as the Mayor's position. You and I well remem-

ber that this site had been located on the Southside and now he has set up a committee. We wanted the site and it was there all they did was repeat what had been done and reduce the size.

I don't know what Council thinks as a body but I have to be clear — let's get this thing started at some given point so we can get it off the ground and there will be ample opportunity to make additions to it. Architecturally, if the structure proves to be too small a size we can add to it at a minimum cost.

Mr. DePasquale:

Well, the article really behooved me. I realize it was meant well. By the way, the article called for another public hearing and I honestly can't see what the purpose of another public hearing could serve. I think we should avoid it, if it is at all possible.

Mr. DePasquale moved

That Miss Ballinger be excused for absence from this meeting.

Which motion prevailed.

Mr. Caliguiri moved

That the Minutes of Council of Monday, November 18, 1974, be approved.

Which motion prevailed.

And on motion of Mr. Caliguiri,

Council adjourned.

ONE HUNDRED EIGHTEENTH COUNCIL

LOUIS MASON, JR.President
LOUIS C. DINARDOCity Clerk
MICHAEL A. PERRYAss't. City Clerk

Pittsburgh, Pa.

Monday, December 2, 1974

Present:

Mr. Caliguiri	Mr. Lucchino
Mr. Coyne	Mr. Lynch
Mr. DePasquale	Mr. Stone
Mr. Kamyk	Mr. Mason

Absent:

Miss Ballinger

The meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all.

Mr. Mason:

The first order of business is the presentation of the Budget by the Honorable Peter Francis Flaherty. Will Mr.

Kamyk and Mr. Coyne escort the Mayor to the podium.

The Honorable Peter Francis Flaherty.

Mayor Flaherty:

Thank you, Mr. President. Members of Council, City Controller, Mr. McGrady, Directors, Ladies and gentlemen, I am delighted to see so many of you waded through the snow to get here for the annual State of the City message.

A REPORT TO THE PEOPLE

In many ways, the 1975 operating budget I am presenting today reflects the harsh economic realities of our times and the determined efforts of this Administration to deal with them in an effective and responsible manner.

Inflation continues to erode the nation's economy and no one can escape its impact.

In preparing this budget we encountered problems similar to those confronting Pittsburgh wage-earners and home-makers today.

Just as they are trying desperately to adjust family budgets and stretch their dollars to meet escalating living costs so too are we in City government deeply concerned with the effect of inflation on the city budget.

It is taking its toll in many ways on City revenues—in utility rate increases, in gas and oil, chemicals, equipment and supplies.

Every family has been hit hard by sharp increases in utility bills. So also has City government.

For example in 1974, the City appropri-

ated \$2.6 million for electricity costs. Next year we are appropriating \$3.6 million—an increase of \$1 million. And, if Duquesne Light is granted its full request for 28½ percent increase in 1975 it will add another \$500,000 to our bill—and that will be for only part of 1975. Most of the 1975 increase will be for street lighting—approximately \$650,000. This past year the City completed its city-wide installation of new street lights—1500 in the neighborhoods and 500 Downtown. While our kilowatt hour usage for these new lights increased only five percent our street lighting bill soared 51 percent.

Blue Cross and Bell Telephone have recently requested large rate increases which will also affect our 1975 budget. The City will budget \$2.6 million for Blue Cross and Blue Shield in 1975. If the Blue Cross increase is granted it will cost the City approximately \$650,000 more to provide Blue Cross benefits next year.

We will strongly oppose these rate increases on behalf of the City and on behalf of the residents as well.

A year ago we could buy new police cars for \$2,600. This year we are paying \$3,200 and for smaller cars.

The cost of fire pumbers is up from \$43,000 to \$61,000.

To keep the City's automotive equipment rolling for a year requires a million and a half gallons of gasoline. That cost has sky rocketed 150 percent—in 1972 our fuel costs were \$220,000 and in 1974 they were \$446,000 and our appropriation for 1975 is \$535,000.

The cost for refuse disposal will be up \$190,000 in 1975 and the contract for collecting the North Side's refuse will increase \$63,000 next year.

I could read off a laundry list of cost figures—all dramatizing the inescapable fact that inflation has become a costly factor in City budgeting.

Despite the impact of inflation we have been able to hold the line on taxes since 1970 and we will close 1974 with a \$12.9 million surplus.

And, despite substantial mandated and other increased costs in 1975—I am presenting a balanced budget requiring no tax increases.

This is the fifth consecutive year that we have held the line on taxes while continuing to improve municipal services.

In a period of high inflation, this could only be accomplished through significant improvements in the efficiency in government operations.

This past year this Administration has moved forward in almost every area of municipal services.

In its role as consumer advocate, the City opposed and took legal action in rate increases sought by practically every utility serving this community, including Equitable Gas, Duquesne Light, Western Pennsylvania Water, Allegheny Steam Heating and Bell Telephone.

Pittsburgh has been fortunate so far during the national economic recession in that unemployment has not been rising as dramatically here as in other parts of the country.

The City, however, is prepared to meet the challenges of any further deterioration in employment. Our Public Employment Programs, which now provide jobs to over 400 unemployed city residents are being expanded with additional federal funds to create 200 new jobs.

The City has also received a grant of over \$7.4 million to provide job training programs and social services to Pittsburgh's unemployed. Through this grant the City will be providing both training and placement services to its residents.

Hopefully, the nation-wide coal strike will have only a temporary effect on the steel industry and full production will resume when a coal settlement is reached. I met recently with union and company officials of Jones and Laughlin Steel Corporation to discuss the plans of J&L on revitalization of its Pittsburgh Works and will continue to work with officials of labor and management in their efforts to revitalize the Pittsburgh Works.

Pittsburgh increased its housing output in 1974 in spite of record high interest rates and the Federal moratorium on housing programs.

This past year 487 housing units were built in the City compared to 202 units in 1973—an increase of 125 percent.

Gains were made in many other areas housing—

... The City has completed and filed with HUD an application to construct 195 housing units in Glen Hazel. This will be in addition to the Glen Hazel Hi-Rise which is expected to be ready for occupancy next May.

... The Urban Redevelopment Authority and City Council have approved 137 units of housing which soon will be under construction under the City's \$7.2 million Neighborhood Housing Program. This program launched in 1974, is expected to provide up to 700 units of new housing in the Hill District, Manchester, Garfield and Homewood.

... The City Planning Department approved over 1,263 units of new construction in 1974 and most of these units will be in construction next year.

... The City has created a city-wide Home Repair Loan Program to provide low interest, long-term loans to Pittsburgh home-owners for repairs and upgrading their homes. Up to 5,000 home-owners will be directly aided by the program which will create jobs and aid small businesses in the City.

... Tax abatement legislation is now in effect for rehabilitation and improvements on existing housing which grants a three year grace period on taxing home improvements.

This past year I proposed that the State provide enabling legislation for abatement of taxes for a three year period on new residential construction.

In a time of inflation and rising government costs, it is sometimes difficult to provide new programs and services. In some areas next year, however, we will be charting new ground.

The new Federal Community Development Block Grant program will provide some of the financial resources we need.

These funds, totaling \$16.4 million, will permit us to support, with public improvements, the private investment made by home-owners. We intend to provide for the demolition of dilapidated structures, expand our street tree planting, strengthen our Code Enforcement efforts and maintain public property in our neighborhoods. We also intend to provide supportive neighborhood capital improvements. We also have created a low-interest loan fund to help neighborhood businessmen improve their property.

Legislation authorizing an application for Community Block Grant funds is now before City Council. I urge that it receive high priority so that we may submit the application before the end of 1974.

When I first took office, I found a tremendous backlog of "deferred maintenance" of public facilities in our neighborhoods. I believe we have largely overcome that backlog and our neighborhood playgrounds, parks, streets, lighting and water lines are in better shape today than they have been in decades.

In order to continue these efforts, I am recommending a \$48 million Capital Improvement Program for 1975. Only \$12 million, or one-fourth of this amount, will have to be raised by local borrowing, and most of the remainder will come from Federal and State funding.

Included in this program will be:

... Over \$5 million for street improvements.

... Over \$1 million in bridge rehabilitation.

... \$600,000 for rebuilding two old fire stations.

... Nearly \$4 million in recreation improvements.

Over the past five years we have placed considerable emphasis on street maintenance and repair. As a result we have increased the number of miles of streets re-

paved or reconstructed from an annual average of 12 miles in the period of 1964-1968 to record totals of 30 miles in 1973 and 40 miles in 1974.

While refuse collections have improved significantly over the past five years, we are looking for better ways to dispose of our refuse in the future. In 1975, we will submit a formal solid waste disposal plan to the State which will involve the development of an innovative system that will dispose of all City refuse and convert it into electrical energy.

One out of every five city residents is over the age of 60. They are being hit extremely hard by inflation. It is important that we recognize their needs.

Between 1969 and 1974, the City increased its expenditures for programs for the elderly from \$50,000 to \$250,000. This past year, the City operated 17 full-time senior citizen centers providing diversified programs for more than 2,000 elderly citizens participating on a regular basis. The new Allegheny Community Senior Citizens Center opened this past summer and two more are scheduled to open early next year.

Next year I am proposing the creation of a city-wide system of Senior Citizen Service Centers. We will use over \$1 million available through the new Community Block Grant program to modernize 15 existing buildings throughout the City for this purpose. We will apply for over \$1 million in federal funds under the Social Security Act and the Older American Act to operate these centers, providing recreational, educational, referral and meal services.

To further assist our elderly citizens, the Pittsburgh Housing Authority has expanded its Social Services Program to include all public housing communities for the elderly and opened eight dining rooms which serve some 800 meals per day.

And through a federal grant the Authority has placed 50 security guards in apartments for the elderly and installed a closed circuit TV monitoring system in the apartments to provide 24-hour a day security, seven days a week.

The City has received national recogni-

tion as one of the nation's safest cities. Between 1969 and 1974 the City's major crime rate was reduced by 33-1/3 percent.

Police manpower will be maintained at an optimum level of 1,500 officers and we expect to hire and train a group of police in 1975 to keep the force at that level. Pittsburgh has a ratio of over 3.1 policemen per thousand population—one of the highest ratings for City's of comparable size. In recent years, some 100 police who had been assigned to clerical duties were returned to street duty. They were replaced with civilians, many of them Vietnam veterans.

A particularly sensitive police problem over the years has been the handling of chronic alcoholics. Under a special federal grant, a Public Inebriate Program will be implemented to rehabilitate alcoholics.

As part of the City's continuing program to modernize its Fire Bureau, two fire stations are in the final stages of construction—in the Hill District and at 40th Street and Penn Avenue in Lawrenceville—and we are in the process of purchasing sites for two additional fire stations.

Overall, 111 firemen were sworn in this year to bring the Bureau up to its optimum strength. Pittsburgh has a ratio of two firemen per thousand population—comparable to or above most major cities in the country.

The City is also planning to improve all police and fire call box systems to provide quicker response to police and fire emergencies.

The City's two new ice-skating rinks located in Schenley and Southside Parks will open soon to provide a new and exciting dimension to the City's winter recreation program.

For the first time since 1954, two new swimming pools were opened in the City—in Sheraden and Allegheny Commons. A third will open this summer in Lawrenceville and design work is being completed on three more with construction scheduled for 1975.

To meet increased demands for tennis, the City built 13 new tennis courts this past

year and plans for 1975 include construction of 25 more courts—bringing the total in the City to 110.

New mercury vapor lighting was installed in 15 major ballfields this year and new lighting is planned in 1975 for other ballfields, courts and playgrounds to increase night time sports programming and activities.

During the past three years the City has initiated an \$11 million dollar TOPICS effort to improve the capacity and safety of our streets and intersections and the highway building program provides over \$32 million for arterial street improvements in the City over the next six years.

Last March I appointed a Convention Advisory Committee to recommend the most economic and feasible site for a Convention Center. The Committee of business leaders and public officials made sound recommendations and I have asked the State to move forward on this project.

The Urban Redevelopment Authority of Pittsburgh has sold industrial and commercial land valued at \$2.7 million which should create development investments in industrial-commercial transactions amounting to \$25 million. Associated with such developments will be an estimated 2,000 new or retained jobs.

The URA has presently under negotiations land sales in excess of \$13 million which should be completed in 1975. These sales should bring development investments of over \$19 million and add or save more than 300 jobs in the Pittsburgh area.

The St. Francis Medical-Complex Garage was opened this year providing 885 parking spaces to relieve some of the congestion and parking problems in the Lawrenceville-Bloomfield area. Doctors' offices and commercial-retail shops in the complex will be opened in 1975.

The Highland-Ellsworth lot in East Liberty was also opened, providing 110 parking spaces and a 34 space lot is scheduled for construction in the Mt. Washington-Shiloh Street area next year.

The Pittsburgh Model Cities Program, through its economic development pro-

gram is funding \$550,000 of the cost of a \$1.8 million shopping complex in the Hill District. The Kay's Boys Club, Paul Younger Center and Centre Avenue YMCA were completely renovated this year. These Model Cities projects cost \$700,000.

During the past year nearly \$4 million was allocated for improvements to the City's water system. It should be noted that despite increased labor and material costs, our water rates have not increased the past five years. I am proposing none for 1975 while other local water companies and the Allegheny County Sanitary Authority have indicated substantial rate increases for 1975.

Besides the impact of inflation, wage increases will also affect the 1975 Budget. All of our uniformed employees are covered for salary and fringes through 1975. In addition, 90 percent of our non-uniformed employees are covered by existing collective bargaining agreements for wages and fringe benefits through 1975. Less than 10 percent of our work force is not yet covered for 1975.

I am recommending a five percent salary increase for all employees not covered by collective bargaining agreements. These increases, together with the costs of mandated increases for police officers, firefighters and employees covered by collective bargaining contracts, will add over \$4.2 million to the budget in 1975.

Although we have managed a year-end surplus of \$12.9 million it will not be sufficient to provide the funds necessary to balance the 1975 budget.

Therefore, I am requesting that the Sinking Fund Commission take action to use \$500,000 from the Sinking Fund to retire debt and thereby relieve this burden from the 1975 budget requirements.

The budget I am presenting totals \$118,304,184.

It is a budget that will sustain the efficient government to which the people of Pittsburgh have become accustomed over the past five years.

It is a budget that will continue to give

the people a full measure of service for each tax dollar.

It is a budget that recommends no tax increase, and yet seeks to maintain and expand our services.

In these inflationary times, that's a mighty big task.

But that's the goal that this Administration has committed itself to in 1975 and with the continued cooperation and support of the people we will make it.

Mr. Mason:

We will allow three minutes for those who wish to retire and who do not want to stay for the conducting of our usual business.

The recessed meeting will come to order.
